

A close-up, color photograph of Mikhail Gorbachev, the former leader of the Soviet Union. He is shown from the chest up, wearing a dark suit and a white shirt. He has a warm, friendly expression, with a slight smile and his eyes looking slightly to the right. His hair is light-colored and thinning at the temples. The background is out of focus, showing some indistinct shapes and colors.

N. Bisley

Gorbachev Factor:

The Gorbachev Factor Archie Brown, 1997 The author writes about Gorbachev both as the statesman and as the man He explores how an ordinary man can become a world leader wielding enormous power *The Gorbachev Factor* Archie Brown, 2009 *The ^A Human Factor* Archie Brown, 2020-03-13 The Human Factor focuses on the main figures involved in the Cold War Gorbachev Reagan and Thatcher examining them both in their own right and as proxies for larger economic social and political forces at play in their respective countries **Bulletin of the Atomic Scientists** , 1997-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

Gorbachev: His Life and Times William Taubman, 2017-09-05 Finalist for the National Book Critics Circle Award in Biography Longlisted for the Andrew Carnegie Medal for Excellence in Nonfiction The definitive biography of the transformational Russian leader by the Pulitzer Prize winning author of Khrushchev Essential reading for the twenty first century Radhika Jones The New York Times Book Review When Mikhail Gorbachev became the leader of the Soviet Union in 1985 the USSR was one of the world s two superpowers By 1989 his liberal policies of perestroika and glasnost had permanently transformed Soviet Communism and had made enemies of radicals on the right and left By 1990 he more than anyone else had ended the Cold War and in 1991 after barely escaping from a coup attempt he unintentionally presided over the collapse of the Soviet Union he had tried to save In the first comprehensive biography of the final Soviet leader William Taubman shows how a peasant boy became the Soviet system s gravedigger how he clambered to the top of a system designed to keep people like him down how he found common ground with America s arch conservative president Ronald Reagan and how he permitted the USSR and its East European empire to break apart without using force to preserve them Throughout Taubman portrays the many sides of Gorbachev s unique character that by Gorbachev s own admission make him difficult to understand Was he in fact a truly great leader or was he brought low in the end by his own shortcomings as well as by the unyielding forces he faced Drawing on interviews with Gorbachev himself transcripts and documents from the Russian archives and interviews with Kremlin aides and adversaries as well as foreign leaders Taubman s intensely personal portrait extends to Gorbachev s remarkable marriage to a woman he deeply loved and to the family that they raised together Nuanced and poignant yet unsparing and honest this sweeping account has all the amplitude of a great Russian novel

Why Did the Soviet Union Collapse?: Understanding Historical Change Robert Strayer, 2016-06-16 Taking the Soviet collapse the most cataclysmic event of the recent past as a case study this text engages students in the exercise of historical analysis interpretation and explanation In exploring the question posed by the title the author introduces and applies such organizing concepts as great power conflict imperial decline revolution ethnic conflict colonialism economic development totalitarian ideology and transition to democracy in a most accessible way Questions and controversies and

extracts from documentary and literary sources anchor the text at key points This book is intended for use in history and political science courses on the Soviet Union or more generally on the 20th century

Personality and Power Ian Kershaw, 2022-11-15 One of New York Magazine's Most Anticipated Books of the Fall How far can a single leader alter the course of history From one of the leading historians of twentieth century Europe and the author of the definitive biography of Hitler *Personality and Power* is a masterful reckoning with how character conspired with opportunity to create the modern age's uniquely devastating despots and how and why other countries found better paths The modern era saw the emergence of individuals who had command over a terrifying array of instruments of control persuasion and death Whole societies were reshaped and wars were fought often with a merciless contempt for the most basic norms At the summit of these societies were leaders whose personalities somehow enabled them to do whatever they wished regardless of the consequences for others Ian Kershaw's new book is a compelling lucid and challenging attempt to understand these rulers whether those operating on the widest stage Lenin Stalin Hitler Mussolini or with a more national impact Tito Franco What was it about these leaders and the times in which they lived that allowed them such untrammelled and murderous power And what brought that era to an end In a contrasting group of profiles from Churchill to de Gaulle Adenauer to Gorbachev and Thatcher to Kohl Kershaw uses his exceptional skills as an iconic historian to explore how strikingly different figures wielded power

