Girded With Strength:

Theological Dictionary of the Old Testament G. Johannes Botterweck, Helmer Ringgren, Heinz-Josef Fabry, 1974 This multivolume work is still proving to be as fundamental to Old Testament studies as its companion set the Kittel Friedrich Theological Dictionary of the New Testament has been to New Testament studies Beginning with father and continuing through the alphabet the TDOT volumes present in depth discussions of the key Hebrew and Aramaic words in the Old Testament Leading scholars of various religious traditions including Roman Catholic Lutheran Reformed Anglican Greek Orthodox and Jewish and from many parts of the world Denmark France Germany Great Britain Greece Israel Italy the Netherlands Norway Sweden Switzerland and the United States have been carefully selected for each article by editors Botterweck Ringgren and Fabry and their consultants George W Anderson Henri Cazelles David Noel Freedman Shemaryahu Talmon and Gerhard Wallis The intention of the writers is to concentrate on meaning starting from the more general everyday senses and building to an understanding of theologically significant concepts To avoid artificially restricting the focus of the articles TDOT considers under each keyword the larger groups of words that are related linguistically or semantically The lexical work includes detailed surveys of a word's occurrences not only in biblical material but also in other ancient Near Eastern writings Sumerian Akkadian Egyptian Ethiopic Ugaritic and Northwest Semitic sources are surveyed among others as well as the Qumran texts and the Septuagint and in cultures where no cognate word exists the authors often consider cognate ideas TDOT's emphasis though is on Hebrew terminology and on biblical usage The contributors employ philology as well as form critical and traditional historical methods with the aim of understanding the religious statements in the Old Testament Extensive bibliographical information adds to the value of this reference work This English edition attempts to serve the needs of Old Testament students without the linguistic background of more advanced scholars it does so however without sacrificing the needs of the latter Ancient scripts Hebrew Greek etc are regularly transliterated in a readable way and meanings of foreign words are given in many cases where the meanings might be obvious to advanced scholars Where the Hebrew text versification differs from that of English Bibles the English verse appears in parentheses Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work

The Expositions On The Psalms St. Augustine of Hippo, 2012 This is the extended and annotated edition including an extensive biographical annotation about the author and his life In any commentary on a portion of the Old Testament by a writer unacquainted with Hebrew exact criticism and freedom from mistake must not be expected But the Psalms have been

so in the mouth and in the heart of God's people in all languages that it has been necessary often to find an explanation suitable to imperfect translations And no doubt it is intended that we should use such explanations for the purpose of edification when we are unable to be more accurate though in proving doctrine it is necessary always to remember and allow for any want of acquaintance with the original or uncertainty with respect to its actual meaning However the main scope and bearing of the text is rarely affected by such points as vary in different translations and the analogy of the faith is sufficient to prevent a Catholic mind from adopting any error in consequence of a text seeming to bear a heterodox meaning Perhaps the errors of translation in the existing versions may have led the Fathers to adopt rules of interpretation ranging too far from the simple and literal but having such translations they could hardly use them otherwise Meanwhile St Augustin will be found to excel in the intense apprehension of those great truths which pervade the whole of Sacred Writ and in the vivid and powerful exposition of what bears upon them It is hardly possible to read his practical and forcible applications of Holy Scripture without feeling those truths by the faith of which we ought to live brought home to the heart in a wonderful manner His was a mind that strove earnestly to solve the great problems of human life and after exhausting the resources and discovering the emptiness of erroneous systems found truth and rest at last in Catholic Christianity in the religion of the Bible as expounded by St Ambrose And though we must look to his Confessions for the full view of all his cravings after real good and their ultimate satisfaction yet throughout his works we have the benefit of the earnestness with which he sought to feed on the sincere milk of the word
