Giovanni Bellini:

The Cambridge Companion to Giovanni Bellini Peter Humfrey, 2008-06-16 This Companion volume brings together commissioned essays by an international team of scholars on Giovanni Bellini the dominant painter of Early Renaissance Venice Among the topics and themes to be discussed are Bellini's position in the social and professional life of early modern Venice his artistic relationships with his brother in law Mantegna with Flemish painting and with the modern style that emerged in Italy around 1500 and the connections between Bellini's paintings and the sister arts of architecture and sculpture Further essays reassess the artist's approaches to landscape and color elements that have always been recognized as central to his pictorial genius *Giovanni Bellini* Davide Gasparotto, 2017-10-10 Praised by Albrecht Dürer as being the best in painting Giovanni Bellini ca 1430-1516 is unquestionably the supreme Venetian painter of the quattrocento and one of the greatest Italian artists of all time His landscapes assume a prominence unseen in Western art since classical antiquity Drawing from a selection of masterpieces that span Bellini's long and successful career this exhibition catalogue focuses on the main function of landscape in his oeuvre to enhance the meditational nature of paintings intended for the private devotion of intellectually sophisticated elite patrons The subtle doctrinal content of Bellini's work the isolated crucifix in a landscape the sacred conversation the image of Saint Jerome in the wilderness is always infused with his instinct for natural representation resulting in extremely personal interpretations of religious subjects immersed in landscapes where the real and the symbolic are inextricably intertwined This volume includes a biography of the artist essays by leading authorities in the field explicating the themes of the J Paul Getty Museum's exhibition and detailed discussions and glorious reproductions of the twelve works in the show including their history and provenance function iconography chronology and style

Giovanni Bellini Roger Fry, Giovanni Bellini, 1900 *Giovanni Bellini* David Alan Brown, 2019 Giovanni Bellini d. 1516 boasts a long career that left an indelible mark on Venetian painting Vasari and other early writers failed to distinguish Bellini's late works from the rest of his output Focused on Titian as the quintessential old age artist subsequent writers have also paid little attention to Bellini's late work as a separate phase of his career Bellini did not choose the subjects of his last pictures which were stipulated by his patrons but instead relied more and more on assistants his decision to undertake and personally conceive and execute them points to a special commitment on his part to their creation The Feast of the Gods National Gallery of Art Washington DC dated 1514 and other works that follow it display a much expanded range of subject matter and a new degree of inventiveness New technical investigations have played a key role in grasping the novelty of Bellini's last works The artist's great mythological canvas in Washington in particular has been the subject of a recent scientific investigation using the latest multi spectral scanning technology This study undertaken by the scientific lab at the National Gallery of Art marks a major advance in the technical analysis of works of art **Giovanni Bellini**, 1900
