**The Mormon Delusion. Volume 4. the Mormon Missionary Lessons - A Conspiracy to Deceive.** Jim Whitefield, 2012-10-01 The fourth in The Mormon

Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter Annual Review of the Sociology of Religion. Volume 4 (2013) ,2013-11-21 Prayer is a phenomenon which seems to be characteristic not only of participants in every religion but also men and women who do not identify with traditional religions It can be practised even by those who do not believe either in a God or transcendent force In this sense therefore we may assert that the prayer is a typically human activity that has accompanied the development of different civilizations over the course of the centuries Both the material issues of concrete daily life as well as more symbolic elements expressed through words gestures body positions and community celebration are brought together in the act of praying
