Good News Social Ethics And The Press:

Good News Clifford G. Christians, John P. Ferré, P. Mark Fackler, 1993-06-03 Mass media ethics and the classical liberal ideal of the autonomous individual are historically linked and professionally dominant yet the authors of this work feel this is intrinsically flawed They show how recent research in philosophy and social science together with a longer tradition in theological inquiry insist that community mutuality and relationship are fundamental to a full concept of personhood The authors argue that persons in community provides a more defensible grounding for journalists professional moral decision making in crucial areas such as truthtelling privacy organizational culture and balanced coverage With numerous examples drawn from life as well as from theory this book will interest journalists editors and professionals in media management as well as students and scholars of media ethics reporting and media law *Good News* Clifford G. Christians, John P. Ferré, Mark Fackler, 2023 Mass media ethics and the classical liberal ideal of the autonomous individual are historically linked and professionally dominant yet the authors of this work feel this is intrinsically flawed They show how recent research in philosophy and social science together with a longer tradition in theological inquiry insist that community mutuality and relationship are fundamental to a full concept of personhood The authors argue that persons in community provides a more defensible grounding for journalists professional moral decision making in crucial areas such as truthtelling privacy organizational culture and balanced coverage With numerous examples drawn from life as well as from theory this book will interest journalists editors and professionals in media management as well as students and scholars of media ethics reporting and media law *Media Ethics* Bart Pattyn, 2000 Concerns about the role and responsibilities of the media have become an increasingly important part of public debate Media Ethics brings together philosophers academics and media professionals to debate both ethics and morality Twilight of Press Freedom John C. Merrill, Peter J. Gade, Frederick R. Blevens, 2001-04-01 This volume offers a historical philosophical and practical critique of public and civic journalism a movement that gained momentum in the final decade of the 20th century During that period proponents of the movement have published nearly a dozen books expanding upon and expounding the virtues of journalism seeking to repair what is thought to be the torn social political and moral fabric in America Although previous works have established a strong practical underpinning for public and civic journalism none has examined its philosophical roots or challenged its methodology and grounding in neoliberal constructs This volume does just that tracing its origins in early philosophy to the current newsroom policies and practices that conflict with traditional constructs in libertarian press theory Twilight of Press Freedom postulates that institutionalized journalism is fading away and world journalism prompted by the people is veering toward more order and social harmony and away from the traditional idea of the great value of press freedom The volume provides a critical examination of the trend toward public journalism and considers how press freedom will be impacted by this trend in coming years Scholars and students in journalism public opinion and media studies will find this book insightful

and invaluable **Communication Yearbook 25** William B. Gudykunst,2001-05 This volume offers state of the art communication research representing media interpersonal intercultural and other areas of communication It is an important reference on current research for scholars and students in the social sciences From Yahweh to Yahoo! Doug Underwood,2010-10-01 Presenting religion as journalism s silent partner From Yahweh to Yahoo provides a fresh and surprising view of the religious impulses at work in contemporary newsrooms Focusing on how the history of religion in the United States entwines with the growth of the media Doug Underwood argues that American journalists draw from the nation s moral and religious heritage and operate in important ways as personifications of the old religious virtues Underwood traces religion s influence on mass communication from the biblical prophets to the Protestant Reformation from the muckraker and Social Gospel campaigns of the late nineteenth and early twentieth centuries to the modern age of mass media While forces have pushed journalists away from identifying themselves with religion they still approach such secular topics as science technology and psychology in reverential ways Underwood thoughtful analysis covers the press s formulaic coverage of spiritual experience its failure to cover new and non Christian religions in America and the complicity of the mainstream media in launching the religious broadcasting movement **Reciprocal Effects of Media and Society: New Theoretical Thoughts** Dr Debilal Mishra ,Prof. Pramoda Kumar,2024 The book explores the reciprocal effects of the media and society from a theoretical perspective It offers an insight into the changing dynamics of the media society relationship and focuses on the factors affecting it Moreover the book advances some new theoretical thoughts discusses some important theoretical questions and proposes some new theoretical frameworks based on certain empirical inquiry **Queers in American Popular Culture** Jim Elledge,2010-10-06 This three volume collection of essays reveals the widespread existence of queer men and women in American popular culture and showcases their important yet little known role in shaping our society over the last 120 years The virtually unknown existence of gay bisexual and queer men and women in American popular culture from the late 1800s through the present day is a fascinating topic for many readers regardless of their own orientation Whether it s the father of bodybuilding famous closeted entertainers or sports stars or the leading characters in current television shows and films queer men and women have changed the face of American popular culture and society for over a century Ironically most of the fascinating information anecdotes and revealing facts about well known figures in American culture are virtually unknown to the typical U S citizen Elledge s *Queers in American Popular Culture* covers a wide variety of historical and current topics that documents how the queer community has been and continues to be one of the most significant shapers of American popular culture Currently no other book covers queer topics in American popular culture as broadly as this text **The Landscape of Qualitative Research** Norman K. Denzin,2008 The Landscape of Qualitative Research Third Edition attempts to put the field of qualitative research in context Part I provides background on the field starting with history then action research and the academy and the politics and ethics of qualitative research Part II

