Border W.K. McNeil, 1985 *Haunted Kansas* Lisa Hefner Heitz, 1997-10-31 Who's that? Is someone there? A whisper of air brushes your cheek. Then all is still. Maybe it was just the wind. Or maybe it wasn't. Maybe you've just been visited by the late Ida Day lurking in the basement of Hutchinson's public library or the widow Tarot staring forlornly from an upstairs window at Fort Scott or the phantom Earl floating behind the scenes in Concordia's Brown Grand Theater. And maybe the horrific Albino Woman truly does haunt Topeka, turning romantic nights into nightmares. Maybe. Pursuing the stories behind these and other spectral manifestations, Lisa Hefner Heitz has traveled the state in search of its ghostly folklore. What she has unearthed is a fascinating blend of oral histories, contemporary eye witness accounts, and local legends. Creepy and chilling, sometimes humorous, and always engaging, her book features tales about ghosts, poltergeists, spook lights, and a host of other restless spirits that haunt Kansas. Heitz's spine-tingling collection of stories, raps, and taps and moans and groans, through a wealth of descriptions of infamous Kansas phantoms as well as disconcerting personal experiences related by former skeptics. Many of these ghosts she shows are notoriously linked to specific structures or locations, whether it is an eighteenth century mansion in Atchison or a deep, some have claimed bottomless pool near Ashland. The evanescent apparitions of these tales have frightened and at times amused Kansans throughout the state's long history. Yet this is the first book to capture for posterity the lively antics of the state's ghostly denizens. Besides preserving a colorful and imaginative, if intangible side of the state's popular heritage, Heitz supplies ghost storytellers with ample hair-raising material for well eternity. Maybe that person breathing softly behind you has another such story to share. Oh, no, one's there. Perhaps it really was just the breeze off
