Forty Ways to Look at Winston Churchill Gretchen Rubin, 2004-05-11 Warrior and writer genius and crank rider in the British cavalry's last great charge and inventor of the tank Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war Like no other portrait of its famous subject Forty Ways to Look at Winston Churchill is a dazzling display of facts more improbable than fiction and an investigation of the contradictions and complexities that haunt biography Gretchen Rubin gives readers in a single volume the kind of rounded view usually gained only by reading dozens of conventional biographies With penetrating insight and vivid anecdotes Rubin makes Churchill accessible and meaningful to twenty-first century readers with forty contrasting views of the man he was an alcoholic he was not he was an anachronism he was a visionary he was a racist he was a humanitarian he was the most quotable man in the history of the English language he was a bore In crisp energetic language Rubin creates a new form for presenting a great figure of history and brings to full realization the depiction of a man too fabulous for any novelist to construct too complicated for even the longest narrative to describe and too valuable ever to be forgotten The Right of Publicity Jennifer Rothman, 2018-05-07 From athletes to victims of revenge porn people have been transformed into intellectual property Who controls one's identity Jennifer Rothman uses the right of publicity a little-known law to answer this question By tracing the right's origins to privacy laws in the 1800s she finds a way to reclaim privacy for a public world
