Good Fight Declare Your Independence And Close The Democracy Gap

Ralph Nader

Good Fight Declare Your Independence And Close The Democracy Gap:

The Good Fight Ralph Nader, 2004-07-06 The man who shook up American politics in 2000 and is doing so again in 2004 returns to hold both parties feet to the fire with his straight talk about Bush corporate government and the whole political charade Ralph Nader relentless activist brilliant visionary may also be the most honest man we've got left in politics And yet from the moment Nader declared his presidential candidacy on Meet the Press he's faced relentless opposition mainly from Democrats fearing that competition from an inspiring independent could dent their voting block as it did in 2000 Even his old pals at The Nation joined in the party panic Now in The Good Fight Nader swings back harder than ever at those who want to block the American people from having more voices and choices and have lost touch with the concept that votes must be earned not inherited or entitled He takes on corporate occupied Washington and the government's daily abuse against ordinary citizens Corporations are saying no to the necessities of the American people They're saying no to health insurance for everyone no to a living wage no to tax reform no to straightening out the defense budget which is bloated and redundant no to access to our courts And most of all he urges a speedy return to stronger civic motivation If fed up citizens don't actively join the fight for improvement then ultimately we have no one to blame but ourselves for the inadequate checks on the erosion of our civil liberties In an era when politicians sell us rhetoric and then sell out our principles Nader stands as a crucial voice of candor The Good Fight is a call to awareness and action that will captivate readers of all political stripes and help us define what we must do to shape the brightest future for our nation *Independents Rising* Jacqueline S.

Salit, 2012-08-07 Salit chronicles the history of the independent movement on both ends of the spectrum and explores what these voters mean for the future of American politics **Reckless!** Byron L. Dorgan, 2015-06-16 As one of only eight senators to vote against bank deregulation Byron Dorgan warned America that a free market system left unchecked is like a driving a car at ninety miles per hour without brakes With the recent financial collapse having proven him right Dorgan exposes this modern day carnival of greed and calls out the corporate executives who reap millions and even billions as a reward for self interest and mismanagement More poignantly he argues that public officials we elect to represent the best interests of the people have sold us out as government has become a partner to Big Oil Big Media and Big Pharma In his prairie populist voice peppered with incisive wit Dorgan argues that we must rescue the economy from the influence of financial conglomerates and power brokers and to hold our public officials accountable for regulating the economy

Reading with the Stars Leonard Kniffel, 2011-05-25 Published with the American Library Association Reading with the Stars uses the power of politicians celebrities and other prominent men and women to celebrate books libraries and reading Fourteen of the biggest names in America offer their thoughts on why literature is important and how books have touched their lives Television icon Oprah Winfrey discusses how library books were her pass to personal freedom Microsoft founder Bill Gates discusses his library computerization project Former Vice President Al Gore addresses the information ecosystem

including how reading contributes to an informed citizenry A fun fascinating gift for any one who works in the world of publishing libraries or bookselling

Courts and Congress William Quirk, 2018-02-06 It is often said confirmed by survey data that the American people are losing confidence in their government But the problem may be the reverse the government has lost confidence in the people Increasingly the power to make decisions in our democracy has been shifted from Congress to the court system forcing non elected officials to make decisions which affect the lives of Americans In a society which is based on the democratic elections of its officials this is clearly backwards Quirk maintains that what he calls The Happy Convention an informal and unwritten rearrangement of passing the buck of government powers is done to avoid blame and approval ratings becoming lower for a particular person or party For example The Happy Convention assigns the power to declare and make war to the President Congress and the Court play a supporting role Congress when requested gives the President a blank check to use force the Court throws out any challenges to the legality of the war Everyone wins if the war avoids disaster If it turns out badly the President is held accountable His ratings fall reelection is out of the question congressmen say he lied to them his Party is likely to lose the next election In this way Quirk reminds us that The Happy Convention is not what the Founders intended for us For democracy to work properly the American people have to know what options they have Courts and Congress argues the case for reestablishing the balance of powers between the courts the Congress and the Presidency

