Girl From Leam Lane Updated Edn:

The Great British Dream Factory Dominic Sandbrook, 2015-10-01 SPECTATOR BOOKS OF THE YEAR 2015 Britain's empire has gone. Our manufacturing base is a shadow of its former self, the Royal Navy has been reduced to a skeleton. In military, diplomatic and economic terms we no longer matter as we once did. And yet there is still one area in which we can legitimately claim superpower status: our popular culture. It is extraordinary to think that one British writer, J K Rowling, has sold more than 400 million books; that Doctor Who is watched in almost every developed country in the world; that James Bond has been the central character in the longest running film series in history; that The Lord of the Rings is the second best selling novel ever written, behind only A Tale of Two Cities; that the Beatles are still the best selling musical group of all time; and that only Shakespeare and the Bible have sold more books than Agatha Christie. To put it simply, no country on earth, relative to its size, has contributed more to the modern imagination. This is a book about the success and the meaning of Britain's modern popular culture, from Bond and the Beatles to heavy metal and Coronation Street, from the Angry Young Men to Harry Potter, from Damien Hirst to The X Factor.

The Girl from Leam Lane Piers Dudgeon, 1998 Born to an impoverished young Tyneside woman in 1906, Catherine Cookson lived a life marked by cruelty and neglect. At the age of 27, she was able to buy a house of her own, a hopeful sign that the escape from her past was complete. In fact, her struggle had barely begun. Following the loss of four babies, a nervous breakdown and confinement in a psychiatric hospital, she was brought to the brink of suicide and forced to confront the tragedies of her life. The author has known Catherine Cookson for many years and was given full cooperation on this biography by the novelist and her husband Tom, who provided many of the photographs for the book. Originally published in 1997, it tells the story of her long and eventful life through the heroines in her books.

Catherine Cookson Country Julie Taddeo, 2016-12-05 Britain's most widely read author of the late twentieth century, Catherine Cookson published more than 100 books, including The Fifteen Streets, The Black Velvet Gown, and Katie Mulholland. Set in England's industrial northeast, her novels depict the social, economic, and emotional hardships of that area. In the first essay collection devoted to Cookson, the contributors examine what Cookson's memoirs and historical fiction mean to readers, including how her fans contribute to her position in the cultural imaginary, constructions of gender, class, and English and Irish identity in her work, the importance of place in her novels, Cookson's place in the heritage industry, and television adaptations of Cookson's works. Cookson's work tackled topics that were still taboo in the early post-World War II era, such as domestic abuse, rape, and incest. This collection places Cookson in historical context and shows how skillful she was at pushing generic boundaries.
