Gilgamesh's Snake and Other Poems Ghareeb Iskander, 2016-04-18 The Epic of Gilgamesh is perhaps the greatest surviving work of early Mesopotamian literature According to legend Gilgamesh built the city walls of Uruk modern day Iraq to protect his people from external threats Although the epic records events from more than four thousand years ago those events echo many of the social and cultural concerns of Iraq today In this luminous bilingual collection of poems Ghareeb Iskander offers a personal response to the epic Iskander s modern day Gilgamesh is a nameless Iraqi citizen who witnessed the fall of the dictatorship who exists in a constant state of threat and who dreams not about eternity but simply about life While Gilgamesh was searching for the elixir of life Iskander s hero is searching for consolation Structures of Epic Poetry Christiane Reitz, Simone Finkmann, 2019-12-16 This compendium 4 vols studies the continuity flexibility and variation of structural elements in epic narratives It provides an overview of the structural patterns of epic poetry by means of a standardized stringent terminology Both diachronic developments and changes within individual epics are scrutinized in order to provide a comprehensive structural approach and a key to intra and intertextual characteristics of ancient epic poetry **Gilgamesh, Book Two, Chapter One** James William Chichetto, 1983 **Where Dreams May Come (2 vol. set)** Gil Renberg, 2017-06-01 Where Dreams May Come was the winner of the 2018 Charles J Goodwin Award of Merit awarded by the Society for Classical Studies In this book Gil H Renberg examines the ancient religious phenomenon of incubation the ritual of sleeping at a divinity s sanctuary in order to obtain a prophetic or therapeutic dream Most prominently associated with the Panhellenic healing god Asklepios incubation was also practiced at the cult sites of numerous other divinities throughout the Greek world but it is first known from ancient Near Eastern sources and was established in Pharaonic Egypt by the time of the Macedonian conquest later Christian worship came to include similar practices Renberg s exhaustive study represents the first attempt to collect and analyze the evidence for incubation from Sumerian to Byzantine and Merovingian times thus making an important contribution to religious history This set consists of two books *Sources of Crossroads and Cultures, Volume I: To 1450* Bonnie G. Smith, Marc Van De Mieroop, Richard von Glahn, 2012-01-30 Two volume primary source reader for use in conjunction with Crossroads and cultures Bonnie G Smith et al Poetic Heroes Mark S. Smith, 2014-09-15 Warfare exerts a magnetic power even a terrible attraction in its emphasis on glory honor and duty In order to face the terror of war it is necessary to face how our biblical traditions have made it attractive even alluring In this book Mark Smith undertakes an extensive exploration of poetic heroes across a number of ancient cultures in order to understand the attitudes of those cultures toward war and warriors Smith examines the Iliad and the Gilgamesh Ugaritic poems commemorating Baal Aqhat and the Rephaim and early biblical poetry including the battle hymn of Judges 5 and the lament of David over Saul and Jonathan in 2 Samuel 1 Smith s Poetic Heroes analyzes the importance of heroic poetry in early Israel and its disappearance after the time of David building on several strands of

**Superheroes and Gods** Don Lo Cicero, 2007-10-29 The work provides a unique study of superheroes and gods in literature popular culture and ancient myth The author selects a number of mythological figures e.g. Babylonian Gilgamesh and Enkidu ancient gods e.g. Greece's Eros and Tartarus and modern superheroes e.g. the United States Superman and Captain Marvel and identifies the often striking similarities between each unique category of characters The author contends that the vast majority of mythological superheroes follow the same archetypal character patterns regardless of each hero's unique time period or culture Each of the first nine chapters examines the heroes and gods of a particular region or country while the final chapter examines modern descendants of the hero prototype like Batman and Spiderman and several infamous anti heroes for example Dracula and The Hulk

**How the World Made the West** Josephine Quinn, 2025-10-21 An award winning Oxford history professor makes a forceful argument and tells a story with great verve The Wall Street Journal that the West is and always has been truly global Those archaic Western Civ classes so many of us took in college should be updated argues Quinn who invites us to revel in a richer more polyglot inheritance The Boston Globe AN

ECONOMIST BEST BOOK OF THE YEAR LONGLISTED FOR THE CUNDILL HISTORY PRIZE In *How the World Made the West* Josephine Quinn poses perhaps the most significant challenge ever to the civilizational thinking regarding the origins of Western culture that is the idea that civilizations arose separately and distinctly from one another Rather she locates the roots of the modern West in everything from the law codes of Babylon Assyrian irrigation and the Phoenician art of sail to Indian literature Arabic scholarship and the metalworking riders of the Steppe to name just a few examples According to Quinn reducing the backstory of the modern West to a narrative that focuses on Greece and Rome impoverishes our view of the past This understanding of history would have made no sense to the ancient Greeks and Romans themselves who understood and discussed their own connections to and borrowings from others They consistently presented their own culture as the result of contact and exchange Quinn builds on the writings they left behind with rich analyses of other ancient literary sources like the epic of Gilgamesh holy texts and newly discovered records revealing details of everyday life A work of breathtaking scholarship *How the World Made the West* also draws on the material culture of the times in art and artifacts as well as findings from the latest scientific advances in carbon dating and human genetics to thoroughly debunk the myth of the modern West as a self made miracle In lively prose and with bracing clarity as well as through vivid maps and color illustrations *How the World Made the West* challenges the stories the West continues to tell about itself It redefines our understanding of the Western self and civilization in the cosmopolitan world of today *Leadership at the Crossroads*