Sustainable Capitalism John E. Ikerd, 2005 Addresses the philosophical and scientific roots of sustainability Examines neglected ethical and moral aspects of capitalist economic theory Advocates a new sustainable paradigm for all living organizations businesses economics and societies Over the past half century capitalist economics has deviated from its original social purpose into an amoral quest for economic growth at any cost A relentless pursuit of profits and the bottom line poses a constant threat to the earth and the life upon it Ikerd who spent the first half of his thirty year academic career as a traditional free market neoclassical economist came to see the inherently extractive and exploitative nature of his own field and began to develop an alternative vision for capitalism which he lays out in this book In order to foster a new economics of sustainability social and ethical values must be reintegrated into capitalist economics thus restoring a sense of balance into the economic system that ensures that communities the world over will thrive Rather than calling for the overthrow of capitalism Ikerd suggests how capitalism can become a vehicle for these ends Both a penetrating critique of capitalism and an exploration of its vast and untapped potential for maximizing human welfare

Sustainable Capitalism A Matter of Common Sense is written for those concerned with the future of our planet and the continued viability of global capitalism

The Microeconomics Anti-Textbook Rod Hill, Tony Myatt, 2021-12-02 Mainstream textbooks present economics as an objective science free from value judgements The Microeconomics Anti Textbook demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this fully updated and expanded edition of their celebrated book

Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear and concise way before presenting an anti text analysis and critique Challenging the assumptions arguments and models Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students **The Economics Anti-Textbook** Rod Hill, Professor Tony Myatt, 2010-03-11

Mainstream textbooks present economics as an objective science free from value judgements that settles disputes by testing hypotheses that applies a pre determined body of principles and contains policy prescriptions supported by a consensus of professional opinion The Economics Anti Textbook argues that this is a myth one which is not only dangerously misleading but also bland and boring It challenges the mainstream textbooks assumptions arguments models and evidence It puts the controversy and excitement back into economics to reveal a fascinating and a vibrant field of study one which is more an art of persuasion than it is a science The Economics Anti Textbook s chapters parallel the major topics in the typical text beginning with a boiled down account of them before presenting an analysis and critique Drawing on the work of leading economists the Anti Textbook lays bare the blind spots in the texts and their sins of omission and commission It shows where hidden value judgements are made and when contrary evidence is ignored It shows the claims made without any evidence and the alternative theories that aren t mentioned It shows the importance of power social context and legal framework The Economics Anti Textbook is the students guide to decoding the textbooks and shows how real economics is much more interesting than most economists are willing to let on **The Rebellious CEO** Ralph Nader, 2023-11-14 This is just the book for anyone who enjoys the podcast How I Built This Michael Dirda The Washington Post Nader is one of America s most effective social critics Forbes One of corporate America s greatest foes shows how 12 CEOs he has known uniquely rejected narrow yardsticks of shareholder value by leading companies to larger models of prosperity and justice Over the course of 7 decades Ralph Nader has been Corporate America s fiercest critic Supreme Court Justice William Powell singled out Nader in his infamous memo as the single most effective antagonist of American business the target of his hatred is corporate power But now in a book that will surprise both his fans and critics Nader profiles a small group of CEOs who he believes performed extraordinarily well as business leaders and civic reformers some well known some not who should be celebrated as exceptions whose life and career should be a course of emulation and inspiration for students of business executives and the wider citizenry This select group of mavericks and iconoclasts which includes The Body Shop s Anita Roddick Patagonia s Yvon Chouinard Vanguard s John Bogle and Busboys and Poets Andy Shallal give us Nader writes a sense of what might have been and what still could be if business were rigorously framed as a process that was not only about making money and selling things but improving our social and natural world *Unstoppable* Ralph Nader, 2014-04-15 Ralph Nader has fought for over fifty years on behalf of American citizens against the reckless influence of corporations and their government patrons on our society Now he ramps up the fight and makes a persuasive case that Americans are not powerless In

Unstoppable he explores the emerging political alignment of the Left and the Right against converging corporate government tyranny Large segments from the progressive conservative and libertarian political camps find themselves aligned in opposition to the destruction of civil liberties the economically draining corporate welfare state the relentless perpetuation of America s wars sovereignty shredding trade agreements and the unpunished crimes of Wall Street against Main Street Nader shows how Left Right coalitions can prevail over the corporate state and crony capitalism He draws on his extensive experience working with grassroots organizations in Washington and reveals the many surprising victories by united progressive and conservative forces As a participator in and keen observer of these budding alliances he breaks new ground in showing how such coalitions can overcome specific obstacles that divide them and how they can expand their power on Capitol Hill in the courts and in the decisive arena of public opinion Americans can reclaim their right to consume safe foods and drugs live in healthy environments receive fair rewards for their work resist empire regain control of taxpayer assets strengthen investor rights and make bureaucrats more efficient and accountable Nader argues it is in the interest of citizens of different political labels to join in the struggle against the corporate state that will if left unchecked ruin the Republic override our constitution and shred the basic rights of the American people **Class in America** Robert E. Weir, 2007-06-30

