Transitional Jurisprudence and the ECHR Antoine Buyse, Michael Hamilton, 2011-08-11 The European Convention on Human Rights has been a standard setting text for transitions to peace and democracy in states throughout Europe This book analyses the content role and effects of the jurisprudence of the European Court relating to societies in transition It features a wide range of transitional challenges from killings by security forces in Northern Ireland to property restitution in East Central Europe and from political upheaval in the Balkans to the position of religious minorities and Roma Has the European Court developed a specific transitional jurisprudence How do politics affect the ways in which the Court's judgments are implemented Does the Court's case law itself become woven into narratives of struggle in transitional societies This book seeks to answer these questions by highlighting the unique role of Europe's main guardian of human rights the Court in Strasbourg It includes a comparison with the Inter American and African human rights systems

*Poetry, Politics, and the Law in Modern Ireland* Adam Hanna, 2022-09-06 Poetry Politics and the Law in Modern Ireland is a richly detailed exploration of how modern Irish poetry has been shaped by and responded to the laws judgments and constitutions of both of the island's jurisdictions Focusing on poets responses in their writing to such contentious legal issues as partition censorship paramilitarism and the curtailment of women's reproductive and other rights this monograph is the first in the growing field of law and literature to focus exclusively on modern Ireland Hanna unpacks the legal engagements of both major and non canonical poets from every decade between the 1920s and the present day including Rhoda Coghill Austin Clarke Paul Durcan Elaine Feeney Miriam Gamble Seamus Heaney Thomas Kinsella Paula Meehan Julie Morrissey Doireann Ní Ghríofa and W B Yeats Poetry from the time of independence onward has been shaped by two opposing forces On the one hand the Irish public has traditionally had strong expectations that poets offer a dissenting counter discourse to official sources of law On the other hand poets have more recently expressed skepticism about the ethics of speaking for others and about the adequacy of art in performing a public role Hanna's fascinating study illuminates the poetry that arises from these antithetical modern conditions

**GiB** Jack Mitchell, 1990 **Don't Mention the War** David Miller, 1994-10-20 The media has told us for over twenty five years that the conflict in Northern Ireland is irrational and has no objective social basis The role of the British Army in Northern Ireland is still described as a peacekeeping one the cause of the troubles as terrorism Yet even in the light of the peace initiatives many people in Britain and abroad know little about the war that has not been called a war Why is this so Don't Mention the War explains some of the fundamental reasons why there is such a dearth of knowledge and concern about Northern Ireland and how the problem has been defined both publicly and politically Miller argues that the central strategy of the British state since 1969 has been to contain the troubles and bring about a return to normal In pursuing this argument Miller examines the strategies and tactics used by the British government the nationalists the unionists and others to influence perceptions and ideas about the conflict through press statements and other

information management activities This is a unique and timely work based on over 100 interviews with journalists government officials political activists and politicians which lays bare the lies of the propagandists and paints a disturbing picture of the success of the media managers in manipulating our perception of the conflict in Northern Ireland **The Irish Review** ,2000 **Unfinished Business** Bill Rolston,Mairead Gilmartin,2000 Over the period of conflict in Northern Ireland most victims of state sponsored murder have been unable to gain justice and their demise is soon forgotten These stories describe the awful truth of how the police and army get away with murder *Irish Publishing Record* ,1992
