The Gift of Awakening Raphael Zernoff, 2014-08-31 The book gives the reader an opportunity to discover that everything in life can be seen as a positive synchronicity of events It is a perception that recognises one s life as a harmonious flow which always leads to a greater degree of self understanding The experience of becoming more self aware is often referred to as awakening This is why the book is entitled The Gift of Awakening When we allow ourselves to work on self awareness we embrace the greatest of all gifts which is knowledge and understanding These two are necessary to practice self love Only through self love we can truly appreciate others and everything around us The world is never being changed through the idea of changing others The lasting change always begins with our selves

An Awakening Within Jeffrey Alan Hall, 2002-02-11 If there is to be an awakening it must be with in us within each of our souls for that is the only place that true and lasting change can occur We must awaken to the wonderful possibilities of what we can become as one world and not focus on what we have been as separate nations We must awaken to the things we are for the things that unite us as a planet and not dwell on what we are against by drawing lines in the sand We must awaken to the power of the God force and allow it to lead our collective consciousness to a new and higher way of being We must awaken to the power of love Jeffrey Alan Hall From An Awakening Within