Joanne B. Ciulla, 2008 Contributors from a wide variety of fields including management economics political science philosophy sociology history literature and psychology explore the many facets of leadership Topics include ethics and accountability leadership styles the differences between leadership and management the poison spread by toxic leaders inspirational leadership choosing and monitoring leaders leadership development women and minorities in leadership leadership and diplomacy leadership in literature and the arts military leadership and much more Collectively this set showcases traditional and emerging approaches to leadership in both theory and practice and raises new questions brought on by society's new challenges It also suggests solutions for developing and promoting leadership in the corporate world politics and diplomacy religion education nonprofits and the arts Whether identifying qualities that will serve a U S president well or the characteristics of the essential can do supervisor in today's corporation *Leadership at the Crossroads* supplies insights and intelligence that will help leaders make the most of the challenges and opportunities before them **Heracles**

**in Early Greek Epic**, 2024-03-11 *Heracles in Early Greek Epic* examines the protean nature of the greatest Greek hero Heracles in Homeric and Hesiodic poetry as well as in fragmentary epics such as Creophylus Oichalias Halosis Pisander's Heracleia and Panyassis Heracleia Several contributors explore Heracles' associations with heroes in Near Eastern literature and reflections in early epic about his involvement in the first sack of Troy the tale of Hesione and the ketos the war against the Meropes on Cos and the sack of Oechalia Other contributors study his role in other Archaic and Classical epics such as

those written by Creophylus Pisander and Panyassis      Is the Bible Infallible? Carmel Paul Attard, 2019-09-26 Christians believe the Bible is God's revelation infallibly inspired by the Holy Spirit Is the Bible Infallible evaluates evidence for a divine or human origin such as Irreconcilable textual contradictions and myth based accounts Biblical cosmology's compatibility with modern science of the universe and solar system Agreement of Earth's shape and age with geological facts and radiometric dating Creation accounts confirmation through fossil records and man's appearance or evolution Transpiration of prophecies historical accuracy and miraculous accounts The book discusses The Bible's concepts of afterlife heaven hell salvation resurrection and the soul The meaning of Gospel and Kingdom of God Heaven It also debates whether Jesus is really the Christ the Messiah first promised to King David The Messiah Christ was supposed to suffer to redeem us from our sins Jesus is God the Son of Man and the Servant of the Lord God is both a loving father and a violent judge      **The End of Wisdom** Martin A. Shields, 2006 Through the ages the book of Ecclesiastes Qoheleth has elicited a wide variety of interpretations Its status as wisdom literature is secure but its meaning for the religion of the Hebrew Bible and its heirs has been a matter of much debate The debate has swung from claiming orthodoxy for the book to arguing that the message intended by its author is heterodox in its entirety There are a number of passages in the book that present difficulties for any comprehensive approach to the work Martin Shields here fully acknowledges the heterodox nature of Qoheleth's words but offers an orthodox reading of the book as a whole through the eyes of the author of the epilogue After a survey of attitudes regarding wisdom in the Hebrew Bible itself which serves as an orientation to the monograph as a whole Shields provides a detailed study of the epilogue Qoh 12 9 14 which he believes is the key to the reading of the remainder of the book He then addresses various problematic texts in the book in light of this perspective arguing that the book could originally have functioned as a warning to students against joining a wisdom movement that existed at the time of the book's composition Qoheleth is presented as a true adherent of this movement and the divergence of his words from the theism presented in the rest of the Hebrew Bible becomes the basis of the epilogue's critique Finally Shields proposes a historical context in which just this scenario may have arisen showing that the desire of the writer of the epilogue is to correct a wayward wisdom tradition      **Information Resources in the Humanities and the Arts** Anna H. **Journeys to the Other Shore** Roxanne L. Euben, 2008-07-01 The contemporary world is increasingly defined by dizzying flows of people and ideas But while Western travel is associated with a pioneering spirit of discovery the dominant image of Muslim mobility is the jihadi who travels not to learn but to destroy Journeys to the Other Shore challenges these stereotypes by charting the common ways in which Muslim and Western travelers negotiate the dislocation of travel to unfamiliar and strange worlds In Roxanne Euben's groundbreaking excursion across cultures geography history genre and genders travel signifies not only a physical movement across lands and cultures but also an imaginative journey in which wonder about those who live differently makes it possible to see the world differently In the book we meet not only Herodotus but also Ibn Battuta the fourteenth century Moroccan traveler Tocqueville's journeys are set against a five year sojourn in nineteenth century Paris by the Egyptian writer and translator Rifa'a Rafi al-Tahtawi and Montesquieu's novel Persian Letters meets with the memoir of an East African princess Sayyida Salme This extraordinary book shows that curiosity about the unknown the quest to understand foreign cultures critical distance from one's own world and the desire to remake the foreign into the familiar are not the monopoly of any single civilization or epoch Euben demonstrates that the fluidity of identities cultures and borders associated with our postcolonial globalized world has a long history one shaped not only by Western power but also by an Islamic ethos of travel in search of knowledge

possibilities of life are there we are taken apart and rebuilt dismembered and reborn defeated and renewed      **Ancient Near Eastern Texts Relating to the Old Testament with Supplement** James B.
