Networks for Faith Formation Steve Emery-Wright, Ed Mackenzie, 2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth

Spice up Your Soul Jenny Cailing Pugh, 2020-04-08 The objective of this book is to inspire and to remind us of our true nature and value as human beings The author Jenny Cailing Pugh had spent decades and most of her life searching researching introspecting and studying the essence of being human and she had come to the conclusion that the soul is the link that catapult human lives from any misery that humans experience in the material world to the Higher Self and Purpose of life The book shows the way to create miracles in your individual life when you feel like your situations become so difficult and beyond your control Once in a while if not often most people would find themselves entangled in life's various problems in any areas such as financial difficulties relationships in family and loved ones failures in career and business and many more as you continue to journey in life Many people just exist and drift by in life without direction because they are disconnected from the essence of their being they forget worse have no idea that they have a power within them that is all knowing and that could create miracles in their lives if only they had learned to reach deep down within them to the powerful essence of their existence Read my book and be blessed

Faith for the Times: From the Shadows into the Marvelous Light Faith for the Times: From the Shadows into the Marvelous Light, 2023-05-13 Our nation is currently in a unique and perilous time of division which includes our communities of faith Unique in the sense that issues of faith are being used by many secular and sacred sources to exploit the divide of our nation further and perilous because if left unchecked our nation could move to civil war Faith for the Times first describes the political social and civil issues facilitating the division in our nation's faith communities Following those descriptions are discussions of methods to heal those divides supported by anecdotes and experiences from over thirty years of ministry in various communities of faith in the Washington D C area Divisions in our nation exist in several ways but in this writing they are generalized into the three areas of political social and civil What is most alarming about our times is that these divisions combine with the many existing divisions in the communities of faith in our nation There have always been divisions between types of faith and there have been many conflicts between them throughout history But it seems that since the turn of the century beginning with the September 11 2001 attacks on New York City that conflicts among some of the major faiths such as Christianity Judaism and Islam have escalated What's more with the accelerated political polarization of the Evangelical Christian community divides between denominations of the Evangelical church have grown In the first part of this writing the author describes the dividing of our nation and the role faith has played in that division This is done by borrowing a technique used by David in the writing of his Psalms using the term shadows The author applies that term as the shadows of faith as an illustration how our faith influences our political social and civil expressions of living The intent with Part 1 of this writing is to expose the complexity of the divide in our nation and how faith interacts with that divide In Part 2 the author addresses how to close the divide by faith There is no

pretense in this writing to suggest a nation as big and diverse as ours could be united with this one writing But there is a confidence portrayed in the text concerning what God has done in the author s faith journey that allows the writing of these words and ideas as something to ponder and perhaps light a spark to begin the healing process required of our nation The reader is invited to embrace what may be a new conversation of faith A faith that focuses more on what we have in common with other people of faith than what divides us That passion has been birthed in the author because of a faith journey not of his choosing but by his experience Being raised Catholic the author converted to Protestant as a young adult Moving through several denominations by experiences of faith the result has been a faith and a passion to impact people for God not for a particular denomination The reader is invited to join this celebration of faith with the author **Love, Then Faith** Elaine Medasie,2018-07-23 It is three weeks before Christmas in 1982 when Joe Grant spots an electric candle in a dark apartment window across from his complex in a Washington DC suburb For nearly an hour he stares at it completely mesmerized by its simplicity There is no question that the unexpected distraction is a welcome relief from his self imposed lonely existence Night after night Joe becomes obsessed with keeping his vigil of the candle One evening the living room drapes finally open and reveal the young woman who lives in the apartment Fascinated Joe continues his watch until after Christmas when Peggy Rustover at last glances up and realizes she is being observed Although she is initially frightened Peggy soon realizes that Joe is just a lonely soul looking for a friendmaybe more But Peggy has a boyfriend and Joe is battling a tragic painful past When they eventually meet over a pot of soup neither have any idea that it is God who has brought them together and that it is He who will help Joe overcome his fears and doubts to love again Love Then Faith shares the poignant tale of two strangers who meet in the most unlikely of ways and embrace the power of Gods love and grace to help one of them rise above a tragic past
