Good Fight Errata Sheet:

Fighting for the Good Cause Gerald Sweeney, 2001 Sir Francis Galton was an influential mentor for the educational psychologists who supplied crucial doctrine to American eugenics from 1903 to 1930 Yet the nature of his influence has never been specified The psychologists own claim as to the Galton s contribution that he provided sufficient justification for their absolutist hereditarianism was clearly disingenuous Rather he appears to have functioned as a model for these figures who were informed by their perceptions of Galton s ulterior purposes in constructing eugenics as he did Any of various features in the 45 year long course of that development could have encouraged these particular legates to appreciate both Galton and his product as surreptitious stanchers of democracy
