Gift Of The Church A Textbook On Ecclesiology In Honor Of Patrick Granfield Osb:

The Gift of the Church Peter C. Phan, 2016-03-24 As the Church enters its third millennium it must take stock of its identity and mission These essays in *The Gift of the Church* address the fundamental issues confronting the Church in its immediate future Their authors represent the most prominent ecclesiologists of our time Written in honor of Patrick Granfield OSB these essays form a textbook for classes in ecclesiology They also are a useful tool for those engaged in various ministries in the Church to update themselves on the theology of different aspects of the Church The first section of essays discusses ecclesiology in its historical development as well as its methodology the second examines various aspects of the Church and the third part presents the life and work of Patrick Granfield The essays are clearly written and based on solid and extensive scholarship Ecclesiology has been the central theme of theological reflections since Vatican II and may continue to be in the next millennium This textbook fulfills in part Pope John Paul II's Vision for the Jubilee Year when Christians with a profound sense of commitment will likewise express their gratitude for the gift of the Church Essays and authors in Part One Ecclesiology in Historical Context are Theologies of the Church in the New Testament by Frank J Matera The Development of Ecclesiology Early Church to the Reformation by Eric Plumer The Development of Ecclesiology Modernity to the Twentieth Century by Michael J Himes The Significance of Vatican Council II for Ecclesiology by Joseph A Komonchak The Ecclesiology of John Paul II by Avery Dulles Ecumenical Ecclesiology by Michael A Fahey and Theological Method for Ecclesiology by Pedro Rodriguez Essays and authors in Part Two Contemporary Ecclesiology are The Church as Communion by Susan K Wood The Church as Worshiping Community by Gerard Austin The Ecclesial Dimension of Anthropology by Michael J Scanlon The Ecclesial Dimension of Spirituality by George Tavard The Evangelizing Mission of the Church by Francis A Sullivan Salvation Outside the Church by John P Galvin The Social Mission of the Church Its Changing Context by T Howland Sanks Ministries in the Church by John Ford The Papacy by Richard P McBrien The Episcopacy by Hermann J Pottmeyer The Teaching Office of the Church by John P Boyle The Church and the Law by Thomas J Green The Laity by Jon Nilson Women and the Church by Sara Butler and Mary and the Church by Frederick M Jelly Essays and authors in Part Three A North American Ecclesiology The Theological Achievement of Patrick Granfield are Patrick Granfield A Biographical Essay by David Granfield A North American Ecclesiology The Achievement of Patrick Granfield by Peter C Phan and Bibliography of Patrick Granfield compiled by David Granfield The book also includes an introduction by Peter Phan and a list of abbreviations Peter C Phan PhD STD DD is the Warren Blanding Professor of Religion and Culture in the department of religion and religious education at The Catholic University of America He is the author and editor of several books and over a hundred essays on various aspects of Christian theology [Koinonia and the Quest for an Ecumenical Ecclesiology](#) Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as

the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe The Church Frederick J. Cwiekowski, 2018-04-23 The historical context in which theological understandings have developed play an important role in our understanding of the modern church In this book Sulpician priest and scholar Frederick J Cwiekowski traces the theology of the church beginning with the community of disciples during Jesus' ministry and the New Testament era He continues through the various periods of history highlighting events from both the East and West including the remarkable developments surrounding the Second Vatican Council the post conciliar period and today's pontificate of Pope Francis With this book intended for general readers and students of theology Cwiekowski hopes to promote an appreciation of the mystery that is the church *The Church of God and Its Human Face* Martin Madar, 2019-06-12 The Church of God and Its Human Face is the first comprehensive study of perhaps the most original U S ecclesiologist of our times Joseph A Komonchak In language accessible to a wide audience the author offers an exposition of Komonchak's thought on the church and explores its distinctive features including its implications for church practice Models of the Church Avery Dulles, 2002-05-14 There is today a dramatic reexamination of structure authority dogma indeed every aspect of the life of the Church is held up to scrutiny Welcoming this as a sign of vitality Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches or models through which the Church's character can be understood as Institution Mystical Communion Sacrament Herald Servant and in a recent addition to the book as Community of Disciples A balanced theology he concludes must incorporate the major affirmations of each The method of models or types observes Cardinal Dulles can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others Such conversation is obviously essential if ecumenism is to get beyond its present impasses This new edition includes a new Appendix and Preface by the author **T&T Clark Handbook of Ecclesiology** Kimlyn J. Bender, D. Stephen Long, 2020-10-15 Divided into 3 parts this handbook provides a wide ranging survey and analysis of the Christian Church The first section addresses the scriptural foundations of ecclesiology the second section outlines the historical and confessional aspects of the topic and the final part discusses a variety of contemporary and topical themes in ecclesiology Compiled and written by leading scholars in the field the T T Clark Handbook of Ecclesiology covers a range of key topics in the context of their development and importance in