In the United States social class ranks with gender race and ethnicity in determining the values activities political behavior and life chances of individuals Most scholars agree on the importance of class although they often disagree on what it is and how it impacts Americans This A Z encyclopedia the first to focus on class in the United States surveys the breadth of class strata throughout our history for high school students to the general public Class is illuminated in 525 essay entries on significant people terms theories programs institutions eras ethnic groups places and much more This useful set is an authoritative fascinating source for in demand information on key aspects of our culture and society and helps researchers to narrow down a broad topic Class is revealed from angles that often intersect through history with entries such as Founding Fathers the Industrial Revolution Westward Expansion through economics with entries such as Dot com Bubble Robber Barons Chicago School of Economics Lottery Wage Slaves Economic Equal Opportunity Act Stock Market Inheritance Taxes Wal Mart Welfare through social indicators such as Conspicuous Consumption the Hamptons WASP Homelessness Social Climbing through politics with entries such as Anarchism Braceros Heritage Foundation Communist Party Kennedy Family and through culture through entries such as Country Music The Great Gatsby Television and Studs Terkel Class is also approached from ethnic sexual religious educational and regional angles Special features include an introduction timeline suggested reading per entry cross references reader s guide to topics and thorough index Sample entries Immigration Education Labor Movement Pink Collar Workers AFL CIO Strikes Great Depression Jacob Riis Literature the Rockefellers Slavery Music Academia Family Suburbia McMansions Taxation Segregation Racism Ivy League Robber Barons Philanthropists Socialites Religion Welfare the American Dream Dot com Millionaires Equal Opportunity Founding Fathers

Moral Ambition Rutger Bregman, 2025-05-06 From the author of the New York Times bestsellers *Humankind* and *Utopia for Realists* a more politically radical Malcolm Gladwell The New York Times comes a bold manifesto daring us to harness our talents and transform our idealism into action all with the goal of making the world a wildly better place A career consists of 2 000 workweeks and how you spend that time is one of the most important decisions of your life Still millions of people are stuck in in mind numbing pointless or just plain harmful jobs There s an antidote to this waste of talent and it s called moral ambition Moral ambition is the will to be among the best but with different measures of success Not a fancy title fat salary or corner office but a career dedicated to the best solutions to the world s biggest problems whether that means tackling climate change making pandemics history or fighting Big Tobacco In *Moral Ambition* internationally bestselling author Rutger Bregman reveals how our conventional definitions of success are harming us and the planet and shows how we can shift the focus from personal gain to societal benefit In the process he explains we will join a growing movement of pioneers who are already living out this ethos They re the builders the problem solvers the doers who have chosen a path less traveled A guidebook to finding that path for ourselves *Moral Ambition* reminds us that the real measure of success lies not in what we accumulate but in what we contribute and shows how we too can build a legacy that truly matters

Stem Cell Wars Eve Herold, 2015-04-07 Americans have become the victims of misinformation about stem cell research Over the last few years the stem cell debate has been intensely political religious and confusing to many people Now Eve Herold explains what this science is all about who is for and against it and why it must go forward She pulls together fascinating stories to highlight every aspect of this multifaceted field She exposes the politics of stem cell research and demonstrates how the outcome of the debate could ultimately affect all of us Packed with real life stories of the people caught up in this groundbreaking struggle *Stem Cell Wars* cuts through the noise and sets the standard for future debate

