**Nepal and the Geo-Strategic Rivalry between China and India** Sanjay Upadhyaya, 2012-02-27 The importance of the Himalayan state of Nepal has been obscured by the international campaign to free Tibet and the vicissitudes of the Sino Indian rivalry This book presents the history of Nepal s domestic politics and foreign relations from ancient to modern times Analysing newly declassified reports from the United States and Britain published memoirs oral recollections and interviews the book presents the historical interactions between Nepal China Tibet and India It discusses how the ageing and inevitable death of the 14th Dalai Lama the radicalization of Tibetan diaspora and the ascendancy of the international campaign to free Tibet are of increasing importance to Nepal With its position between China and India the book notes how the focus could shift to Nepal with it being home to some 20 000 Tibetan refugees and its chronic political turmoil deepened by the Asian giants rivalry Using a chronological approach the past and present of the rivalry between China and India are studied and attempts to chart the future are made The book contributes to a new understanding of the intricate relationship of Nepal with these neighbouring countries and is of interest to students and scholars of South Asian studies politics and international relations Nepalese Casted Vessels, Decanters, and Bowls Matthew S. Friedman, 2000 **The History of Bhutan** Karma Phuntsho, 2013-04-23 In recent years the remote kingdom of Bhutan has increasingly attracted the attention of the world In 2008 it emerged as the world s youngest democracy and in the same year crowned the world s youngest monarch This was followed by the new King s colourful wedding in 2011 Today it continues to enchant the rest of the world with its policy of Gross National Happiness and has become a very popular destination for travel But despite its growing popularity and the rising scholarly interest in the country Bhutan remains one of the most poorly studied places on earth Karma Phuntsho s *The History of Bhutan* is the first ever attempt to cover the entire history of Bhutan in some detail in English combining both traditional perspectives and modern academic analysis Written by a leading expert on the country the book tells the story of Bhutan in a narrative style interspersed with some analytical and topical discussion and numerous citations and translations from earlier writings It is primarily a historical account but it also includes substantive discussions of Bhutan s geography

culture and society to give the readers an incisive introduction to the country      Tibet Dawa Norbu,2011-05-31 Tibet The Road Ahead is the extraordinary account of the potential extinction of a civilisation Written by a gifted Tibetan of humble origins this book tells the story of ordinary Tibetans in the twentieth century Professor Norbu refutes China s claim that Tibet has been part of China since the seventh century AD showing how the relationship between the two countries was symbolic and ceremonial rather than one of political suppression He portrays pre 1950 Tibet as a place of complete and genuine freedom in stark contrast with recent events in the region Beautifully written and offering a fresh incisive look at the road ahead for Tibet in post Deng China this book will appeal to all those fascinated by and concerned for the land of the snows

**Chitwan-Annapurna Landscape** ,2013      The Buddha Party John Powers,2017 The Buddha Party tells the story of how the People s Republic of China employs propaganda to define Tibetan Buddhist belief and sway opinion within the country and abroad The narrative they create is at odds with historical facts and deliberately misleading but John Powers argues it is widely believed by Han Chinese Most of China s leaders appear to deeply believe the official line regarding Tibet which resonates with Han notions of themselves as China s most advanced nationality and as a benevolent race that liberates and culturally uplifts minority peoples This in turn profoundly affects how the leadership interacts with their counterparts in other countries Powers s study focuses in particular on the government s patriotic education campaign an initiative that forces monks and nuns to participate in propaganda sessions and repeat official dogma Powers contextualizes this within a larger campaign to transform China s religions into patriotic systems that endorse Communist Party policies This book offers a powerful comprehensive examination of this ongoing phenomenon how it works and how Tibetans resist it      **China's**

**Regional Development and Tibet** Rongxing Guo,2015-10-16 This book pursues both narrative and analytic approaches to better understand China s spatial economic development and its implications for Tibet Accordingly this book focuses on Tibet an autonomous region in the far west of China as the subject of an in depth case study highlighting its unique geopolitical and socioeconomic features and external and boundary conditions China s great diversity in terms of physical geography resource endowment political economy and ethnicity and religion has posed challenges to the studies of spatial and interprovincial issues Indeed the Chinese nation is far too huge and spatially diverse to be easily interpreted The only feasible approach to analyzing it is therefore to divide it into smaller geographical elements so as to arrive at better insights into the country s spatial mechanisms and regional characteristics In this context the book combines analytic and narrative approaches      **All Roads Lead North** Amish Raj Mulmi,2022-05-01 During the June 2020 territorial dispute over Kalapani India blamed tensions on a newly assertive Nepal s deepening relations with China But beyond the accusations and

grandstanding this reflects a new reality the power equations in South Asia have been redrawn to make space for China Nepal did not turn northwards overnight Its ties with China have deep historical roots built on Buddhism dating to the early first millennium While India s unofficial 2015 blockade provided momentum to the rift with Delhi Nepal has long wanted

deeper ties with Beijing to counteract India's oppressive intimacy. With China's growing South Asian and global ambitions, Nepal now has a new primary bilateral partner and Nepalis are forging a path towards modernity with its help both in the remote borderlands and in the cities. *All Roads Lead North* offers a long view of Nepal's foreign relations today underpinned by China's world power status. Sharing never before told stories about Tibetan guerrilla fighters, failed coup leaders and trans-Himalayan traders, Nepal analyst Amish Raj Mulmi examines the histories binding mountain communities together across the Sino-Nepali border. Part history, part journalistic account, Mulmi's is a complex, compelling and rigorously researched study of a small country caught between two neighbourhood giants. *The Selfless Ego* Lucia Galli, Franz Xaver Erhard, 2021-05-13

