Gordy Junior Novelization:

A Study Guide for Sherman Alexie's The Absolutely True Diary of a Part-Time Indian Gale, Cengage Learning, 2015-09-15 A Study Guide for Sherman Alexie's *The Absolutely True Diary of a Part Time Indian* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs. **Sherman Alexie** Jeff Berglund, Jan Roush, 2011-10-31 A collection of critical essays on the writing and films of American Indian author Sherman Alexie. *Constructing the Adolescent Reader in Contemporary Young Adult Fiction* Elisabeth Rose Gruner, 2019-05-17 This book examines the way young adult readers are constructed in a variety of contemporary young adult fictions, arguing that contemporary young adult novels depict readers as agents. Reading these novels suggests is neither an unalloyed good nor a dangerous ploy but rather an essential, occasionally fraught by turns escapist and instrumental, deeply pleasurable and highly contentious activity that has value far beyond the classroom skills or the specific content it conveys. After an introductory chapter that examines the state of reading and young adult fiction today, the book examines novels that depict reading in school, gendered and racialized reading, reading magical and religious books, and reading as a means to developing civic agency. These examinations reveal that books for teens depict teen readers as doers and suggest that their ability to read deeply critically and communally is crucial to the development of adolescent agency. **School Library Journal**, 1995. "Unsuitable" Books Caren J. Town, 2014-08-11 Focusing on the attempted and successful banning of young adult fiction from media centers and classrooms, this book treats the legal and experiential history of censorship in libraries and public schools. It also looks closely at young adult novels from the early 1970s until today that have been the subject of book challenges. The authors discussed include Judy Blume, S. E. Hinton, Chris Crutcher, Jean Craighead George, M. E. Kerr, Mildred Taylor, and Sherman Alexie. This book offers parents, teachers, and librarians arguments against censorship based on literary merit and societal benefit.

Junior Genreflecting Bridget Dealy Volz, Cheryl P. Scheer, Lynda B. Welborn, 2000-02-15 Grouping titles by specific themes and subtopics, describes content and features of popular paperback series, classics, and books published after 1990, and provides historical background to six different genres. Knowing Their Place? Identity and Space in Children's Literature Terri Doughty, Dawn Thompson, 2011-12-14 Traditionally in the West, children were expected to know their place, but what does this comprise in a contemporary globalized world? Does it mean to continue to accept subordination to those larger and more powerful? Does it mean to espouse unthinkingly a notion of national identity? Or is it about gaining an awareness of the ways in which identity is derived from a sense of place? Where individuals are situated matters as much, if not more than it ever has. In children's literature, the physical places and psychological spaces inhabited by children and young adults are also key elements in the developing identity formation of characters, and through engagement of readers too.

The contributors to this collection map a broad range of historical and present day workings of this process exploring indigeneity and place tracing the intertwining of place and identity in diasporic literature analyzing the relationship of the child to the natural world and studying the role of fantastic spaces in children's construction of the self They address fresh topics and texts ranging from the indigenization of the Gothic by Canadian mixed blood Anishinabe writer Drew Hayden Taylor to the lesser known children's books of George Mackay Brown to eco feminist analysis of contemporary verse novels The essays on more canonical texts such as Peter Pan and the Harry Potter series provide new angles from which to revision them Readers of this collection will gain understanding of the complex interactions of place space and identity in children's literature Essays in this book will appeal to those interested in Children's Literature Aboriginal Studies Environmentalism and literature and Fantasy literature

The Courage to Imagine Roni Natov, 2017-11-30 The act of imagining lies at the very heart of children's engagements with literature and with the plots and characters they encounter in their favorite stories The Courage to Imagine is a landmark new study of that fundamental act of imagining Roni Natov focuses on the ways in which children's imaginative engagement with the child hero figure can open them up to other people's experiences developing empathy across lines of race gender and sexuality as well as helping them to confront and handle traumatic experience safely Drawing on a wide range of theoretical approaches from the psychological to the cultural and reading a multicultural spectrum of authors including works by Maya Angelou Louise Erdrich Neil Gaiman and Brian Selznick this is a groundbreaking examination of the nature of imagining for children and re imagining for the adult writer and illustrator

Prepared for Elementary and Junior High School Grades Alice Burrington Cushman, 1935 [From Alice to Algernon](#) Holly Blackford, 2024-01-12 During the late Victorian period Charles Darwin's theories took the world by storm and the impact of evolution on research into the developing human mind was impossible to overlook Thereafter the study of children and childhood became a means to theorize imagine and apply the concept of evolution in a broad range of cultural productions Beginning with the watershed Victorian era From Alice to Algernon The Evolution of Child Consciousness in the Novel examines the creative transformation these theories underwent as they filtered through the modern novel especially those that examined the mind of the child By examining the connection between authors and trends in child psychology author Holly Blackford explains why many modern novels began to focus on child cognition as a site for intellectual and artistic exploration In each chapter of this book select novels of the late nineteenth or twentieth century are paired with a specific moment or movement from the history of developmental psychology Novels such as Mark Twain's Huckleberry Finn and Henry James's What Maisie Knew or Radclyffe Hall's less canonical The Well of Loneliness and even Mark Haddon's The Curious Incident of the Dog in the Night Time showcase major questions about human epistemology through their child characters From Lewis Carroll's Alice and her looking glass to Richard Wright's Bigger Thomas and the murder of Mary Dalton to the chaotic Neverland symbolizing the unmappable child's brain a literary tradition of child consciousness has

emerged as an experimental site for the unstable concepts of evolution civilization and development By situating literature about children within concurrent psychological discourses Blackford demonstrates how the modern novel contributed to the world's understanding of the boundless wonders and discernible limits of child consciousness *Handbook of Research on Children's and Young Adult Literature* Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This landmark volume is the first to bring together leading scholarship on children's and young adult literature from three intersecting disciplines Education English and Library and Information Science Distinguished by its multidisciplinary approach it describes and analyzes the different aspects of literary reading texts and contexts to illuminate how the book is transformed within and across different academic figurations of reading and interpreting children's literature Part one considers perspectives on readers and reading literature in home school library and community settings Part two introduces analytic frames for studying young adult novels picturebooks indigenous literature graphic novels and other genres Chapters include commentary on literary experiences and creative production from renowned authors and illustrators Part three focuses on the social contexts of literary study with chapters on censorship awards marketing and literary museums The singular contribution of this Handbook is to lay the groundwork for colleagues across disciplines to redraw the map of their separately figured worlds thus to enlarge the scope of scholarship and dialogue as well as push ahead into uncharted territory
