## **Gift And The Promise:**

**Law 101** Jay M. Feinman, 2000 Perhaps most important we learn that law is voluminous and complex but accessible to everyone **BOOK JACKET** **Contract as Promise** Charles Fried, 2015 Contract as Promise is a study of the foundations and structure of contract law It has both theoretical and pedagogic purposes It moves from trust to promise to the nuts and bolts of contract law The author shows that contract law has an underlying unifying moral and practical structure This second edition retains the original text and includes a new Preface It also includes a lengthy postscript that takes account of scholarly and practical developments in the field over the last thirty years especially the large and rich law and economics literature *Gifts* Richard Hyland, 2009-06-05 B*Gifts* A Study in Comparative Law is the first broad based study of the law governing the giving and revocation of gifts ever attempted By observing the social and customary norms of gift giving within internal and external legal parameters Professor Richard Hyland observes with both legal and civil clarity the ways in which different civil and common law jurisdictions confront common issues **The Bow of Promise** George D. Elderkin, Charles Cardwell McCabe, John R. Sweney, William James Kirkpatrick, F. A. Hardin, 1898 **Corpus Juris, Being a Complete and Systematic Statement of the Whole Body of the Law as Embodied in and Developed by All Reported Decisions** William Mack, William Benjamin Hale, 1922 **The Enforceability of Promises in European Contract Law** James Gordley, 2001-07-12 Civil law and common law systems are held to enforce promises differently civil law in principle will enforce any promise while common law will enforce only those with consideration In that respect modern civil law supposedly differs from the Roman law from which it descended where a promise was enforced depending on the type of contract the parties had made This 2001 volume is concerned with the extent to which these characterizations are true and how these and other differences affect the enforceability of promises Beginning with a concise history of these distinctions the volume then considers how twelve European legal systems would deal with fifteen concrete situations Finally a comparative section considers why legal systems enforce certain promises and not others and what promises should be enforced This is the second completed project of The Common Core of European Private Law launched at the University of Trento **The Dignity of Commerce** Nathan B. Oman, 2017-01-19 Why should the law care about enforcing contracts We tend to think of a contract as the legal embodiment of a moral obligation to keep a promise When two parties enter into a transaction they are obligated as moral beings to play out the transaction in the way that both parties expect But this overlooks a broader understanding of the moral possibilities of the market Just as Shakespeare's Shylock can stand on his contract with Antonio not because Antonio is bound by honor but because the enforcement of contracts is seen as important to maintaining a kind of social arrangement today's contracts serve a fundamental role in the functioning of society With *The Dignity of Commerce* Nathan B. Oman argues persuasively that well functioning markets are morally desirable in and of themselves and thus a fit object of protection through contract law Markets Oman shows are about more than simple

economic efficiency To do business with others we must demonstrate understanding of and satisfy their needs This ability to see the world from another's point of view inculcates key virtues that support a liberal society Markets also provide a context in which people can peacefully cooperate in the absence of political religious or ideological agreement Finally the material prosperity generated by commerce has an ameliorative effect on a host of social ills from racial discrimination to environmental destruction The first book to place the moral status of the market at the center of the justification for contract law The Dignity of Commerce is sure to elicit serious discussion about this central area of legal studies     **Criminal Law and Procedure in New Jersey Including the Subjects of Disorderly Persons and Bastardy** Clifford Lee Newman, 1926