Civic Self-respect Ralph Nader, 2025-04-15 An inspiring exploration of democracy that separates the concept of a citizen into various roles providing a clarifying mission to all who read this call to action and civic participation In this concise volume Ralph Nader our trusted voice on corporate power and civic resistance goes right to the most basic taproots of an aspiring democracy its people and their roles in creating and sustaining community These roles including citizen voter worker taxpayer consumer and parent contribute to civic self respect and one s own significance in society As federal judge Learned Hand said in 1944 during a famous brief speech at Central Park New York City neither the laws the courts or other related institutions can be saved without the underlying exercise of the democratic spirit by the

people Civic Self Respect argues the importance to recognize the centrality in the development of a civic personality as distinguished from a private personality with the two co existing for a moral life participating in the common good As Nader's mother said when her friends would wonder how she could be raising four children and still have so much time for community engagements What's the difference One depends on each other the family and the community This book argues for how important it is for our educational system to teach the essentials of civic responsibility beyond its occupational or technical emphasis because the emergence of such a public minded personality is so essential for understanding the world and shaping civil societies

Return to Sender Ralph Nader, 2015-04-14 In letters addressed to Presidents George Bush and Barack Obama Ralph Nader provides incisive critiques of more than a decade of American policy decision and indecision Each letter offers frank advice and shines light on government mishaps and missed opportunities for progress With his signature dry wit Nader holds these Presidents to their campaign promises He also boldly points to the ignoble and sometimes heinous decisions made in pursuit of party platforms and misguided ideals Covering a range of still current topics including the Iraq war torture the Crimean annexation the minimum wage worker's health legislation and corporatism these letters were wholesale ignored on receipt Here they are reproduced to refute that fate in the spirit of true and healthy democracy

Breaking Through Power Ralph Nader, 2016-09-12 Nader's assessment of how concentrated wealth and power undermine democracy is clear and compelling but it's his substantive vision of how we ought to respond that makes *Breaking Through Power* essential reading Written just before Donald Trump's Electoral College victory Nader's latest book reads with even greater urgency now Yes Magazine In *Breaking Through Power* Ralph Nader draws from a lifetime waging and often winning David vs Goliath battles against big corporations and the United States government In this succinct Tom Paine style wake up call the iconic consumer advocate highlights the success stories of fellow Americans who organize change and work together to derail the many ways in which wealth manipulates politics labor media the environment and the quality of national life today Nader makes an inspired case about how the nation can and must be democratically managed by communities guided by the United States Constitution not by the dictates of big businesses and the wealthy few This is classic Ralph Nader a crystallization of the core political beliefs and commitments that have driven his lifetime of advocacy for greater democracy Ralph Nader is the grand progressive of our time We overlook his words at our own peril This book is required reading Cornel West Ralph Nader's *Breaking Through Power* is a brilliant analysis of corporate power and the popular mechanisms that can be used to wrest back our democracy No one has been fighting corporate domination longer or understands it better than Nader who will go down in history not only as a prophet but an example of what it means to live the moral life We disregard his wisdom and his courage at our peril Chris Hedges Pulitzer Prize winner and author of *Wages of Rebellion* The Moral Imperative of Revolt Nader goes beyond delineating the problem and provides a critical prescription to battle the toxicity of unjust power one that every individual can and must embrace Nomi Prins author *All the Presidents*

Bankers People are recognizing that our founding fundamental values of fairness justice and opportunity for all the very values that define our America are being shoved aside to create an un America of plutocracy and autocracy Ralph Nader s new book *Breaking Through Power* provides progressive boat rockers with inspiration and a plan for reclaiming America from the greedy Plutocrats and Fat Cats who think democracy is for sale to the highest bidder Jim Hightower I read Ralph Nader for the same reasons that I read Tom Paine He knows what he thinks says what he means and his courage is a lesson for us all Lewis Lapham Nader insists on speaking up for the little people and backs his arguments and decent sentiments with hard facts Publishers Weekly This book is short easy to read and deserves more than five stars Nader speaks for the average American and backs up his arguments with facts This is extremely highly recommended Paul Lappen Midwest Book Review About Ralph Nader Named by The Atlantic as one of the hundred most influential figures in American history and by Time and Life magazines as one of the most influential Americans of the twentieth century Ralph Nader has helped us drive safer cars eat healthier food breathe better air drink cleaner water and work in safer environments for more than four decades Nader s recent books include *Animal Envy* *Unstoppable* *The Good Fight* and the bestseller *Seventeen Traditions* Nader writes a syndicated column has his own radio show and gives lectures and interviews year round *Classic Writings in Law and Society* A. Javier Trevino, 2017-07-05 This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society This second edition expands the previous volume by adding additional statements Included are commentaries on Edward A Ross s *Social Control* A Survey of the Foundations of Order Karl N Llewellyn s *Jurisprudence* *Realism in Theory and Practice* Jerome Frank s *Law and the Modern Mind* Leon Petrazycki s *Law and Morality* and Karl Renner s *The Institutions of Private Law and their Social Functions* The goal of *Classic Writings in Law and Society* is to acquaint a new generation of students with classic writings by diverse social and legal scholars ranging from Henry Sumner Maine Oliver Wendell Holmes Jr and Hans Kelsen to Eugen Ehrlich Nicholas S Timasheff and Richard Quinney This work continues to demonstrate their contemporary theoretical relevance Accordingly each chapter speaks of the scholars work in general how the particular book under consideration fits into that corpus and how the book is assessed in a present day context These essays have a clear relation to the classic tradition in sociolegal thought Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post classic approach in law and social inquiry an approach that can be found in such orientations as critical legal studies chaos theory in law and legal semiotics *Classic Writings in Law and Society* includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment social control joint stock companies business firms and nation states in the study of law and society *Plunder* Ugo Mattei, Laura Nader, 2008-04-30 *Plunder* examines the dark side of the Rule of Law and explores how it has been used as a powerful political weapon by Western countries in order to legitimize plunder the practice of violent extraction by stronger political actors victimizing weaker ones Challenges

