Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc. agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease      **The Gospel of Jesus, Critically Reconstructed from the Earliest Sources** Clayton Raymond Bowen, 2016-05-24 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we

**Catalogue of English Bible Translations** William J. Chamberlin,1991-12-10 While other Bible catalogs are available this comprehensive reference book is destined to become the standard in the field Chamberlin s one volume work traces the publication history of multiple editions of Bible translations and offers valuable decriptive annotations The catalog not only includes complete Bibles but also Old and New Testaments partial texts commentaries that include translations children s Bibles Apocryphal writings and the Koran as well Other bibliographies are usually limited to editions commonly found in academic libraries but Chamberlin s guide also includes Bibles found in private collections Overall this catalogue contains more than five times as many entries of different English translations as two other Bible bibliographies those by Hill and Herbert combined The entries are grouped in 151 categories and within each category entries are listed in chronological order The accompanying annotations identify the translator and provide an overview of the contents of each work The detailed indexes make this bibliography a convenient tool for researchers Bible scholars collectors and rare book dealers will find this catalogue a necessary addition to their libraries

*The Rule of Faith* Ephraim Radner,George Sumner,1998-06-15 This collection of essays presented at the 1997 Scholarly Engagement with Anglican Doctrine SEAD Conference counters some of today s New Testament scholarship particularly that of the Jesus Seminar Asserting that only canon and creed can render knowledge of God two generations of scholars speak for a retrieval of more traditional modes of interpretation by and for today s church The Rule of Faith features three keynote addresses by eminent New Testament scholar the Rev Dr Brevard S Childs Sterling Professor of Divinity at Yale University one of the most notable Biblical theologians in contemporary American Christianity It also contains works by several younger scholars many of whom studied with Dr Childs and represent an emerging generation

of orthodox Christian leadership for the Episcopal Church including Ephraim Radner George Sumner Kathryn Greene McCreight Stephen Holmgren R R Reno Christopher Seitz Kendall Harmon William Witt and Chris Brown Their writings give voice to scholarly engagement with the creedal Christian faith in the Episcopal Church **Catalogue of Copyright Entries** Library of Congress. Dictionary of Jesus and the Gospels presents the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialog with contemporary scholarship and challenges facing the church     Catalog of Copyright Entries ,1916     *Christian Register and Boston Observer* ,1917     **Hermeneutics and Early Christian Gospels** Todd Brewer ,2025-03-17     *The Biblical World* William Rainey Harper,Ernest DeWitt Burton,Shailer Mathews,1917 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352     **YHVH Elohim My people** Paul Ripamonti,2019-06-28 This book is a collection of insights that Jesus by His Spirit has illuminated to me as a result of searching His Word for Truth biblical Truth Biblical Truth I believe is not dependent upon who preaches it or who believes it but whether or not it is in agreement with tested against His Word Wherever the name Jesus is used it implies either Jesus or Yeshua of Nazareth Wherever His Word is used it implies His Original Word the original Hebrew and Greek in so far as that is possible today As I earnestly searched the various Bible translations original Hebrew and Greek texts concordances and the vast amount of information available to everybody today I found that today there seems to be much confusion about what is called Truth and what is actually biblical Truth I was amazed to find unfortunately that what is being taught does not match biblical Truth What I found is that most of what is taught today is in fact traditions of man His Word corrupted     **Biblical Theology of the Old and New Testaments** Brevard S. Childs,1993-04 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Child s lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament s interest in the Old Rather Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices each of which retains continuing integrity and is heard on its own terms
