Giraudoux Four Plays Volume 1:

The Witch and the Clown Ann, Barry Ulanov, 1987-02-01 The Ulanovs examine the images of the witch and the clown not only as mere literary anthropological or historical themes but as determining much of the complexity of human sexual life The common notions of male sexuality based upon strength and aggression and female sexuality upon weakness and submission are thoroughly undone in this analysis The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Performing New Lives Jonathan Shailor, 2011 This book will provide valuable reading for drama therapists theatre artists probation workers prison educators psychologists and anyone else interested in the role of the performing arts in criminal justice Book Jacket The Routledge Companion to the Contemporary Musical Jessica Sternfeld, Elizabeth L. Wollman, 2019-08-16 The Routledge Companion to the Contemporary Musical is dedicated to the musical's evolving relationship to American culture in the late twentieth and early twenty first centuries In the past decade and a half international scholars from an ever widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies Musicals have served not only to mirror the sociopolitical economic and cultural tenor of the times but have helped shape and influence it in America and across the globe a genre that may seem at first glance light hearted and escapist serves also as a bold commentary on society Forty four essays examine the contemporary musical as an ever shifting product of an ever changing culture This volume sheds new light on the American musical as a thriving contemporary performing arts genre one that could have died out in the post Tin Pan Alley era but instead has managed to remain culturally viable and influential in part by newly embracing a series of complex contradictions At present the American musical is a live localized old fashioned genre that has simultaneously developed into an increasingly globalized tech savvy intensely mediated mass entertainment form Similarly as it has become increasingly international in its scope and appeal the stage musical has also become more firmly rooted to Broadway the idea if not the place and thus branded as a quintessentially American entertainment **Paperbound Books in Print**, 1992 **The Utopian Fantastic** Martha A. Bartter, 2004-04-30 Utopia forms a major aspect of human desire one that is as important as religion Understanding utopia and the ways in which it can collapse into dystopia is crucial in many disciplines Fantastic literature including science fiction and fantasy is the only form of literature that takes utopia dystopia seriously Therefore analysis of these works provides a basis for serious

experimentation in social science In this volume critics analyze contemporary literary thought experiments such as 1984 and We They show how utopian experiments can easily slide into dystopia Exploring these fictional sociocultural political experiments gives us new ways to think about our lives and culture While literature history and political science professors may find this book useful it can also serve as a call to arms to anyone dedicated to maintaining freedom and humane living in the world today Shakespeare Survey With Index 1-10: Volume 11, The Last Plays Allardyce Nicoll,1958-01-02 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback Paperbound Book Guide for Colleges ,1972 **Catalog of Copyright Entries, Third Series** Library of Congress. known Anouilh's *Antigone* Sartre's *The Flies* Claudel's *The Satin Slipper* Others have remained obscure such as Cocteau's *The Typewriter* Giraudoux's *The Apollo of Marsac* and Montherlant's *Nobody's Son* and two Andr  Obey's *Eight Hundred Meters* and Simone Jollivet's *The Princess of Ursins* have remained virtually unread since the early 1940s In examining French culture under the Vichy regime and the Nazis Kenneth Krauss links the politics of gender and sexuality with the more traditional political concepts of collaboration and resistance A final chapter on Truffaut's 1980 film *The Last Metro* demonstrates how the present manages to rewrite and revision the complex and seemingly contradictory reality of the past
