Ghost Ship Brian Hicks, 2004-06-01 On December 4th 1872 a 100 foot brigantine was discovered drifting through the North Atlantic without a soul on board Not a sign of struggle not a shred of damage no ransacked cargo and not a trace of the captain his wife and daughter or the crew What happened on board the ghost ship Mary Celeste has baffled and tantalized the world for 130 years In his stunning new book award winning journalist Brian Hicks plumbs the depths of this fabled nautical mystery and finally uncovers the truth The Mary Celeste was cursed as soon as she was launched on the Bay of Fundy in the spring of 1861 Her first captain died before completing the maiden voyage In London she accidentally rammed and sank an English brig Later she was abandoned after a storm drove her ashore at Cape Breton But somehow the ship was recovered and refitted and in the autumn of 1872 she fell to the reluctant command of a seasoned mariner named Benjamin Spooner Briggs It was Briggs who was at the helm when the Mary Celeste sailed into history In Brian Hicks's skilled hands the story of the Mary Celeste becomes the quintessential tale of men lost at sea Hicks vividly recreates the events leading up to the crew's disappearance and then unfolds the complicated and bizarre aftermath the dark suspicions that fell on the officers of the ship that intercepted her the farcical Admiralty Court salvage hearing in Gibraltar the wild myths that circulated after Sir Arthur Conan Doyle published a thinly disguised short story sensationalizing the mystery Everything from a voodoo curse to an alien abduction has been hauled out to explain the fate of the Mary Celeste But as Brian Hicks reveals the truth is actually grounded in the combined tragedies of human error and bad luck The story of the Mary Celeste acquired yet another twist in 2001 when a team of divers funded by novelist Clive Cussler located the wreck in a coral reef off Haiti Written with the suspense of a thriller and the vivid accuracy of the best popular history *Ghost Ship* P. Hutcheson,1903 **Murder on a Ghost Ship** Diane Rapp,2012-10-01 When Emily Schultz the president of Constellation Cruise Lines buys an old cruise ship at a bargain price she doesn't discover there's a ghost aboard until it's too late to cancel the deal Desperate for help Emily calls upon Kayla Sanders and Natalia Baliskov to solve the crisis The three women start a frantic search to find the identity of the ghost and her murderer The Lady tries to communicate by flooding Kayla with crazy visions of the ship from her last voyage Will the ghost's murderer kill another passenger who will be sailing on their next cruise The entire ship is filled with suspects and potential victims since everyone on the Sea Mist is a repeat passenger The investigation ramps up when Kayla's fiancé Steven Young joins the ship Suspended from his job at Interpol Steven feels guilty and incompetent While tracking down a smuggling ring selling black market antiquities Steven's partner got too close to the culprits and paid with his life Is there a leak inside Interpol The smugglers traced Steven to Colorado and now they know he's on the Sea Mist Do they want him dead Kayla must interpret her visions from the Lady in time to prevent another murder and Steven needs to unmask the ruthless leader of the smuggling ring to get his job back Their future depends on mutual success The Ss Baychimo Charles River Charles River Editors,2016-08-24 Includes pictures Includes accounts of the ship's journeys and its life as a ghost ship Includes online resources and a bibliography for further reading By the early

decades of the 20th century the fur trade had tapered off some from its heyday in the 19th century but it still proved profitable enough for hunters to live for months at a time in remote regions of Alaska Their only contact with the outside world consisted of the company ships that came to buy their furs and bring them supplies One of these vessels was the steamer Baychimo a Hudson's Bay Company ship that plied the treacherous waters off Alaska Arctic Canada and Siberia for many years supplying remote outposts of Inuit and Anglo trappers and bringing back their catch of furs Her sailors were experts at handling Arctic waters but one year the weather proved too much for them In October of 1931 the Baychimo was carrying 1 million in furs for the Hudson's Bay Company when it was trapped by early winter pack ice in the Beaufort Sea Ice is a powerful force of nature that can crush even the strongest of ships so the captain had no choice but to order his crew of 14 men to unload all equipment essential for their survival and abandon the Baychimo The cargo was too valuable to give up however so they retrieved lumber from the ship's carpentry stores with which to build a small house on the nearby ice The captain hoped the ice would shift and free his vessel at which point they could use one of the lifeboats to row back to the Baychimo and steam back home In the worst case scenario they would have to spend the winter on the ice and wait for spring thaw They wouldn't be the first Arctic crew to have done that The Hudson's Bay Company airlifted out part of the crew while the captain and remaining sailors hunkered down for a long wait hoping the ice would break apart soon Nature had other ideas On November 24 a month into their vigil the crew had to hide inside their makeshift home as a fierce windstorm howled over the bleak icescape However when they could finally emerge into the daylight they saw their ship had