traditionally held beliefs in the sanctity of the Rule of Law by exposing its dark side Examines the Rule of Law s relationship with plunder the practice of violent extraction by stronger political actors victimizing weaker ones in the service of Western cultural and economic domination Provides global examples of plunder of oil in Iraq of ideas in the form of Western patents and intellectual property rights imposed on weaker peoples and of liberty in the United States Dares to ask the paradoxical question is the Rule of Law itself illegal **Plight of the Cultural Mutant** Jack Suss,2017-03-11 The past quarter century proved to be a particularly rough and rocky road for the cultural mutant From getting on the wrong end of political correctness at St John s College Santa Fe followed by a confused odyssey as an ESL teacher a doctoral student a would be scholar and poet pundit and constitutionalist attorney psychedelic inner space explorer and blues piano player and then returning to his boyhood neighborhood only to find it irretrievably morphed and mangled The confusion experienced during the cultural mutant s long odyssey in the wilderness of not knowing precisely the causes of his malaise is exhaustively portrayed herein *Encyclopedia of Political Communication* Lynda Lee Kaid,Christina Holtz-Bacha,2008 Political communication began with the earliest studies of democratic discourse by Aristotle and Plato However modern political communication relies on an interdisciplinary base which draws on concepts from communication political science journalism sociology psychology history rhetoric and others This two volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world The Encyclopedia of Political Communication discusses the major theoretical approaches to the field including direct and limited effects theories agenda setting theories sociological theories framing and priming theories and other past and present conceptualizations With nearly 600 entries this resource pays considerable attention to important political messages such as political speeches televised political advertising political posters and print advertising televised political debates and Internet sites The audiences for political communications are also central necessitating concentration on citizen reactions to political messages how the general public and voters in democratic systems respond to political messages and the effects of all types of media and message types Key Features Encompasses several channels of political communication including interpersonal and public communication radio television newspapers and the World Wide Web Provides news media coverage and journalistic analysis of politics political issues political figures and political institutions Concentrates on the field of political communication since the middle of the 20th century Emphasizes political communication from the point of view of the United States but there is substantial and important research and scholarship on political communication in international contexts Considers the role of communication in governing incorporating communication activities that influence the operation of executive legislative and judicial bodies political parties interest groups political action committees and other participants in political processes Key Themes Biographies Books Films Journals Television Democracy Democratization Education and Nonprofit Organizations Elections Government Operations and

Institutions Legal and Regulatory Media Events Media Outlets and Programs Role of Media in Political Systems News Media Coverage of Politics Political Affairs Theoretical Approaches Types of Political Media Political Attitudes Political Campaigns Political Events Political Groups and Organizations Political Issues Political Journalism Theoretical Concepts Women in Politics The Encyclopedia of Political Communication is designed for libraries undergraduates and members of the public with an interest in political affairs Media and political professionals as well as government officials lobbyists and participants in independent political organizations will find these volumes useful in developing a better understanding of how the media and communication function in political settings http://catdir.loc.gov/catdir/enhancements/fy0828/2007026514_d.html
