Peacing the World Together FRANK JAMES UNGER,2007-11-14 A small refrigerator magnet has adorned our kitchen for more years than I can remember It bears the image of a dove with the words Let there be peace at least between you and me The three square inches it has displaced is opposite in proportion to its magnitude in the lives of family and friends It is a mantra a goal a challenge Because for so many peace does not come easily or naturally Archeological evidence substantiates human irascibility Indeed Homo sapiens were endowed with tendencies toward turbulence Bones shattered by instruments of humanoids are not uncommon to ancient skeletons Written documents confirm the same Cain and Able David and Goliath dozens of bloody wars and holocausts are recorded in biblical and pre biblical documents that manifest mankind s snarling crotchety predisposition to conflict and violence Discouraged by that disturbing legacy we recognize exceptions Though

peace is an intentional accord it is made easier for some who luckily avoid the ancestral consequence of contentiousness Through genetic good fortune they are endowed with intrinsic tranquility and a special quiet devoid of malevolence Gladly they accept the gift of unsolicited good genes Acknowledging a quarrelsome nature then we embark on this journey of peace the road made smoother through relevant prayer prose and poetry Each step is an encounter with a peace borne naturally or achieved the hard way In either case the following pages are channels of peace at least between you and me And so we reach out together striving to influence families and cities states and nations peacefully After all the leaders of mighty and minute countries alike agree that the key to peace between all lands is that it begins within individual hearts homes and families For only then can it infect every place on a precious earth we will someday call peaceful Of all the arboreal wonders on earth none is more amazingly self propagating than Ficus Benghalensis the banyan tree A massive improbable sight to behold the banyan puts down feelers from its branches the feelers grow into the ground and become roots and the new roots pump sap up and act as support struts for the tree In this way the tree grows outward Equally as amazing banyans count their days in hundreds of years as they create the widest natural canopies in the world A single tree can provide shade for an entire village It is said that Alexander the Great camped with an army of 7 000 soldiers under the shade of one banyan In more recent years an imposing banyan tree has spread its arms and roots over one full acre of land in the city of Fort Myers Florida Its notoriety and location are the result of a friendship between two of Americas early business pioneers men who were close personal friends The time was 1925 One of the men visited the county of Andhra Pradesh in India and came upon the largest banyan tree in the world having since reached 570 years in age and covering the breath of 14 acres with 1 650 roots At the time of his visit the entrepreneur had a vested interest in the tree suspecting it might prove valuable as a source of natural rubber He brought a seedling back to his friend who had a Winter residence in Fort Myers The friend was delighted with the gift and planted it on his estate It grew well and still delights guests Harvey Firestone was the purveyor of the seedling His friend Thomas Edison was the recipient To this day seedlings of Edisons great tree are sold at his estate one of them growing in fine health on this writers property Similarly admirers from around the world have procured seedlings and carried them back to faraway lands Hence the legacy of the giant tree of India is proliferated by the tree of Thomas Edison now renowned as the third lar
