Walter Benjamin Theodor W Adorno and others the intellectual historian Enzo Traverso explores the varying nature of left melancholy as it has manifested in a feeling of guilt for not sufficiently challenging authority in a fear of surrendering in disarray and resignation in mourning the human costs of the past and in a sense of failure for not realizing utopian aspirations Yet hidden within this melancholic tradition are the resources for a renewed challenge to prevailing regimes of historicity a passion that has the power to reignite the dialectic of revolutionary thought *After Savagery* Hamid Dabashi, 2025-09-30 Written during a genocide *After Savagery* reveals the ethical bankruptcy of Western philosophy and how it undergirds the erasure of the colonized The death toll in Gaza continues to rise a cold lifeless number representing entire communities crushed under the weight of settler colonialism What remains of the theories we use to understand our world With lyrical and lucid fury Hamid Dabashi exposes the racist roots of Western philosophy demanding that readers overcome its pernicious phantom of relevance Rather than perceiving the West as giving carte blanche to Israel Dabashi insists that Israel must be understood as its quintessence If Israel is the West and the West is Israel then Palestine is the world and the world is Palestine Holding to glimmers from revolutionary works of literature and film Dabashi argues in grief and love that the wretched of the earth need poetry after barbarism and that Palestine is the site of a liberated imagination The Changing Face of Evil in Film and Television Martin F.