disappeared An Inuit reported the Baychimo had drifted some 45 miles south and was once more trapped in the pack ice The crew followed his directions to their wayward vessel removing part of the cargo of furs They presumed their ship would soon sink in the ice so they trudged across the frozen wasteland back to civilization It must have been an epic journey but the Baychimo had started on an even greater one the ship was still afloat and began to travel with the currents Inupiat hunters spotted it south of Barrow and the following spring a trapper found it trapped in the ice on the Beaufort Sea He hadn't heard of the missing ship and being curious he boarded it When he discovered it was a ghost ship he left The ghost ship continued to be sighted in the region for years afterwards In August of 1932 a group of Alaskan traders boarded her exploring the abandoned galleys and cabins before leaving The following March a group of Inuit boarded her and got trapped for 10 days when a freak storm blew up The last known boarding of the Baychimo occurred in November of 1939 when Captain Hugh Polson went aboard with the intention of salvaging her He was soon driven off by encroaching pack ice The Baychimo continued to float in the waters between Alaska and Siberia mostly in the Beaufort Sea The latest confirmed report was by some Native Americans in 1969 between Barrow and Icy Cape almost four decades after it had been lost It's remarkable that it survived storms pack ice and encroaching rust after all that time While it presumably sank sometime in 1969 or shortly thereafter since it had been regularly reported up to that point and no reports exist after that final sighting some believe the Baychimo still plies the Arctic waters somewhere

Ghost Ship Hathaway Louise (author), 1901 **Sherlock Holmes and the Ghost Ship Mystery** Don Hale, 2017-03-21 Ghost ship inspired Sherlock Holmes creator When the brigantine Mary Celeste was first found abandoned and drifting helplessly in the Azores just off the coast of Portugal in December 1872 speculative news of the crew being abducted or murdered by aliens huge sea monsters or pirates no doubt inspired an inquisitive young Scottish schoolboy Arthur Conan Doyle to eventually write his own fictional tale Then aged just 13 and setting his mind to a medical career it would be another 12 years before he finally put pen to paper whilst working as a surgeon on a whaling ship bound for an Arctic adventure His story about the incident entitled J Habakuk Jephson's Statement was first published anonymously in the Cornhill magazine in January 1884 and created a worldwide sensation promoting news about the bizarre abandonment Fiction however soon became interpreted as fact with newspapers and journals worldwide promoting his tale and creating an unstoppable roller coaster of intrigue about this mysterious ghost ship and what was thought to have really happened In later years it has been compared to Orson Welles when in October 1938 his dramatic reading of a 62 minute radio play in New York based on HG Wells science fiction novel The War of the Worlds suddenly created a mass panic with many thousands of listeners believing every word Although Conan Doyle changed the names of crew members and some other varied details including altering the Mary Celeste to the Marie Celeste he still retained the name of the rescue ship Dei Gratia and introduced many fairly similar facts that helped persuade a rather gullible audience If he had not written his own fictional account readers though would have been completely unaware of

several other similar abandonments and ghost ships which occurred around the same period and captivated audiences all eager for more news about these extraordinary events And just a year later after publishing his story the real Mary Celeste finally ended her career in dramatic style after she was deliberately wrecked on a coral reef off Haiti by a skipper who had become embroiled in a fraudulent conspiracy So perhaps it was a fresh inquiry and a revelation of other previous dramatic events that put Conan Doyle back in the spotlight but whatever the reason his story was again accepted as genuine with even Admiralty officials forced to review their original findings The real incident would have been worthy of investigation by his notable Sherlock Holmes character a fictional detective introduced just three years later This book examines the whole incident before during and after and compares fact with fiction to analyse the brilliant workings of Conan Doyle who used many of his experiences to later develop some memorable characters *The Ghost Ship* Richard Middleton, 2018-11-16
