Gift Of Community Baptism And Confirmation:

Gift of Community Thomas A. Marsh, 1984 The Message of the sacraments series discusses the ritual practices and understanding and the individual sacraments of the Roman Catholic community They cover five aspects of the sacrament the existential or experiential meaning of the sacrament in the context of secular human experience what is known of the historical development of the sacrament a theological exposition of the meaning function and effect of the sacrament in the context of present official Catholic doctrinal positions some pastoral reflections and a project of possible future developments in the practice and catechesis of the sacrament Editor's preface **Message of the Sacraments**, 1982 **Introduction to Christian Worship Third Edition** James F. White, 2010-09-01 Introduction to Christian Worship Third Edition traces the development of the major forms of Christian worship and includes discussion of the newest service books of the principal churches of North America and the British Isles This staple of liturgical history is used widely in Protestant seminaries and is read by clergy and laity alike as an accurate informative and accessible introduction to all aspects of Christian worship This revision keeps pace with the latest scholarship and includes more maps tables woodcuts and photographs **Sacraments of Initiation, Second Edition** Liam G. Walsh OP, 2022-01-07 This title is no longer available The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council It is a theology that can claim to have been continuously received in the Catholic Church since then It is the theology that has been widely practiced and preached in pastoral life has been given catechetical shape in the Catechism of the Catholic Church However during the past 23 years some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council This new edition examines the way some theological counter currents have developed over those years both in theory and in practice The sacramental theology contained in this study maintains the broad ongoing agreement between what it proposes and mainstream Church teaching and practice The book examines the tradition of sacramental practice and teaching Biblical and historical studies continue to uncover new riches of the tradition and recent findings are discussed A careful listening to the tradition of rite and word is truly indispensable for sacramental theology It was out of such listening that Vatican II teaching on sacraments emerged and provision was made for recovering the full richness of the tradition Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition The liturgies that are studied in this book have been given to the Church in the wake of Vatican II The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay The bibliography has been updated to reflect the development in the field **The Rites of Christian Initiation** Maxwell E.

Johnson, 2016-03-24 Originally published in 1999 *The Rites of Christian Initiation* was hailed for its clarity and comprehensiveness. Kieran McDonnell OSB called it the best overall treatment of Christian initiation available and Paul Bradshaw predicted it would be the standard textbook on the subject for very many years to come. The current edition draws on new translations of early texts on baptism as well as recent scholarship on the early traditions in the East and West. It is sure to replace itself as the new standard reference on the rites of Christian initiation. Maxwell E. Johnson's expanded and revised text provides a more complete view of the history and interpretation of the rites in the Eastern Church, including two chapters that explore the pre-Nicene Eastern and Western traditions in detail. Revisiting the theology of baptism, this edition also provides more nuanced positions on the Eastern and Western traditions. Finally, recent liturgical developments in American Protestant churches, particularly Lutheran, as well as the ongoing development of the RCIA and confirmation practices of Catholics, made it necessary to revisit the place and meaning of these rites in the church today. Maxwell E. Johnson, PhD, is professor of liturgy at the University of Notre Dame and an ordained minister of the Evangelical Lutheran Church in America. He has published in *Worship* and is the editor of and contributor to *Living Water: Sealing Spirit Readings on Christian Initiation* (Liturgical Press, 1995) and the revised and expanded edition of *E. C. Whitaker: Documents of the Baptismal Liturgy* (Liturgical Press and S P C K, 2003), to which this study serves as a companion volume. **Chrismation**

Nicholas E. Denysenko, 2014-05-07 *What is Chrismation?* Nicholas Denysenko breaks open chrismation as a sacrament of belonging by exploring its history and liturgical theology. This study offers a sacramental theology of chrismation by examining its relationship with baptism and the Eucharist and its function as the ritual for receiving converts into the Orthodox Church. Drawing from a rich array of liturgical and theological sources, Denysenko explains how chrismation initiates the participant into the life of the triune God, beginning a process of theosis, becoming like God. The book includes a chapter comparing and contrasting chrismation and confirmation, along with pastoral suggestions for renewing the potential of this sacrament to transform the lives of participants. *Creating Culture, Performing Community* Mintzi Auanda

Martínez-Rivera, 2025-07-01 *Creating Culture, Performing Community* explores the ways in which the people of Santo Santiago de Angahuan, a Purépecha community in the state of Michoacán, Mexico, create and curate their cultural practices and how, by doing so, they perform what it means to be an active member of the Purépecha community. Through a deep ethnographic account of ritual practices, author Mintzi Auanda Martínez Rivera focuses on the *tembuchakua* or wedding rituals, analyzing their creation, performance, and transformation within the Purépecha community. By proposing alternative approaches to understanding indigeneity, Martínez Rivera showcases how people carefully transform their cultural practices and rearticulate and perform their identities. Thus, *Creating Culture, Performing Community* has three main aims: to analyze how people create their own culture, to showcase how cultural practices are performed to reflect particular ideas of what it means to be a member of a community, and to move beyond limited understandings of indigenous identity and cultural
