Charles Garfield,2020-06-02 Psychologist and best selling author Charles Garfield shares an uplifting vision as he takes us on a journey of a lifetime Some of the most profound growth of our lives can happen in the home stretch the years after age sixty or so It s a time when we can finally crystallize the meaning of what we ve been and done and fully expand into the self we ve always intended to be But says psychologist Charles Garfield that can only happen if we first loosen the grip of the life we ve led so far the one that s been focused outwardly on activity achievement and the idea of success and let our souls lead the way In *Our Wisdom Years* Dr Garfield skillfully and practically guides readers through nine tasks that can transform the struggles of aging bringing fulfillment joy and serenity Drawing on the understandings that come from both his work as acclaimed success guru in the 1980s and the truths distilled from volunteering with those at the end of life Garfield offers a fresh uplifting vision of the wholeness that awaits us Dr Garfield shares how we can gracefully let go of the younger selves we ve been and walk through the opening that keeps beckoning toward this soul driven version of later life He encourages us to take the risk of being fully alive as our years pass This is no small task aging is not for the faint of heart The beautiful

paradox of growing older is that none of the gifts of age are available without the kind of loss that forces us to confront mortality in a way we can't deny. In the face of loss we're changed and expanded by truths that come from the heart not the mind. We learn that we're more than our bodies, part of something much larger than we are, and that love and kindness matter most of all.

**Splatters of the Heart** Simone Phillips, 2021-08-13 *Splatters of the Heart* is a collection of poems written while I was in an emotionally and financially abusive place. The environment was toxic and operated like a church. Some of the poems written capture my feelings while I was there, and some are a reflection of my experiences after I left. Writing poetry has always been an effective coping mechanism that I've used to express feelings of love and dissolve feelings of anger and confusion. *Splatters of the Heart* will give you a candid snapshot of my life and hopefully provide insight regarding my dismal experiences. Each poem is accompanied by a paint splatter to represent that sometimes life feels like spilled paint, but when it spills on a canvas it's art. I hope you enjoy the splatters of my heart.