The Peacemakers Bruce W. Jentleson, 2018-04-24 In the twentieth century great leaders played vital roles in making the world a fairer and more peaceful place How did they do it What lessons can be drawn for the twenty first century global agenda Those questions are at the heart of *The Peacemakers* a kind of global edition of John F Kennedy's *Profiles in Courage* Writing at a time when peace seems elusive and conflict endemic when tensions are running high among the major powers when history has come roaring back when democracy and human rights are yet again under siege when climate change is moving from future to present tense and when transformational statesmanship is so needed Bruce W Jentleson shows how twentieth century leaders of a variety of types national international institutional sociopolitical nongovernmental rewrote the zero sum scripts they were handed and successfully made breakthroughs on issues long thought intractable The stories are fascinating Henry Kissinger Zhou Enlai and the U S China opening Mikhail Gorbachev and the end of the Cold War Dag Hammarskjöld's exceptional effectiveness as United Nations secretary general Nelson Mandela and South African reconciliation Yitzhak Rabin seeking Arab Israeli peace Mahatma Gandhi as exemplar of anticolonialism and an apostle of nonviolence Lech Walesa and ending Soviet bloc communism Gro Harlem Brundtland and fostering global sustainability and a number of others While also taking into account other actors and factors Jentleson tells us who each leader was as an individual why they made the choices they did how they pursued their goals and what they were and weren't able to achieve And not just fascinating but also instructive Jentleson draws out lessons across the twenty first century global agenda making clear how difficult peacemaking is while powerfully demonstrating that it has been possible and urgently stressing how

necessary it is today An ambitious book for ambitious people The Peacemakers seeks to contribute to motivating and shaping the breakthroughs on which our future so greatly depends *For the Soul of Mankind* Melvyn P. Leffler, 2008-09-02 A masterful account of the Cold War by a distinguished historian in full stride G John Ikenberry Foreign Affairs To the amazement of the public pundits and even the policymakers themselves the ideological and political battles that endangered the world for half a century came to an end in 1990 How did that happen What caused the cold war in the first place and why did it last as long as it did To answer these questions Melvyn P Leffler homes in on four crucial episodes when American and Soviet leaders considered modulating avoiding or ending their global struggle for the soul of mankind and asks why they failed Stalin and Truman devising new policies after 1945 Malenkov and Eisenhower exploring the chance for peace after Stalin s death in 1953 Kennedy Khrushchev and LBJ trying to reduce tensions after the Cuban Missile Crisis of 1962 and Brezhnev and Carter aiming to sustain d tente after the Helsinki Conference of 1975 Leffler then illuminates how Reagan Bush and above all Gorbachev managed to extricate themselves form the policies and mind sets that had imprisoned their predecessors making it possible to reconfigure Soviet American relations after decades of confrontation Praise for *For the Soul of Mankind* A sweeping work Leffler is one of America s most distinguished cold war historians and this enlightening readable study is the product of years of research and reflection Jonathan Rosenberg The Christian Science Monitor Leffler has produced possibly the most readable and insightful study of the Cold War yet Publishers Weekly starred review Professor Leffler has the benefit of almost two decades of hindsight as well as access to recently declassified American and Soviet documents The result is a series of fresh and often provocative perspectives on the struggle Booklist Gorbachev's Glasnost Joseph Gibbs, 1999 In Gorbachev s Glasnost The Soviet Media in the First Phase of Perestroika author Joseph Gibbs traces the development of glasnost as both concept and policy from the Leninist idea of criticism and self criticism to Gorbachev s attempt to modernize and reinterpret that doctrine to fit his own political goals and aspirations BOOK JACKET