isolates what we regard as the major historical and contemporary paradigms now structuring and influencing qualitative research in the human disciplines The chapters move from competing paradigms positivist postpositivist constructivist critical theory to specific interpretive perspectives feminisms racialized discourses cultural studies sexualities and queer theory Part III considers the future of qualitative research This text is designed for graduate students taking classes in social research methods and qualitative methods as well as researchers throughout the social sciences and in some fields within the humanities

The Routledge Companion to Journalism Ethics Lada Trifonova Price, Karen Sanders, Wendy N. Wyatt, 2021-08-24 This volume provides a comprehensive discussion of enduring and emerging challenges to ethical journalism worldwide The collection highlights journalism practice that makes a positive contribution to people's lives investigates the link between institutional power and ethical practices in journalism and explores the relationship between ethical standards and journalistic practice Chapters in the volume represent three key commitments 1 ensuring practice informed by theory 2 providing professional guidance to journalists and 3 offering an expanded worldview that examines journalism ethics beyond traditional boundaries and borders With input from over 60 expert contributors it offers a global perspective on journalism ethics and embraces ideas from well known and emerging journalism scholars and practitioners from around the world The Routledge Companion to Journalism Ethics serves as a one stop shop for journalism ethics scholars and students as well as industry practitioners and experts

Confronting the Internet's Dark Side Raphael Cohen-Almagor, 2015-06-30 Terrorism cyberbullying child pornography hate speech cybercrime along with unprecedented advancements in productivity and engagement the Internet has ushered in a space for violent hateful and antisocial behavior How do we as individuals and as a society protect against dangerous expressions online *Confronting the Internet's Dark Side* is the first book on social responsibility on the Internet It aims to strike a balance between the free speech principle and the responsibilities of the individual corporation state and the international community This book brings a global perspective to the analysis of some of the most troubling uses of the Internet It urges net users ISPs and liberal democracies to weigh freedom and security finding the golden mean between unlimited license and moral responsibility This judgment is necessary to uphold the very liberal democratic values that gave rise to the Internet and that are threatened by an unbridled use of technology

Mediating Religion Jolyon P. Mitchell, Sophia Marriage, 2003-06-01 This is the first book to bring together many aspects of the interplay between religion media and culture from around the world in a single comprehensive study Leading international scholars provide the most up to date findings in their fields and in a readable and accessible way Some of the topics covered include religion in the media age popular broadcasting communication theology popular piety film and religion myth and ritual in cyberspace music and religion communication ethics and the nature of truth in media saturated cultures The result is not only a wide ranging resource for scholars and students but also a unique introduction to this increasingly important phenomenon of modern life

