Gospel Of Matthew With Introduction Commentary And Notes And With Study Questions:

The Gospel of Matthew Scott Hahn, 2000 Matthew: An Introduction and Study Guide Elaine M.

Wainwright, 2017-01-12 Recent decades have seen significant shifts in biblical scholarship opening up a range of ways of engaging the biblical narrative both methodologically the tools and techniques for engaging the text and hermeneutically the perspectives that inform an interpreter's approach to the text and to the interpretative task It is these shifts that give shape to this introduction and study guide so that students encounter not only the text of Matthew itself but also its rich lode of recent interpretation Among aspects of 1st century life brought to the fore by current social scientific methodology are kinship the honor and shame culture and masculinity Gender is another interpretative lens that has characterized the study of the Gospel of Matthew in recent decades and the Guide provides pathways through this rich literature The guide to Matthew concludes with the most recent turn of the hermeneutical lens namely an ecological perspective on what is perhaps the best known text in Matthew the Beatitudes This final chapter is an example of how we can enter an old and familiar text like the Gospel of Matthew from yet another new critical direction **The Structure of Matthew's Gospel** David

Bauer, 2015-01-29 This book addresses a central issue confronting the reader of the Gospel Professor Bauer describes the impasse that has been reached in recent investigation of the structure of Matthew and demonstrates that an appreciation of literary design can provide a way forward After identifying rhetorical features that relate to literary structure he devotes the major part of his book to a systematic examination of such features as they appear in the Gospel in order to gain a fresh insight into the shape of the work This study is valuable both for its comprehensive and judicious review of the question of structure in Matthew's Gospel and for the new direction which it establishes A Guide to Biblical Commentaries and Reference Works John F. Evans, 2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F Evans

summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author's names in bold The author keeps up on the publication of commentaries and intends to update this book every three to four years **A Guide to the Gospels** William Graham Scroggie, 1948

Acknowledged by many as a classic work of biblical scholarship A Guide to the Gospels by Dr W Graham Scroggie provides a book by book treatment of the foundational New Testament books Every element of the four Gospels is covered under the three divisions of this study The Gospels viewed synthetically The Gospels viewed analytically The Gospels viewed Christologically Filled with a wealth of charts maps and lists A Guide to the Gospels provides a ready source of information analysis and source material for the pastor teacher or Bible student Scroggie's insightful treatment of the English text
