Gift Of Change:

The Gift of Change Marianne Williamson, 2004-11-09 Bestselling author of *Return to Love* and *Law of Divine Compensation* Marianne Williamson shows people how to live without fear or worry in *The Gift of Change* The time in which we now live is more difficult and stressful than people are willing to admit We live with an abiding sense of collective anxiety Williamson shows how we are paralyzed in our current state of fear and anger because we are not facing and dealing with the true causes of our anxieties and fears Williamson reveals that fear and worry do not need to be the only tools in our tool box for dealing with problems in the world As we learn to trust God and the love that surrounds us and guides us we will see that what causes us pain is an opportunity for growth healing and miracles that can transform us and our world Williamson delivers hope and healing as she illuminates ten basic changes that each of us can make as we learn to view the world through the eyes of love instead of fear *Marriage Gifts and Social Change in Ancient Palestine* T. M. Lemos, 2010-03-31 In *Marriage Gifts and Social Change in Ancient Palestine* T M Lemos traces changes in the marriage customs of ancient Palestine over the course of several hundred years The most important of these changes was a shift in emphasis from bridewealth to dowry the latter of which clearly predominated in the Hellenistic and Roman periods Whereas previous scholarship has often attributed these shifts to the influence of foreign groups Lemos connects them instead with a transformation that occurred in Palestine's social structure during the very same period In the early Iron Age Israel was a kinship based society with a subsistence economy but as the centuries passed it became increasingly complex and developed marked divisions between rich and poor At the same time the importance of its kinship groups waned greatly Utilizing an interdisciplinary approach that draws heavily on anthropological research cultural theory archaeological evidence and historical critical methods Lemos posits that shifts in marriage customs were directly related to these wider social changes

The Gifts Of Change Nancy Christie, 2008-06-30 Change is an ever present part of our personal and professional lives It is not something to be tolerated endured or adapted to Rather change is to be embraced welcomed and regarded as an opportunity to gain a new perspective Like a plow that tills the soil events and conditions whether unexpected or planned turn our lives inside out and upside down and give us the chance to grow stronger *The Gifts of Change* encourages readers to push beyond self imposed boundaries using the changes that come into their lives as a way to develop new abilities as well as find those that have lain dormant *The Gifts of Change* will provoke thought encourage reflection and create an enhanced awareness in readers and along the way it can ignite physical mental emotional and spiritual growth Writer essayist and entrepreneur change master Nancy Christie uses her own experiences with change as a basis for her writing and workshops Her work has appeared in *Woman's Day* *Better Homes Gardens* *Tai Chi Magazine* and other publications frequently focusing on identifying opportunities for personal development in everyday life **Remittances as Social Practices and Agents of Change** Silke Meyer, Claudius Ströhle, 2023-08-31 This open access book explores the transformative effects of remittances

Remittances are conceptualized as flows of money objects ideas traditions and symbolic capital mapping out a cross border space in which people live work and communicate with multiple belongings By doing so they effect social change both in places of origin and destination However their power to improve individual living conditions and community infrastructure mainly results from global inequality Hence we challenge the remittance mantra and go beyond the migration development nexus by revealing dependencies and frictions in remittance relations Remittances are thus scrutinized in their effects on both social cohesion and social rupture By highlighting the transformative effects of remittance in the context of conflict climate change and the postcolonial we shed light on the future of transnational society Presenting empirical case studies from Ghana Burkina Faso Sri Lanka New Zealand Turkey Lebanon USA Japan and various European countries as well as historical North America and the Habsburg Empire we explore remittance relations from a range of disciplines including anthropology sociology history design architecture governance and peace studies

Choices That Change Lives Hal Urban, 2006-01-03 Hal Urban author of the much loved bestsellers *Life's Greatest Lessons* and *Positive Words* *Powerful Results* gives us his third book of inspirational and practical wisdom on leading a more meaningful and more joyful life With *Choices That Change Lives* Hal reminds us that our lives are the result of our choices and the most important choices we make become our character traits the ones that lead to fulfillment and peace of mind He illuminates fifteen character traits that help us more fully develop our capacity to live rich and rewarding lives He assures us that it's never too late to change to break the chains of self defeating attitudes and habits and challenges us to dig a little deeper to grow in such qualities as humility patience empathy and courage and to renew ourselves daily