each stream of historic Christianity and the confessional traditions The contributors cover traditional matters such as creedal notes but also tackle questions of ordination orders of ministry and sacraments This handbook is extensive enough to provide a true overview of the field but the essays are also concise enough to be read as reference selections *The Holy Spirit, the Church, and Pneumatological Renewal* Jos Moons SJ, 2021-11-15 While belief in God the Father the Son and the Holy Spirit is at the very core of the Christian faith the significance of the Spirit in particular is sometimes overlooked in faith practice and theological reflection resulting in what theologians call *Geistvergessenheit* In this context *Lumen Gentium* one of the most important documents of the Second Vatican Council 1962-1965 is usually praised for its pneumatological renewal The current volume however argues that this renewal is no more than modest The Holy Spirit is still conceived of predominantly as an adjunct to Christ To substantiate that claim Jos Moons has developed a novel method of close reading on the basis of which he compares *Lumen gentium*'s conception of the Spirit to that of *Mystici corporis* 1943 He also analyses the redaction historical development of the former and concludes with a plea to envisage the Spirit more boldly as actively guiding the church especially by means of the *sensus fidelium* its charisms and the discernment of spirits

The Reception of Vatican II Matthew L. Lamb, Matthew Levering, 2017-02-09 A sequel to *Vatican II: Renewal within Tradition* OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception

From Crisis to Kairos A. E. Orobator, 2005

Icon of the Kingdom of God Radu Bordeianu, 2023-05-19 What is the Church Some would answer this question by studying the Scriptures the history of the Church and contemporary theologians thus addressing the theological nature of the Church Others would answer based on statistics interviews and personal observation thus focusing on the experience of the Church These theological and experiential perspectives are in tension or at times even opposed Whereas the first might speak about the local church as the diocese gathered in the Liturgy presided over by its bishop the latter would describe the local church as the parish community celebrating the Liturgy together with the parish priest never experiencing a sole liturgy that gathers an entire diocese around its bishop Whereas a theologian might abstractly describe the Church as a reflection of the Trinity a regular church member might concretely experience the Church as a community that manifests the Kingdom of God in its outreach ministries Radu Bordeianu attempts to bring these two perspectives together starting from the concrete experience of the Church engaging this experience with the theological tradition of the Church extracting ecclesiological principles from this combined approach and then highlighting concrete situations that reflect those standards or proposing correctives when necessary Without pretending to be a complete Orthodox ecclesiology *Icon of the Kingdom of God* addresses the most

important topics related to the Church It progresses according to one's experience of the Church from baptism to the family parish Liturgy and priesthood followed by analyses of synodality and nationality Arguing that the Church is an icon of the Kingdom of God this volume brings together the past theological heritage and the present experience of the Church while having three methodological characteristics experiential Kingdom centered and ecumenical

Unity and Catholicity in Christ Eric J. DeMeuse, 2022 Debates concerning the relationship between Tridentine Catholicism and Catholicism after Vatican II dominate theological conversation today particularly with regard to understandings of the Church and its engagement with the world Current historical narratives paint ecclesiology after the Council of Trent as dominated by juridical concerns uniformity and institutionalism This book challenges such narratives by investigating the theology of ecclesial unity and catholicity of the renowned Spanish Jesuit Francisco Suarez 1548-1617 Reexamining standard as well as overlooked sources of Suarez's ecclesiology the author shows how Suarez wrestles with the new demands of his time to produce a vision of the Church that is deeply spiritual diverse and missional even anticipating later ecumenical developments in twentieth century Catholic ecclesiology

The Oxford Handbook of Catholic Theology Lewis Ayres, Medi Ann Volpe, 2019-03-28 The Oxford Handbook of Catholic Theology provides a one volume introduction to all the major aspects of Catholic theology Part One considers the nature of theological thinking and the major topics of Catholic teaching including the Triune God the Creation and the mission of the Incarnate Word It also covers the character of the Christian sacramental life and the major themes of Catholic moral teaching The treatments in the first part of the Handbook offer personal syntheses of Catholic teaching but each offers an account in accord with Catholic theology as it is expressed in the Second Vatican Council and authoritative documentation Part Two focuses on the historical development of Catholic Theology An initial section offers essays on some of Catholic theology's most important sources between 200 and 1870 and the final section of the collection considers all the main movements and developments in Catholic theology across the world since 1870 This comprehensive volume features fifty six original contributions by some of the best known names in current Catholic theology from the Americas Europe Asia and Africa The chapters are written in an engaging and easily comprehensible style functioning both as a scholarly reference and as a survey of the field There are no comparable studies available in one volume and the book will be an indispensable reference for students of Catholic theology at all levels and in all contexts