The essays collected in *The Selfless Ego* propose an innovative approach to one of the most fascinating aspects of Tibetan literature: life writing. Departing from past schemes of interpretation, this book addresses issues of literary theory and identity construction, eluding the strictures imposed by the adoption of the hagiographical master narrative as synonymous with the genre. The book is divided into two parts. Ideally conceived as an introduction to traditional forms of life writing as expressed in Buddhist milieus, Part I: *Memory and Imagination in Tibetan Hagiographical Writing* centres on the inner tensions between literary convention and self-expression that permeate indigenous hagiographies, mystical songs, records of teachings and autobiographies. Part II: *Conjuring Tibetan Lives* explores the most unconventional traits of the genre, sifting through the narrative configuration of Tibetan biographical writings as liberation stories to unearth those fragments of life that compose an individual's multifaceted existence. This volume is the first to approach Tibetan life writing from a literary and narratological perspective, encompassing a wide range of disciplines, themes, media and historical periods, and thus opening new and vibrant areas of research to future scholarship across the Humanities. The chapters in this book were originally published as two special issues of *Life Writing*.

***The Founder of Modern Nepal: Prithvinarayan Shah*** Esa. Pī Āsā, 2003. Historical novel based on the life of Prithvi Narayan Shah, a Deva Maharajadhiraja of Nepal, 1722–1774. *Sacred Mandates* Timothy Brook, Michael van Walt van Praag, Miek Boltjes, 2018-05-21. Contemporary discussions of international relations in Asia tend to be tethered in the present, unmoored from the historical contexts that give them meaning. *Sacred Mandates*, edited by Timothy Brook, Michael van Walt van Praag and Miek Boltjes, redresses this oversight by examining the complex history of inter-polity relations in Inner and East Asia from the thirteenth century to the twentieth, in order to help us understand and develop policies to address challenges in the region today. This book argues that understanding the diversity of past legal orders helps explain the forms of contemporary conflict as well as the conflicting historical narratives that animate tensions. Rather than proceed sequentially by way of dynasties, the editors identify three worlds: Chinggisid, Mongol, Tibetan Buddhist and Confucian Sinic, that represent different forms of civilization, authority and legal order. This novel framework enables us to escape the modern tendency to view the international system solely as the interaction of independent states and instead detect the effects of the complicated history at play between and within regions. Contributors

from a wide range of disciplines cover a host of topics the development of international law sovereignty state formation ruler legitimacy and imperial expansion as well as the role of spiritual authority on state behavior the impact of modernization and the challenges for peace processes The culmination of five years of collaborative research Sacred Mandates will be the definitive historical guide to international and intrastate relations in Asia of interest to policymakers and scholars alike for years to come

Tibetan Buddhism in Diaspora Ana Cristina O. Lopes, 2014-12-17 The imperialist ambitions of China which invaded Tibet in the late 1940s have sparked the spectacular spread of Tibetan Buddhism worldwide and especially in western countries This work is a study on the malleability of a particular Buddhist tradition on its adaptability in new contexts The book analyses the nature of the Tibetan Buddhism in the Diaspora It examines how the re-signification of Tibetan Buddhist practices and organizational structures in the present refers back to the dismantlement of the Tibetan state headed by the Dalai Lama and the fragmentation of Tibetan Buddhist religious organizations in general It includes extensive multi-sited fieldwork conducted in the United States Brazil Europe and Asia and a detailed analysis of contemporary documents relating to the global spread of Tibetan Buddhism The author demonstrates that there is a de-institutionalized and de-territorialized project of political power and religious organization which among several other consequences engenders the gradual autonomization of lamas and lineages inside the religious field of Tibetan Buddhism Thus a spectre of these previous institutions continues to exist outside their original contexts and they are continually activated in ever new settings Using a combination of two different academic traditions namely the

Brazilian anthropological tradition and the American Buddhist studies tradition it investigates the process of cultural re-signification of Tibetan Buddhism in the context of its Diaspora Thus it will be a valuable resource to students and scholars of Asian Religion Asian Studies and Buddhism      **Revisiting Rituals in a Changing Tibetan World** ,2012-08-03 Tibet Nepal Mongolia This vast area has experienced significant changes following political and socio cultural upheavals the Chinese occupation of Tibet since the 1950s the opening of Nepal to the world in 1951 and the influx of large numbers of Tibetan refugees into its territory the end of the communist era and the transition to a market economy in Mongolia and more generally the confrontation with modernity and globalisation Revisiting Rituals in a Changing Tibetan World examines the changes rituals have undergone and offers the reader the result of recent research based on both fieldwork and textual studies by researchers who have worked in these countries Contributors include Hildegard Diemberger Fabienne Jagou Thierry Dodin Fernanda Pirie Nicola Schneider Mireille Helffer Alexander von Rospatt Marie Dominique Even Robert Barnett Katia Buffetrille      **Languages of the Himalayas** George van Driem,2022-09-12 The survey work Languages of the Himalayas provides a bird s eye view of Himalayan languages and language communities It also constitutes a primary source for much new hitherto unpublished data on several languages The demographic mosaic of the Himalayas today is viewed in a historical and comparative linguistic perspective The reader will find an outline of the historical and prehistorical developments that have determined the modern ethnolinguistic composition of the Himalayan region involving various independent linguistics stocks or language families Maps illustrate the distribution of language communities and trace the routes of ancient migrations There is an illuminating discussion of grammatical features found in Himalayan languages The print edition is available as a set of two volumes 9789004103900      **Water Rights, Conflict and Policy** Rajendra Pradham,1997
