H. Henry* Jerry M. Ireland, 2015-06-01 How do evangelism and social concern relate to one another in the mission of the church How should the Old Testament s emphasis on social justice inform the praxis of modern believers Does the Bible emphasize individual salvation or does it teach a broader more inclusive concept Theologians missiologists pastors and educators have wrestled with these questions for centuries But especially since the early part of the twentieth century this debate has increasingly become a point of contention among evangelical Christians with few indications that a consensus may soon be forthcoming Yet few have offered so thorough an answer to these questions as has Carl F H Henry Henry s regenerative model of evangelism and social concern stands on the shoulders of Augustine and many others and offers what may be the best way forward This book explores Henry s thoughts on this subject and sets him in dialogue with numerous others who have written on these topics Thus it will prove a valuable resource for all interested in this topic *Models of Evangelism* Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it s through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model **Rethinking Missio Dei among Evangelical Churches in an Eastern European Orthodox Context** Vladimir Ubeivolt, 2016-09-30 Following a paradigm shift in his own personal understanding of mission Vladimir Ubeivolt proposes the adoption of mission principles based on missio Dei to meet the social and spiritual needs of people in Moldova Biblically grounded and insightful the lessons to be learned from this book apply far beyond Eastern Europe Dr Ubeivolt uses his knowledge from six years of research twenty years of pastoral ministry and a lifetime of experience to summarize the landscape of the Moldovan Evangelical and Orthodox churches and their historical approaches to mission His evaluation emphasizes the need for a biblical foundation to mission for Eastern European Evangelical churches This book s message is a timely scholarly reminder of the need to pursue holistic mission if the church of Jesus Christ is to be an authentic and effective vessel to bring transformation to people s lives and society

Ireland, 2017-03-23 Compassionate missions constitutes a growing focus among evangelical denominations and agencies Because of this there exists a growing need to be guided by sound principles and best practices This edited volume sets forth both the biblical foundations and preferred methods for churches wanting to engage in compassion as part of their missionary efforts The aim throughout is that compassionate missions would be guided by indigenous principles that help establish autonomous local churches capable of being salt and light in their communities The contributors to this volume have over 200 years of missions experience Through their first hand knowledge of the challenges and pitfalls faced by missionaries engaging in compassion these authors set forth foundational principles and practical guidelines related to some of the most pressing issues confronting missionaries today These include HIV AIDS UPGs human trafficking orphans and vulnerable children gender issues and many more Pastors missionaries missions boards and educators will find this a valuable resource as the church in the twenty first century continues to engage in the Great Commission The Missionary Movement in Colonial Kenya James Karanja, 2009 The Transfiguration of Mission Wilbert R. Shenk, 2008-02-01 Six contributors bring broad mission experience to their examination of current trends in missiological thought The Community of the King Howard A. Snyder, 2010-01-28 Howard A. Snyder probes the relationship between the kingdom of God and our daily experience of the church **The Church and Cultures** Louis J. Luzbetak, 2015-03-31 Why should the church be concerned about cultures Louis J. Luzbetak began to answer this question twenty five years ago with the publication of *The Church and Cultures* An Applied Anthropology for the Religious Worker Reprinted six times and translated into five languages it became an undisputed classic in the field Now by popular demand Luzbetak has thoroughly rewritten his work completely updating it in light of contemporary anthropological and missiological thought and in face of current world conditions Serving as a handbook for a culturally sensitive ministry and witness *The Church and Cultures* introduces the non anthropologist to a wealth of scientific knowledge directly relevant to pastoral work religious education social action and liturgy in fact to all forms of missionary activity in the church It focuses on a burning theological issue that of contextualization the process by which a local church integrates its understanding of the Gospel text with the local culture context *Context and Contextuality* Vyacheslav Tsvirinko, 2018-01-31 Since 1988 hundreds of thousands of evangelical Christians have migrated to the United States of America from former Soviet Union countries establishing many Russian speaking immigrant congregations across the country This study analyzes how these immigrant churches function in their new cultural social and religious context Dr Vyacheslav Tsvirinko a Russian who lived in the USA for over twenty five years

**Eschatology and Ecology** Paul Hang-Sik Cho, 2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge

We Are Many Edward S. Shapiro, 2005-06-03 The topics of Edward Shapiro s book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham s interpretation of American anti Semitism Nathan Glazer s view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author s exploration of how American Jews have reconciled their dual identities as Americans and as Jews These solutions has shaped the way Jews have voted prayed earned a living married and chosen a profession America Shapiro argues has truly been different for Jews but this difference has shaped the history of America s Jews in unexpected and ironic ways The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group

The Politics of Plunder Doug Bandow, 1990-01-01 This slashing critique charges that the federal government and interest groups have badly mismanaged the political process for private ends Transcending conventional ideologies Bandow sees the root of the problem as our failure to honor the Founding Fathers' intention to establish a limited government with severely circumscribed powers in all areas People abuse power it is human nature Only limited state authority will keep the political process from disintegrating into petty fighting among factions each competing for its own limited self interest The demise of the original restraints has created an overgrown federal government that is ever more wasteful inefficient and unjust Doug Bandow spares no sacred cows He considers state interference in the free market responsible for an ethic of legalized theft which allows interest groups to use the state to enrich themselves through subsidies competitive restrictions and other protectionist measures He sees a judiciary that has aided the other branches of government in manipulating human conduct and restricting personal freedom for both liberal and conservative reasons And in foreign policy he sees the development of an interventionist consensus whereby Washington attempts to remake foreign nations in its image through military intervention and foreign aid with disastrous results The Politics of Plunder is written by an insider who combines theoretical and analytical skill with practical political experience Bandow served in the most conservative administration of recent years yet freely criticizes the nostrums of the Right He is an evangelical Christian yet dislikes the tactics of the Religious Right His unique background campaign worker lawyer presidential aide magazine editor policy analyst and journalist enables him to go far beyond the usual Washington commentary Bandow's objective is to develop a new political perspective that transcends both conservative and liberal boundaries and emphasizes individual liberty skepticism of state power and tolerance of others Those interested in the world of ideas will find this an accessible practical guide to libertarian thought Those interested in the world of public policy will find here a detailed discussion of

scores of recent controversies      The American City and the Evangelical Church Harvie M. Conn,1994      **Evangelism and Social Involvement** Delos Miles,1986      Recent Evangelical Appraisals of Capitalism and American Class Culture Craig M. Gay,1989