Department of Defense appropriations for fiscal year 1990 United States. Congress. Senate. Committee on Appropriations. Subcommittee on Defense, 1989 *Department of Defense Appropriations for Fiscal Year ...* United States. Congress. Senate. Committee on Appropriations. Subcommittee on Department of Defense, 1990 The Fall Steven Saxonberg, 2017-07-05 With a foreword by Seymour Lipset Hoover Institution and George Mason University USA The Fall examines one of the twentieth century s great historical puzzles why did the communist led regimes in Eastern Europe collapse so quickly and why was the process of collapse so different from country to country This major study explains why the impetus for change in Poland and Hungary came from the regimes themselves while in Czechoslovakia and East Germany it was mass movements which led to the downfall of the regimes **The End of the Cold War and the Causes of Soviet Collapse** N. Bisley, 2004-04-30 Soviet efforts to end the Cold War were intended to help revitalize the USSR Instead Nick Bisley argues they contributed crucially to its collapse Using historical sociological theory The End of the Cold War and the

Causes of Soviet Collapse shows that international confrontation had been an important element of Soviet rule and that the retreat from this confrontational posture weakened institutional functional aspects of the state This played a vital role in making the USSR vulnerable to the forces of economic crisis elite fragmentation and nationalism which ultimately caused its collapse *Reexamining Economic and Political Reforms in Russia, 1985-2000* Vladimir Gel'man,Dmitry Travin,Otar Marganiya,2014-06-25 Reexamining Economic and Political Reforms in Russia 1985 2000 Generations Ideas and Changes analyzes the impact of generational changes and ideational changes on major political and economic reforms conducted in Russia during the late twentieth century This book examines how the policy agenda was shaped by the ideas of the generations representatives for the sixtiers and seventiers Representatives of the generation of sixtiers conducted reforms from 1985 to 1991 and invested major efforts in political liberalization but did not pay enough attention to economic reforms On the other hand the reformers from the generation of seventiers who were in charge of policy making from 1991 to 1998 were genuinely oriented toward market building but rather insensitive to the democratization of the political regime This book explores how these differences in ideational agendas produced inconsistent and controversial outcomes from both stages of reforms **National Security in the Information Age** Emily O. Goldman,2004-08-02 As the activities of

individuals organizations and nations increasingly occur in cyberspace the security of those activities is becoming a growing concern Political economic and military leaders must manage and reduce the level of risk associated with threats from hostile states malevolent nonstate actors such as organized terrorist groups or individual hackers and high tech accidents The impact of the information technology revolution on warfare global stability governance and even the meaning of existing security constructs like deterrence is significant These essays examine the ways in which the information technology revolution has affected the logic of deterrence and crisis management definitions of peace and war democratic constraints on conflict the conduct of and military organization for war and the growing role of the private sector in providing security

The 1989 Revolutions in Central and Eastern Europe Kevin McDermott,Matthew Stibbe,2015-11-01 This important book reassesses a defining historical political and ideological moment in contemporary history the 1989 revolutions in central and eastern Europe Adopting a multi disciplinary approach the authors reconsider such crucial themes as the broader historical significance of the 1989 events the complex interaction between external and internal factors in the origins and outcomes of the revolutions the impact of the Gorbachev phenomenon the West and the end of the Cold War the political and socio economic determinants of the revolutionary processes in Poland Hungary the German Democratic Republic Czechoslovakia Romania and Bulgaria and the competing academic cultural and ideological perceptions of the year 1989 as communism gave way to post communist pluralism in the 1990s and beyond Concluding that the contentious term revolution is indeed apt for the momentous developments in eastern Europe in 1989 this book will be essential reading for undergraduates postgraduates and specialists alike Vodka Politics Mark Lawrence Schrad,2014-02-05 Russia is famous

