*Public Policy Praxis* Randy S. Clemons, Mark K. McBeth, 2020-03-03 Public administration and policy analysis education have long emphasized tidiness, stages, and rationality but practitioners frequently must deal with a world where objectivity is buffeted by repressed by and sometimes defeated by value conflict. Politics and policy are messy and power explains much more about the policy process than does rationality. *Public Policy Praxis* now in a thoroughly revised fourth edition uniquely equips students to better grapple with ambiguity and complexity. By emphasizing mixed methodologies, the reader is encouraged through the use of a wide variety of policy cases to develop a workable and practical model of applied policy analysis. Students are given the opportunity to try out these globally applicable analytical models and tools in varied case settings: e.g., county, city, federal, international, plus urban and rural, while facing wide-ranging topics: starving farmers and the red panda in Nepal, e-cigarettes, GMOs, the gig economy, and opioid abuse that capture the diversity and reality of public policy analysis and the intergovernmental and complex nature of politics. The fourth edition expands upon its thorough exploration of specific tools of policy analysis such as stakeholder mapping, content analysis, group facilitation, narrative analysis, cost-benefit analysis, futuring, and survey analysis. Along with teaching how to do the analyses, the authors discuss the limitations, the practical political problems, and the ethical problems associated with different techniques and methodologies. Many new cases have been added along with clear instructions on how to do congressional research and a Google Trends analysis. An expanded online Teaching Appendix is included for adopters, offering original cases, answers to problems, alternative approaches to case use, teaching exercises, student assignments, pedagogical ideas, and supplemental material directly tied to concepts covered in the text. With an easily accessible and conversational writing style, *Public Policy Praxis* is an ideal textbook for undergraduate and graduate courses in public policy analysis, community planning, leadership, social welfare, policy, educational policy, family policy, and special seminars. *Love Love* Sung J. Woo, 2015-09-15 Judy Lee's life has not turned out the way she'd imagined. She's divorced, she's broke, and her dreams of being a painter have fallen by the wayside. Her co-worker Roger might be a member of the Yakuza gang, but he's also the only person who's asked her on a date in the last year. Meanwhile, her bother Kevin, an former professional tennis player, has decided to donate a kidney to their ailing father, until it turns out that he's not a genetic match. His father reluctantly tells him he was adopted, but the only information Kevin is given about his birth parents is a nude picture of his birth mother. Ultimately, Kevin's quest to learn the truth about his biological parents takes him across lines he never thought he'd cross: from tony Princeton to San Francisco's seedy Tenderloin district, from the squeaky clean tennis court to the gritty adult film industry. Told in alternating chapters from the points of view of Judy and Kevin, *Love Love* is a story about two people figuring out how to live, how to love, and how to be their best selves amidst the chaos of their lives. *Driven* David Kiley, 2004-04-02 An exclusive look at one of the world's most successful and controversial companies and the mysterious family behind it: BMW is arguably the most admired
