The Chile Pepper in China Brian R. Dott,2020-05-12 Chinese cuisine without chile peppers seems unimaginable Entranced by the fiery taste diners worldwide have fallen for Chinese cooking In China chiles are everywhere from dried peppers hanging from eaves to Mao's boast that revolution would be impossible without chiles from the eighteenth century novel Dream of the Red Chamber to contemporary music videos Indeed they are so common that many Chinese assume they are native Yet there were no chiles anywhere in China prior to the 1570s when they were introduced from the Americas Brian R Dott explores how the nonnative chile went from obscurity to ubiquity in China influencing not just cuisine but also medicine language and cultural identity He details how its versatility became essential to a variety of regional cuisines and swayed both elite and popular medical and healing practices Dott tracks the cultural meaning of the chile across a wide swath of literary texts and artworks revealing how the spread of chiles fundamentally altered the meaning of the term spicy He emphasizes the intersection between food and gender tracing the chile as a symbol for both male virility and female passion Integrating food studies the history of medicine and Chinese cultural history The Chile Pepper in China sheds new light on the piquant cultural impact of a potent plant and raises broader questions regarding notions of authenticity in cuisine 〰〰〰〰〰〰〰〰,1991 **The Educational directory of China** ,1916 **Super Girls, Gangstas, Freeters, and Xenomaniacs** Susan Dewey,Karen J. Brison,2012-08-13 A compelling look at the ways in which youth gender and gender

identities are being transformed around the globe *Queer TV China* Jamie J. Zhao, 2023-02-16 The 2010s have seen an explosion in popularity of Chinese television featuring same sex intimacies LGBTQ identified celebrities and explicitly homoerotic storylines even as state regulations on vulgar and immoral content grow more prominent This emerging queer TV China culture has generated diverse cyber and transcultural queer fan communities Yet these seemingly progressive televisual productions and practices are caught between multilayered sociocultural and political economic forces and interests Taking queer as a verb an adjective and a noun this volume counters the Western centric conception of homosexuality as the only way to understand nonnormative identities and same sex desire in the Chinese and Sinophone worlds It proposes an analytical framework of queer ing TV China to explore the power of various TV genres and narratives censorial practices and fandoms in queer desire voicing and subject formation within a largely heteropatriarchal society Through examining nine cases contesting the ideals of gender sexuality Chineseness and TV production and consumption the book also reveals the generative negotiative ways in which queerness works productively within and against mainstream seemingly heterosexual oriented televisual industries and fan spaces This cornucopia of fresh and original essays opens our eyes to the burgeoning queer television culture thriving beneath official media crackdowns in China As diverse as the phenomenon it analyses *Queer TV China* is the spark that will ignite a prairie fire of future scholarship Chris Berry Professor of Film Studies King's College London This timely volume explores the various possibilities and nuances of queerness in Chinese TV and fannish culture Challenging the dichotomy of positive and negative representations of gender and sexual minorities *Queer TV China* argues for a multilayered and queer informed understanding of the production consumption censorship and recreation of Chinese television today Geng Song Associate Professor and Director of Translation Program University of Hong Kong

Education in China, ca. 1840-present Meimei Wang, Bas van Leeuwen, Jieli Li, 2020-11-04 In *Education in China ca 1840 present* Meimei Wang Bas van Leeuwen and Jieli Li offer a description of the transformation of the Chinese education system from the traditional Confucian teaching system to a modern mode In doing so they touch on various debates about education such as the speed of the educational modernization around 1900 the role of female education and the economic efficiency of education This description is combined with relevant data stretching from the second half of 19th century to present collected mainly from statistical archives and contemporary investigations Chinese Identities on Screen Klaus Mühlhahn, Clemens von Haselberg, 2012 Since 1978 the changes brought on by China's reforms have had an inevitable and significant impact on the development of literature the arts and the whole spectrum of culture As well contemporary Chinese films have reflected this transition towards commercialization and internationalization which has included constant changes in cultural policies and the economic conditions for film production The articles in this collection argue that contemporary Chinese films display a profound shift in identity construction They explore Chinese identities related to class nation and gender and they highlight aspects of individual identity All of these are marked by contradiction

tension multiple versions changes over time and other evidence of contingency and construction The book draws attention to uncertain and unpredictable qualities of Chineseness which are often torn between past and present but are also increasingly comprised of local national and global elements Series Chinese History and Society Berliner China Hefte Vol 40