Jesus and the Church Paul Avis, 2020-11-26 What is church's true foundation Was the Christian church founded by Jesus or does the Eucharist make the church Paul Avis sets out his own answer to these questions Gathering a wide range of critical scholarship he argues that there is something solid and dependable at the foundation of the church's life and mission Avis argues that Jesus wanted a church in a sense but not as we know it Christ proclaimed the gospel of the Kingdom and his disciples proclaimed the gospel whose content was Jesus himself the Kingdom in person The church is battered and divided but at its core is a treasure that is indestructible the gospel of Christ embodied in word and sacrament

A central theme of the book is the relationship between the church and Christ the church and the gospel the church and the Kingdom Jesus Christ crucified and risen is the sole foundation of the church but he cannot be without his people The Community of Believers Lucinda Mosher, David Marshall, 2015-05-06 The Community of Believers offers the proceedings of the 2013 Building Bridges seminar a dialogue between leading Christian and Muslim scholars under the stewardship of Georgetown University These essays consider such themes as the Church as mystical body of Christ versus the Church as proclamation the roots and uses of the term ummah and its development over time Christian desires for communion experiences of division and approaches to unity the history of Muslim disunity twentieth century Christian ecclesiology and its responses to a post Christendom and post Christian world and the Arab Spring as a case study for contemplating accommodationism conservatism reformism and fundamentalism as Muslim strategies to address the pressures of modernism The volume also includes texts and commentaries used in the seminar s discussions of each topic and a concluding essay summarizing the tone content and style of participant exchanges throughout the seminar *The Trinity* John M. Farrelly, 2005-01-04 The mystery of the Trinity is the central Christian belief that defines God s essence God s ongoing love for humanity and saving grace Yet over the past few centuries especially in the West Christians have either ceased believing in the Trinity or simply no longer recognize its relevance in their ecclesial or individual lives Written in an ecumenical spirit that engages contemporary questions and theological viewpoints The Trinity Rediscovering the Central Christian Mystery articulates the mystery of the Trinity for people formed by modern historical consciousness science awareness of the equal dignity of men and women and respect for world religions By first identifying contemporary problems with the Christian proclamation of the Trinity in our culture and major differences among modern theologians John Farrelly OSB explores Scripture the life and message of Jesus Christ the various stages of the development of Trinitarian doctrine in Christian History the relation of the Trinity to creation and salvation the generation of the Son from the Father within the Trinity and the procession of the Holy Spirit from Father and Son and the meaning of three persons in one God He concludes by reflecting on the implications this renewed theology of the Trinity has for ecclesiology and Christian spirituality in our twenty first century world especially in relation to other world religions **Beyond Our Lights and Shadows** Judith A. Merkle, 2016-07-14 Do not neglect the gift that is in you which was given to you through prophecy with the laying of hands by the council of elders 1Tim 4 14 Members of the church today can comprehend Paul s sentiment to Timothy While not all ordained all baptized Christians have experienced the laying on of hands in baptism They have been touched by that mysterious mix of charism initiated into the Body of Christ through the Holy Spirit as well as launched into life with Christ through the institution of the Church with all its concreteness ambiguity sinfulness and goodness Through the lens of Christian theology along with the sociology of Max Weber in his study of charism and institution in modern society Judith A Merkle analyzes the interaction and tautness between the concept of powerful grace through baptism and the institution in

the life of the modern church Weber asserts that freedom and creativity in modern society only become manifest within social relations Since these highly valued modern experiences do not exist outside the institutional framework they exist in tension with the constrictive and creative aspects of the institution Judith A Merkle offers the reader perspective on this contemporary experience in the church Communion, Diversity, and Salvation Brian Flanagan, 2011-06-09 Questions surrounding the understanding of communion are a significant feature of much contemporary ecclesiology but their prominence calls attention to wider questions regarding ecclesiological method Brian Flanagan addresses the questions of how to characterize a systematic ecclesiology and the possibility of a systematic communion ecclesiology through an investigation of the concept of communion in the work of Jean Marie Tillard OP Tillard's theology is noted as the most prominent Roman Catholic communion ecclesiology Flanagan argues that Tillard contributes to systematic ecclesiology by defining the concept of communion in relation to Christology soteriology and theological anthropology thereby framing an answer to the contemporary question of ecclesial unity and diversity The book also assesses the danger of idealism in Tillard's thought and suggests that further engagement with social scientific study of the church will help strengthen nuance and critique Tillard's idea of communion **Unfailing Patience and Sound Teaching** Rembert Weakland, 2003 Unfailing Patience and Sound Teaching approaches the contemporary episcopacy from a variety of perspectives and theological disciplines is appreciative of Vatican II while looking to the future and pays tribute to Archbishop Rembert G Weakland O S B a leader of the post conciliar church in the United States **The Vision of Vatican II** Ormond Rush, 2019-08-26 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council's vision for renewal and reform of the Catholic Church One in Christ Timothy R.