The Idea of Public Journalism Theodore Lewis Glasser, 1999-05-14

This volume offers a critical and constructive examination of the claims of public journalism the controversial movement aimed at getting the press to promote and indeed improve not merely report on the quality of public life From leading contributors original essays refine the terms of the debate by situating it within a broad cultural historical and philosophical framework Exploring the movement s promise as well as its problems *The Idea of Public Journalism* sheds lights on issues of political power freedom of expression democratic participation and press responsibility *Designing Games for Ethics: Models, Techniques and Frameworks* Schrier, Karen, Gibson, David, 2010-12-31 This book brings together the diverse and growing community of voices on ethics in gaming and begins to define the field identify its primary challenges and questions and establish the current state of the discipline Provided by publisher *Encyclopedia of Communication Theory* Stephen W. Littlejohn, Karen A. Foss, 2009-08-18 With more than 300 entries these two volumes provide a one stop source for a comprehensive overview of communication theory offering current descriptions of theories as well as the background issues and concepts that comprise these theories This is the first resource to summarize in one place the diversity of theory in the communication field Key Themes Applications and Contexts Critical Orientations Cultural Orientations Cybernetic and Systems Orientations Feminist Orientations Group and Organizational Concepts Information Media and Communication Technology International and Global Concepts Interpersonal Concepts Non Western Orientations Paradigms Traditions and Schools Philosophical Orientations Psycho Cognitive Orientations Rhetorical Orientations Semiotic Linguistic and Discursive Orientations Social Interactional Orientations Theory Metatheory Methodology and Inquiry *Where Ideas Go to Die* Michael McDevitt, 2020-05-01 Ideas die at the hands of journalists This is the controversial thesis offered by Michael McDevitt in a sweeping examination of anti intellectualism in American journalism A murky presence anti intellectualism is not acknowledged by reporters and editors It is not easily measured by scholars as it entails opportunities not taken context not provided ideas not examined *Where Ideas Go to Die* will be the first book to engage in a serious study of the issue at a time when thoughtful examination of our society s news media is arguably more important than ever **Dialogue** Rob Anderson, Leslie A. Baxter, Kenneth N Cissna, 2004 The contributors consider a wide range of settings interpersonal organizational societal and political and look at the methodology as well as the research underpinning dialogic approaches to the study of communication The core texts of dialogue studies including Buber Gadamer Habermas and Bakhtin set the foundation in Part I Exploring the Territories of Dialogue In Part II Personal Voices in Dialogue the contributors survey one on one small group and organization dialogue Part III Public Voices in Dialogue examines the spaces for discourse in more expansive public intercultural and mediated settings The editors pull together disparate implications connections and new directions in a dialogue inspired conclusion **Media Accountability** William Babcock, 2014-06-11 A small collection of well honed tools has been employed for some time by media practitioners and the public to help maintain and improve the credibility of journalism and the mass media These media accountability tools have included ethics codes media critics news

councils ombudsmen journalism reviews and public civic journalism initiatives Now in the 21st Century the mass media are increasingly being buffeted by a perfect storm of declining subscribers and audience share dwindling advertising revenue changing corporate demands unpredictable audiences and new media competition If journalism and the mass media are to stay afloat and be credible the media accountability toolbox needs to contain suitable tools for the job which begs the question Who will Watch the Watchdog in the Twitter Age This book contains answers to this question from the perspective of 17 media ethics experts from around the globe Their answers will help shape and define for years to come the tools in the media ethics toolbox This book was originally published as a special issue of the Journal of Mass Media Ethics

The Handbook of Media and Mass Communication Theory, 2 Volume Set Robert S. Fortner, P. Mark Fackler, 2014-05-05 The Handbook of Media and Mass Communication Theory presents a comprehensive collection of original essays that focus on all aspects of current and classic theories and practices relating to media and mass communication Focuses on all aspects of current and classic theories and practices relating to media and mass communication Includes essays from a variety of global contexts from Asia and the Middle East to the Americas Gives niche theories new life in several essays that use them to illuminate their application in specific contexts Features coverage of a wide variety of theoretical perspectives Pays close attention to the use of theory in understanding new communication contexts such as social media 2 Volumes

The Enforcers Rob Wells, 2019-11-18 In the 1980s real estate developer and banker Charles H Keating executed one of the largest savings and loans frauds in United States history Keating had long used the courts to muzzle critical reporting of his business dealings but aggressive reporting by a small trade paper called the National Thrift News helped bring down Keating and offered an inspiring example of business journalism that speaks truth to power Rob Wells tells the story through the work of Stan Strachan a veteran financial journalist who uncovered Keating's misdeeds and links to a group of US senators the Keating Five who bullied regulators on his behalf Editorial decisions at the National Thrift News angered advertisers and readers but the newsroom sold ownership on the idea of investigative reporting as a commercial opportunity Examining the National Thrift News's approach Wells calls for a new era of business reporting that can and must embrace its potential as a watchdog safeguarding the interests of the public