for its vodka and its culture of extreme intoxication But just as vodka is central to the lives of many Russians it is also central to understanding Russian history and politics In *Vodka Politics* Mark Lawrence Schrad argues that debilitating societal alcoholism is not hard wired into Russians genetic code but rather their autocratic political system which has long wielded vodka as a tool of statecraft Through a series of historical investigations stretching from Ivan the Terrible through Vladimir Putin *Vodka Politics* presents the secret history of the Russian state itself a history that is drenched in liquor Scrutinizing rather than dismissing the role of alcohol in Russian politics yields a more nuanced understanding of Russian history itself from palace intrigues under the tsars to the drunken antics of Soviet and post Soviet leadership vodka is there in abundance Beyond vivid anecdotes Schrad scours original documents and archival evidence to answer provocative historical questions How have Russia s rulers used alcohol to solidify their autocratic rule What role did alcohol play in tsarist coups Was Nicholas II s ill fated prohibition a catalyst for the Bolshevik Revolution Could the Soviet Union have become a world power without liquor How did vodka politics contribute to the collapse of both communism and public health in the 1990s How can the Kremlin overcome vodka s hurdles to produce greater social well being prosperity and democracy into the future Viewing Russian history through the bottom of the vodka bottle helps us to understand why the liquor question remains important to Russian high politics even today almost a century after the issue had been put to bed in most every other modern state Indeed recognizing and confronting vodka s devastating political legacies may be the greatest political challenge for this generation of Russia s leadership as well as the next

Ruling Russia William Zimmerman, 2016-03-22 The first book to trace the evolution of Russian politics from the Bolsheviks to Putin When the Soviet Union collapsed many hoped that Russia s centuries long history of autocratic rule might finally end Yet today s Russia appears to be retreating from democracy not progressing toward it *Ruling Russia* is the only book of its kind to trace the history of modern Russian politics from the Bolshevik Revolution to the presidency of Vladimir Putin It examines the complex evolution of communist and post Soviet leadership in light of the latest research in political science explaining why the democratization of Russia has all but failed William Zimmerman argues that in the 1930s the USSR was totalitarian but gradually evolved into a normal authoritarian system while the post Soviet Russian Federation evolved from a competitive authoritarian to a normal authoritarian system in the first decade of the twenty first century He traces how the selectorate those empowered to choose the decision makers has changed across different regimes since the end of tsarist rule The selectorate was limited in the period after the revolution and contracted still further during Joseph Stalin s dictatorship only to expand somewhat after his death Zimmerman also assesses Russia s political prospects in future elections He predicts that while a return to totalitarianism in the coming decade is unlikely so too is democracy Rich in historical detail *Ruling Russia* is the first book to cover the entire period of the regime changes from the Bolsheviks to Putin and is essential reading for anyone seeking to understand why Russia still struggles to implement lasting democratic reforms

Comrades No More Renee De Nevers, 2003-06-20 In

1989 Soviet control over Eastern Europe ended when the communist regimes of the Warsaw Pact collapsed. These momentous and largely bloodless events set the stage for the end of the Cold War and ushered in a new era in international politics. Why did communism collapse relatively peacefully in Eastern Europe? Why did these changes occur in 1989 after more than four decades of communist rule? Why did this upheaval happen almost simultaneously in most of the Warsaw Pact? In *Comrades No More*, Renee de Nevers examines how internal and external factors interacted in the collapse of East European communism. She argues that Gorbachev's reforms in the Soviet Union were necessary to start the process of political change in Eastern Europe, but domestic factors in each communist state determined when and how each country abandoned communism. A demonstration effect emerged as Hungary and Poland introduced reforms and showed that Moscow would not intervene to prevent political and economic changes. De Nevers analyzes the process of change in Hungary, Poland, Bulgaria, the German Democratic Republic, Czechoslovakia, and Romania. She traces the pattern of reform in each country and shows how these patterns influenced their postcommunist political evolution.

Unveiling the Magic of Words: A Review of "**Gorbachev Factor**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Gorbachev Factor**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
