Gift To The Nation:

Gift to the Nation, 2001 *Gifts and Nations* Wilton S. Dillon, 2017-07-05 What can men in industrial nations learn from their primitive contemporaries and the habits of earlier civilizations This book by acclaimed cultural anthropologist Wilton S Dillon suggests that modern political religious and scientific communities and alliances would be enhanced greatly if we understood how gift exchange and reciprocity helped to balance earlier institutions and societies Using the example of the gift behavior of France and the United States during the Marshall Plan period *Gifts and Nations* examines the troubles that arise between donors and recipients when a generous donor remains innocent of the recipient's desire to give back things or ideas to which both attach value Such innocence may produce what the author calls the Gaullist effect a quest for self esteem autonomy and initiative by a person or a nation who feels burdened and controlled by undischarged obligations *Gifts and Nations* is very much an historical footnote to the rise of Pax Americana the American empire having been launched in 1898 enlarged in the aftermath of World War II and the Cold War and now the subject of global debate This volume emphasizes that building coalitions and keeping alliances strong require multi lateralism based on reciprocity **A Gift to the Nation** Tessa Violet Murdoch, 1996 Cultural Grammars of Nation, Diaspora, and Indigeneity in Canada Christine Kim, Sophie McCall, Melina Baum Singer, 2012-05-09 *Cultural Grammars of Nation Diaspora and Indigeneity in Canada* considers how the terms of critical debate in literary and cultural studies in Canada have shifted with respect to race nation and difference In asking how Indigenous and diasporic interventions have remapped these debates the contributors argue that a new cultural grammar is at work and attempt to sketch out some of the ways it operates The essays reference pivotal moments in Canadian literary and cultural history and speak to ongoing debates about Canadian nationalism postcolonialism migrancy and transnationalism Topics covered include the Asian race riots in Vancouver in 1907 the cultural memory of internment and dispersal of Japanese Canadians in the 1940s the politics of migrant labour and the domestic labour scheme in the 1960s and the trial of Robert Pickton in Vancouver in 2007 The contributors are particularly interested in how diaspora and indigeneity continue to contribute to this critical reconfiguration and in how conversations about diaspora and indigeneity in the Canadian context have themselves been transformed *Cultural Grammars* is an attempt to address both the interconnections and the schisms between these multiply fractured critical terms as well as the larger conceptual shifts that have occurred in response to national and postnational arguments H.R. 1081, the Accountability for Presidential Gifts Act United States. Sowerby, Tudor Sala, 2022-09-09 This is the first volume that examines dangerous gift giving across centuries and disciplines Bringing to the fore the subject that features as an aside in gift studies it offers new insights into

the ambivalent and troubled history of gift giving Dangerous violent and self destructive gift giving remains an alluring challenge for scholars almost a hundred years after Marcel Mauss s landmark work on the gift Globally the notion of toxic and fateful gifts has haunted mythologies folklores and literatures for millennia This book problematizes what stands behind the notion of the dangerous gift and demonstrates how this operational term may help us to better understand the role and place of gift giving from antiquity to the present through a series of case studies ranging from ancient Zoroastrianism to modern digital dating The book develops a complex historical cross cultural and multi disciplinary approach to gift giving that invites comparisons between various facets of this phenomenon through time and across societies The book will interest a wide range of scholars working in anthropology history literary criticism religious studies and contemporary digital culture It will primarily appeal to university educators and researchers of political culture pre modern religion social relations and the relationship between commerce and gifts

Prologue ,2004 The Nation and Athenaeum ,1922 **The Burlington Magazine for Connoisseurs** ,1915 **Reintroducing Marcel Mauss** Christian Papilloud,2023-11-24 This reintroduction to the life and work of Marcel Mauss highlights his coherent and original thought both as an academic and an engaged intellectual of his time Since his work regained attention in social sciences in the later 20th century Reintroducing Marcel Mauss also emphasises the progression of research on Mauss s thought bringing to light various neglected aspects of his scientific project including his political commitment and writings With a review of the contemporary research on Mauss s legacy it offers a fuller understanding of the questions with which he was concerned questions which converged in the challenge of working out alternative ways for a social life that promotes a genuinely social society inspired by socialist and cooperative values It will therefore appeal to scholars of sociology and anthropology with interests in the history and development of sociology and the contemporary importance of classical social theory