Baptism in Times of Change Harald Hegstad, Steinunn Arnþrúður Björnsdóttir, Magnus Evertsson, Jonas Adelin Jorgensen, Jyri Komulainen, 2025-04-10 What happened to baptism in Nordic countries Traditionally most newborns were baptized into the Lutheran majority churches The rapid decline of this practice in recent decades has sparked reflection on the church's role in society and on the cultural and theological meaning of

baptism in a secularized society The decline of infant baptism has made way for new practices and ecclesial strategies This book analyzes these developments from historical social scientific and theological perspectives comparing material from the five Nordic Lutheran folk churches The essays gathered here provide an extensive overview of research and resources connected to baptism in the Nordic folk churches over the last two decades but they also contribute constructive theological reflection on baptism s wider implications This anthology emerged from the larger joint Nordic project Baptism in Times of Change conducted between 2020 and 2022 The project was part of the joint Nordic initiative Churches in Times of Change focusing on changes in ecclesial practice and theology in the Nordic region **Pagan Astrology** Raven Kaldera,2009-09-28

Marketing Michael J. Rosen,2010-11-29 A fresh step by step guide for identifying your nonprofit s planned giving prospects and inspiring them to give generously Donor Centered Planned Gift Marketing helps nonprofit organizations move beyond traditional marketing techniques that have historically yielded only modest results and reveals how putting the focus on the donor can produce the best outcomes for all Here nonprofits new to gift planning will learn to market effectively from the start while those with established programs will discover ways to enhance their efforts You will learn about various donor centered marketing channels and techniques as well as how to generate internal support for an improved planned gift marketing effort Full of useful and proven tips you can implement for immediate results Offers practical tools including forms and checklists Includes a worksheet to help organizations calculate their planned giving potential Sharing the latest research findings this book shows you how to identify who your planned giving prospects are You will learn how to effectively focus on them through meaningful communication that ultimately inspires them to give and give more **The Ultimate Gift** Rene Gutteridge,2007-03-18 Jason Stephens lives a life of wealth A life of privilege A life that s about to take a radical turn Jason

always had a straightforward relationship with his billionaire grandfather Howard Red Stevens. He shunned him but welcomed his money. So he figured when Red died his part of the inheritance would be a simple cash transaction that would fund his extravagant lifestyle. Instead for Jason to receive his inheritance he's given an ultimatum: a series of twelve tests or gifts as Red calls them. If he fails at any one of them he loses everything. If he completes them all the ultimate gift will be his. One of those gifts involves finding a friend something Jason has never experienced before. Yet this unlikely friendship and an unexpected romance may just open his eyes to what he's been missing all along. You don't begin to live until you've lost everything.

Every Gift Matters Carrie Morgridge, 2015-05-05 Charitable giving is on the rise in America. Despite the lingering effects of the economic downturn, Americans continue to give generously of their time, talent, and money: more than \$335 billion in 2013, a 4.4% increase from 2011. What's more, the bulk of that charitable giving (72%) came not from large foundations or corporations but from individuals making small gifts. For those with passion for a cause and a generous spirit, it's vitally important that they leverage their gift in the right way in order to have the greatest impact possible. In her first book, *EVERY GIFT MATTERS* (Greenleaf May 2015), Carrie Morgridge shares inspiring stories of powerful gifts in action, showing readers how to turn the act of giving into a vehicle for positive change. Drawing on 15 years of experience supporting causes that align with her passions through gifts, Morgridge demonstrates how a smart strategy, high expectations, a deep network, and hands-on personal involvement will ensure that one's gift is compounded over time to have the biggest impact possible. Each person and every gift can make a difference, writes Morgridge. Whoever you are, no matter how much or how little you have, your gift matters. The smallest seemingly unimportant donation can transform a life. And the best news is that giving transforms two lives: the one who receives and the one who gives. Through her role as Vice President of The Morgridge Family Foundation, Morgridge has learned what works and what doesn't when it comes to giving. She argues that in order to ensure meaningful and lasting change, a gift must be more than simply a grant of money. The giver must assess whether the program is the right fit, work hand in hand with the key leaders, develop a plan for making the endeavor sustainable, and ensure that their gift can be leveraged to have a bigger impact on the community. By sharing real-life stories of how this hands-on approach to giving has transformed lives, including her own, Morgridge inspires others to believe that they can also make a difference in their community, no matter the size of their gift.

Practical Ethics in Clinical Neurology Michael Williams, 2012-10-31 Almost every neurologist encounters ethical issues daily. This exemplary ethics text meets the needs of students, residents, fellows, and practicing neurologists who want an accessible case-based text for learning, and it meets the needs of directors of medical student clerkships and residency programs in neurology who want an accessible case-based text for teaching. The book's case-based approach places key ethical principles into a practical, real-world context to aid in decision making. Each chapter includes an outstanding array of learning features: Learning Objectives, Clinical Vignettes, Questions to guide self-study and group discussions, Key Points, Key Words, Suggestions for
