Imperial Echoes Eric Thomson,2021-03-23 The collapse of humanity s first interstellar empire is passing into legend perhaps even myth now that the ones who could remember those tumultuous years have merged with the Infinite Void Tiny Lyonesse the self appointed guardian of all human knowledge tucked away in its wormhole cul de sac has spent generations preparing to carry out Jonas Morane s plan of reuniting humanity Unbeknown to citizens of a republic cut off from the rest of the galaxy four star systems at the former empire s core also survived to preserve that which existed before the Great Scouring Yet they took a darker path after witnessing firsthand the empire s demise in a bloodletting without precedent which left them fearful about the future of what little remained An uncompromising hidebound military dictatorship the Wyvern Hegemony is everything Lyonesse avoided becoming Backed by a State Security Commission that uses the Void Sisters abilities to root out the regime s enemies its rule is absolute Yet the Hegemony also harbors ambitions

of reuniting humanity under its own banner though the government has done little to advance its cause Neither Lyonesse nor the Hegemony knows about each other However thanks to a twist of fate that leads State Security Colonel Crevan Torma and his assigned Void Sister on a voyage of discovery this will soon change But can the vanished empire s heirs meet in peace or will they continue the civil war that almost eradicated humanity across the stars **Siobhan Dunmoore** Eric Thomson,2021-06-29 Now for the first time the three books that started a legend are together in a single edition Book 1 No Honor in Death Siobhan Dunmoore isn t having a good war She s had more ships shot out from under her by the invading Shrehari Empire than any other officer in the Fleet Some call her overly aggressive Others simply call her reckless What the enemy calls her is something else altogether That she gave the Shrehari a good drubbing along the way doesn t matter in the least because not all her enemies wear an Imperial uniform A reputation for bad luck is pretty much all she has left After another near defeat she wants nothing more than a long rest because this time she escaped by the thinnest of bluffs Unfortunately the Admiralty has other ideas The frigate Stingray is known as the unluckiest ship in the Fleet one whose Captain was removed in disgrace for cowardice Some in the Admiralty want to retire the old warhorse After all she is the last of her type left in service and perhaps it s time to break up the jinx permanently along with the crew But during an interstellar war every ship that could fight is needed In short order Dunmoore goes from staring down the Empire s finest on the bridge of a wrecked battleship to taking on a demoralized semi mutinous crew scheming admirals and a deadly mystery Stingray s bad luck isn t just superstition gone rampant Between a crew that won t talk political enemies who want her gone and her personal demons she has her hands full Taking the frigate into battle under those conditions would seem foolish to anyone else but Dunmoore never shrank from a good fight Book 2 The Path of Duty Duty honour loyalty What meaning do those words still hold during an interstellar war where the difference between the enemy and one s own leadership is sometimes paper thin Unfairly relegated to punishment duty far from the battle lines and still pursued by her past Siobhan Dunmoore must sail her ship deep into pirate infested space on a quest to restore the Navy s reputation after failing to stop an attack that destroyed a civilian freighter There she hopes to find clues that might absolve Stingray s crew from blame but instead she s sucked into a vortex of intrigue and treachery that threatens not only all their lives but the future of the embattled Commonwealth Caught in a web of competing schemes for supremacy while fending off marauders mercenaries and spies Dunmoore must find a way of getting her people home safe and beyond the reach of a powerful cabal at the heart of the Admiralty Book 3 Like Stars in Heaven One last mission One mysterious passenger One baffling destination After centuries of travel an ancient log buoy finally reaches human controlled space Amid a stalemated interstellar war the Admiralty has little interest in wasting resources on what would likely be a fruitless search for the truth but someone convinced them to send an old obsolete frigate soon destined for the scrapyard on this quest Pulled from her patrol route Siobhan Dunmoore is ordered to take an envoy aboard Stingray and sail into a poorly charted and virtually unexplored region

of the galaxy hidden behind interstellar dust clouds Along the way she'll encounter an old enemy now also relegated to the fringes of the war turning a voyage of discovery into a race against time and against each other All three books in this Omnibus Edition were previously published as separate titles

