Gideons Spring A Man And His Kibbutz:

Gideon's Spring Zerubavel Gilead, 1985 *Imagining the Kibbutz* Ranen Omer-Sherman, 2015-06-19 In *Imagining the Kibbutz* Ranen Omer Sherman explores the literary and cinematic representations of the socialist experiment that became history's most successfully sustained communal enterprise Inspired in part by the kibbutz movement's recent commemoration of its centennial this study responds to a significant gap in scholarship Numerous sociological and economic studies have appeared but no book length study has ever addressed the tremendous range of critically imaginative portrayals of the kibbutz This diachronic study addresses novels short fiction memoirs and cinematic portrayals of the kibbutz by both kibbutz insiders including those born and raised there as well as those who joined the kibbutz as immigrants or migrants from the city and outsiders For these artists the kibbutz is a crucial microcosm for understanding Israeli values and identity The central drama explored in their works is the monumental tension between the individual and the collective between individual aspiration and ideological rigor between self sacrifice and self fulfillment Portraying kibbutz life honestly demands retaining at least two oppositional things in mind at once the absolute necessity of euphoric dreaming and the mellowing inevitability of disillusionment As such these artists imaginative witnessing of the fraught relation between the collective and the citizen soldier is the story of Israel itself *Judges Through the Centuries* David M. Gunn, 2005-01-28 This bible commentary traces the reception of Judges through the ages not only by scholars and theologians but also by preachers teachers politicians poets essayists and artists A bible commentary focusing on The Book of Judges best known for the tale of Samson and Delilah but full of many other rich and colourful stories Treats the text story by story making it accessible to non specialists Considers the stories of women in Judges including Deborah Jael who slew Sisera and Jephthah's daughter sacrificed by her father Traces the reception of Judges through the ages not only by scholars and theologians but also by preachers teachers politicians poets essayists and artists Illustrates how ideology and the social location of readers have shaped the way the book has been read Discloses a long history of debate over the roles of women and the use of force as well as Christian prejudice against Jews and Orientals Offers a window onto the use of the Bible in the Western world *The Changing Landscape of a Utopia* Shmuel Burmil, Ruth Enis, 2011 This book appears on the 100 year celebration of the kibbutz movement a century since the establishment of the first kibbutz Deganya Alef in 1910 The kibbutz started as a farming community and over the years has defined and developed its unique ideology of social and economic aspects of self rule equality mutual responsibility and common ownership of the means of production The kibbutz that some define as an utopian community has gradually developed into a community with diverse means of production including leading international industries The book describes the development of the unique system of zoning with landscape and gardens that strongly reflect the ideology This uniqueness was developed while rooted in the Western international tradition of landscape architecture with planners and designers educated mainly in central Europe The book describes the different periods and

styles in the development of the kibbutz landscape as well as some of the main landscape issues and elements such as the dominant tree species and the circle. It also describes in detail some of the key people involved in the development of the kibbutz landscape and gardens: landscape gardeners, landscape architects, and kibbutz gardeners. The dramatic political and economic changes that occurred in Israel have not bypassed the kibbutz for they caused changes in kibbutz ideology and the community's social and economic structures. These changes and the changes that they have caused and are still causing in the kibbutz landscape are carefully detailed in the last chapter. The dramatic changes in the kibbutz landscape have also led to a discussion of the need for landscape conservation as well, and some examples are described.

Kibbutz Currents, 1988 Kibbutz Trends, 1991 *Robert B. Heilman* Robert Bechtold Heilman, 2009 This collection of the letters of one of the great literary figures of the 20th century includes exchanges with more than 100 correspondents among them Saul Bellow, Malcolm Cowley, Charles Johnson, Bernard Malamud, and William Carlos Williams. web dec 15 2021 figure 1 a single phase induction motor stator produces a pulsating magnetic field rather than a rotating one as in a three phase motor this means there is no torque when the rotor is stationary once it is moving the currents induced in the rotor create a magnetic field that interacts with the pulsating field to produce a torque and thus
