Politics, Society, And Nationality Inside Gorbachev's Russia Seweryn Bialer, 2019-06-04 The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations It attempts to formulate long term analyses and recommendations In p **The New Russia** Mikhail Gorbachev, 2016-06-08 After years of rapprochement the relationship between Russia and the West is more strained now than it has been in the past 25 years Putin's motives his reasons for seeking confrontation with the West remain for many a mystery Not for Mikhail Gorbachev In this new work Russia's elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin's regime and the intentions behind it He argues that Putin has significantly diminished the achievements of perestroika and is part of an over centralized system that presents a precarious future for Russia Faced with this Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy Gorbachev's insightful analysis moves beyond internal politics to address wider problems in the region including the Ukraine conflict as well as the global challenges of poverty and climate change Above all else he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War This book represents the summation of Gorbachev's thinking on the course that Russia has taken since 1991 and stands as a testament to one of the greatest and most influential statesmen of the twentieth century The Waking Giant Martin

Walker, 1986 A first rate biography of Mikhail Gorbachev and an absorbing first hand analysis of the revolution underway in the Soviet Union By one of the West's most respected Moscow journalists **Gorbachev** Mikhail Gorbachev, 1999-10-20 The last president of the Soviet Union discusses Communism the Cold War and bringing democracy to Russia in this sweeping political memoir Drawing on his own experience and rich archival material Mikhail Gorbachev shares his illuminating perspective on Russia's past present and future place in the world Beginning with the October Revolution of 1917 he notes how much Vladimir Lenin and the Bolshevik Party did to modernize Russia While he argues that the Soviet Union had a positive influence on social policy in the West Gorbachev maintains that this positive development was cut short by Stalinist totalitarianism Discussing the fall of the USSR in depth Gorbachev examines the goals of perestroika awakening ethnic tensions the inability of democrats to unite and his own attempts to preserve the union through reform In retracing those fateful days he explains the origins of Russia's present crisis He then lays out a blueprint for Russia's future charting a path toward meaningful economic and political reforms He also presents possible resolutions to a number of international dilemmas including NATO expansion the role of the UN the fate of nuclear weapons and environmental problems

Democratization in Russia under Gorbachev, 1985-91 Anne White, 1999-07-10 Self help organizations and charities were the most numerous but least studied of pressure groups to emerge during perestroika This book examines the social exclusion experienced before 1985 by non working citizens studies the pre 1985 disabled people's movement and its numerous unofficial but non dissident organizations discusses why the Gorbachev leadership adopted the non Soviet concept of charity analyses the failure of local authorities after 1985 to stave off pluralism and defeat the voluntary organizations and assesses how successfully the latter built the foundations of a civil society *Gorbachev's Russia* Basile H. Historical Dictionary of the Russian Federation Robert A. Saunders,2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and

home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **Russia's Bitter Path to Modernity** Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states