We Dare Eric Thomson, 2019-12-18 The Marines of Ghost Squadron are humanity's foremost black ops specialists who strike without warning and vanish without a trace They will do whatever is necessary to protect humanity anywhere in the known galaxy With the Commonwealth increasingly unstable thanks to venal politicians greedy financiers and power hungry revolutionaries they don't lack for missions When an undercover Constabulary officer vanishes after uncovering a massive cartel run human trafficking operation the Commonwealth's interstellar police force calls for help from Naval Intelligence Because the cartel's operations could upend the delicate political balance between the older core worlds and the more recently colonized outer star systems Ghost Squadron gets the job Its mission find the missing Constabulary officer and choke off the growing slave trade bedeviling humanity's perilous galactic frontier Ghost Squadron's commanding officer Lieutenant Colonel Zachary Thomas Decker spent the last ten years as a Naval Intelligence agent His job was thwarting plots and terminating the Commonwealth's internal enemies alongside his partner a trained assassin Now with several hundred of the deadliest Marines ever fielded at his back Zack Decker will change the course of history and usher in a new era Humanity's interstellar empire ended in Ashes of Empire Witness its birth a thousand years earlier in Eric Thomson's new series Ghost Squadron

A Colonial Murder Eric Thomson, 2020 My name is Caelin Morrow and I run the internal affairs bureau for the entire Commonwealth Rim Sector It means I hunt down corrupt federal officials of all stripes police military political or bureaucratic in the most fractious and nowadays most dangerous part of human space I also examine the private and professional lives of Constabulary officials destined for senior positions to make sure they're not hiding a habit of taking bribes abusing their powers or worse Assistant Commissioner Elden Braband newly appointed as chief of police on Mission Colony is one of the latter and I had declared him squeaky clean When the colony's governor complains about Braband a few months after his arrival Deputy Chief Constable Maras who commands the Rim Sector Constabulary Group smells a rat She asks me to investigate because honest cops don't go bad within a few months But hours after my team and I land on Mission Colony a senior official is found dead in her office leaving Assistant Commissioner Braband in a bind The subsequent investigation will propel us into the heart of colonial darkness where corruption organized crime and corporate malfeasance combine in a deadly brew

A Dark and Dirty War Eric Thomson, 2021-07-13 Life hasn't been easy for Siobhan Dunmoore and many of her fellow veterans since the Shrehari War ended The Fleet's quick return to a mundane peacetime footing left them unmoored and incapable of fully readapting after years engulfed in an existential struggle Meanwhile the memories of all those hard won lessons paid for with humanity's dearest blood are fading as careerists bureaucrats and politicians in uniform replace the leaders who brought about the war's end Yet an increasing number of senior officers understand true peace is illusory Without an external threat

to unify them as a species humans have resumed their favorite activity fighting each other in dark and dirty wars for power profit or glory And this despite the risk of eroding the Commonwealth s delicate social and political balance and triggering violent unrest Ironically those best suited for stopping nasty albeit minor conflicts before they escalate are the very veterans on which the Fleet turned its back Will Siobhan Dunmoore and her comrades find a new role in halting what could become fatal to human unity or will they fade away unwanted while the Commonwealth begins a long slide into civil discord

The Dirty and the Dead Eric Thomson,2022-02-11 Investigating war crimes isn t Assistant Commissioner Caelin Morrow s usual sort of case She normally hunts down corrupt Commonwealth officials But with the reorganization of the Professional Compliance Bureau s Anti Corruption Division Morrow inherits primary responsibility for military crimes requiring outside scrutiny And for her first case as the new head of Anti Corruption Unit 12 Military Crimes she s heading for the Novaya Sibir star system with her team to look into allegations the elite 212th Pathfinder Squadron committed atrocities on a Protectorate Zone rogue colony But all is not as it seems and dirty politics soon rear their ugly head Unfortunately for those who play fast and loose with the truth Caelin Morrow is not only a superb investigator She ll also do whatever is necessary to take out the garbage
