Goldbeck, MD, 2016-08-27 The passage of time inevitably causes outstanding achievements and important names to be obscured or lost However this does not reduce their inherent value Over the course of many decades the author has derived countless hours of entertainment and education through the four major American entertainment media radio theater movies and television He feels indebted to the exceptionally talented performers of the twentieth century who have now passed into history Recently the author has attempted to locate a book describing all four of the entertainment media and its great performers but none is to be found Many books are available about only one or two media The author hopes that this book will spark the readers interest in the great stars of the past and propagate this forward particularly to the younger generation All the data in this book is publicly available piecemeal but this book consolidates and makes it more pleasurable and easier for the reader to acquire the fun and sometimes trivial information Long Black Veil Jennifer Finney

**Incomparable Grace** Mark K. Updegrove,2022-04-26 An illuminating account of John F Kennedy s brief but transformative tenure in the White House from acclaimed author and historian Mark K Updegrove head of the LBJ Foundation and presidential historian for ABC News Tremendously absorbing and inviting An important book Doris Kearns Goodwin Elegant concise and knowing Michael Beschloss Rescues JFK from Camelot mythology Richard Norton Smith Nearly sixty years after his death JFK still holds an outsize place in the American imagination While Baby Boomers remember his dazzling presence as president millennials more likely know him from advertisements for Omega watches or Ray Ban sunglasses Yet his years in office were marked by more than his style and elegance His presidency is a story of a fledgling leader forced to meet unprecedented challenges and to rise above missteps to lead his nation into a new and hopeful era Kennedy entered office inexperienced but alluring his reputation more given by an enamored public than earned through achievement In this gripping new assessment of his time in the Oval Office Updegrove reveals how JFK s first months were marred by setbacks the botched Bay of Pigs invasions a disastrous summit with the Soviet premier and a mismanaged approach to the Civil Rights movement But the young president soon proved that behind the glamour was a leader of uncommon fortitude and vision A humbled Kennedy conceded his mistakes and importantly for our times drew important lessons from his failures that he used to right wrongs and move forward undaunted Indeed Kennedy grew as president radiating greater possibility as he coolly faced a steady stream of crises before his tragic

end Incomparable Grace compellingly reexamines the dramatic consequential White House years of a flawed but gifted leader too often defined by the Camelot myth that came after his untimely death      **Stroke of Luck** Larry Belling,2014-03-28 A dark outrageous comedy of greed family and love by American playwright Larry Belling      The Presidency of John F. Kennedy James N. Giglio,2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot s fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio s bestselling study widely acclaimed as the best and most balanced book on JFK s White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy s youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK s prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK s sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy s watch Featuring an expanded bibliographical essay and twenty two photos from the JFK library The Presidency of John F Kennedy remains the definitive appraisal of Camelot s kingdom

engrossing investigation of memory and identity love and desire art and fate Native State vividly portrays the author's attempts to escape the confines of a celebrity filled alcoholic family through music writing and travel His descent into the colorful milieus of musical and literary geniuses and lowlifes divas and crooks fortune tellers and culture gods in Paris Tangier London Copenhagen Barcelona San Francisco Kyoto and Los Angeles coalesces into a distinctive intimate depiction of a pivotal cultural era Throughout Cohan brilliantly interweaves and contrasts his past experiences with his present day reflections on the universal youthful desire to flee home and family and the simultaneous undertow of origins urging a return The result is a work that combines unusually rich storytelling with extraordinary literary quality Poignant elegantly crafted and often funny Native State is an indelible portrait of the artist as a young man and as son and dying father groping toward acceptance a coming to terms with self family origins and the elusive American idea of home
