Good Mothers Guide To Disciplining Your Child:

Mom's Guide to Disciplining Your Child Vicki Poretta, Ericka Lutz, 1997-10-29 Disciplining your child doesn't have to make you feel like an army commando. Hey Mom, Yes you know who you are. You're the one juggling the beeper, the defrosted chicken, the carpool schedule, and your kid's soccer ball at the same time. You know the score when it comes to recognizing when your little angel is up to no good. But when it comes to laying down the law, you're never sure how to choose a punishment that fits the crime. And with both hands full at home and pressures mounting at work, you don't know how you're going to find time to keep tabs on your child every minute of the day. Don't give up hope yet. The Mom's Guide to Disciplining Your Child is specially designed to help busy moms of kids age 8-14 take a more active role in shaping their kids' behavior. Produced by Alpha Books, the team that publishes the highly successful Complete Idiot's Guide series, Mom's Guides are easy to use and written in a warm conversational tone by moms who have been there and back with their own kids. In this Mom's Guide, you get solid information on being a reasonable and even fun authority figure. Helpful hints on working as a disciplining duo with your partner. Friendly advice on talking and listening to your child. No nonsense guidance on solving tough discipline problems such as lying and talking back. Mom Knows Best tips. Mom Always Said warnings. Wise Words definitions. And all in the Family anecdotes to coach you along the way. Check out the Mom's Guide web site www.momsguide.com. Look for these other titles in the Mom's Guide Series: Mom's Guide to Sports, Mom's Guide to Raising a Good Student, Mom's Guide to Your Kid's Nutrition.

The Good Mother's Guide Ladies' Homemaker Monthly, 2014-12-10 This fun retro volume shows moms how to maintain peace and prosperity for their families well, maybe not. Things like sending the little ones off to bed before hubby gets home so he won't have to be disturbed by them, making balanced meals every night, and making sure everyone is at the table for dinner, keeping herself looking good for him, are portrayed in the kitschy light of their reality at that time. Warning: This is a gift between sisters and girlfriends who are mom or moms to be. It's humorous gifts for moms to be or current moms for Mother's Day or any day.

Discipline Your Child Laxmi Mitra, 2012-02-03 UNLEASH THE POTENTIAL OF YOUR CHILD THROUGH DISCIPLINE Every parent, guardian, or individual must have this book. Discipline Your Child is a book that encompasses the ABCs of discipline: its meaning and importance. It is a step-by-step guide that teaches parents how to instill discipline in their child. A child must possess certain values, attitudes, or skills for him to be successful in life. Each is thoroughly explained, and a step-by-step guide is provided for the implementation. Many true-to-life experiences are shared. Knowing your child's learning style and learning how to motivate him is an essential part in the growth process. Also, parents may experience several problems when instilling discipline. Every problem is explained, and a possible solution is presented. Once you have embarked on the discipline process, you will see some transformation in your child's behavior. Your child's potential will slowly be unleashed. Initially, the improvement may be slow. After some time, you will see the transformation of your child's behavior. Over time, he will learn to be responsible and independent. This will help him become a successful person. Teacher Laxmi, the author, went through her own process of being disciplined. She tried to understand what her students were

experiencing and wanted to experience the same thing In the process she grew as a person She became more responsible and independent After discovering the discipline process she realized that it was important for her to share her experiences with everyone Happy Reading

With Your Child's Heart Jim Jackson, Lynne Jackson, 2016-09-20 A Powerful Approach to Bringing God's Grace to Kids Did you know that the way we deal or don't deal with our kids misbehavior shapes their beliefs about themselves the world and God Therefore it's vital to connect with their hearts not just their minds amid the daily behavior battles With warmth and grace Jim and Lynne Jackson founders of Connected Families offer four tried and true keys to handling any behavioral issues with love truth and authority You will learn practical ways to communicate messages of grace and truth how to discipline in a way that motivates your child and how to keep your relationship strong not antagonistic Discipline is more than just a short term attempt to modify your child's actions it's a long term investment to help them build faith wisdom and character for life When you discover a better path to discipline you'll find a more well behaved and well believed kid Parents, Help Your Child Say No to Drugs Norman Leibrock, 2002-08-07 Books are like people each one has its own story My book is a story about teenagers with an addiction for drugs and the adverse effects these addictions have on their parents My hope is that this book will present a picture of the many changes that can present themselves in the lives of young people and parents in their battle with mind altering drugs Many parents unfortunately are lost in the complexities of our everyday busy lives and their minds are clouded to the problems that are developing before them Many of us are either oblivious to the problem of drugs or are too afraid to admit to ourselves that we do not know what to do if it happens in our families Parents are sadly convinced that drug addiction can never happen to their children My wife Jane and I had to face that sudden realization that drugs were destroying the life of our son I believe that my book when read in its entirety will give you the guidance and insight to help all parents and their children to fight drug addiction and to render proper guidance to those already in the grip of mind altering drugs This book will help to illuminate those hidden changes that drugs can bring into the lives of our children and teenagers and with it the effects it will have on those around them I hope and pray that the sharing of this valuable information along with my own experiences will be a positive force in the thinking of our teenagers and their loving parents My fellow parents it is of the utmost importance that no matter what happens and how tough it may get remember there is no other way but up Wherever you are and whatever the problem don't ever stop the fight against drug addiction I am aware that in the hard nosed world we live in there are a multitude of self help books and numerous concepts and scientific theories on how to successfully face your problems and bring about changes in your life But I have written my book for this reason that parents can be hopeful in a time of adversity suffering from a family drug addiction problem Let faith and understanding change your life around As parents we often read about drugs and the effects they have upon our children Invariably our many conversations will drift to the topic of drug addiction and whether our children are in fact using drugs and what we can do about it I remember sitting with a group of parents discussing drugs Although we all agreed that the rapid introduction of mind altering substances was a critical problem to our children not everyone was in agreement what we should and could do about this problem if it affects our family Some parents told us our family is very content since all our

children are young this problem doesn't pertain to us at this time. Some parents sat back and told me that their teenage children have never taken drugs. They never had to discuss drugs with their children because they knew they would never touch them. A third group of parents were honest enough to admit that their teenage son was a drug addict for years and they didn't know it and when they found out about it they didn't know what to do about it. Parents do these statements sound familiar. Perhaps something you have heard before but shrugged it off as something you would never have to worry about. I realize that this is a sad scenario but very true. Too many parents are not taking the time to talk to their children and establish a drug-free family when they are young and vulnerable. The result has been too many young people becoming drug addicts. Some of them could have been prevented or helped at a young age. That initial help must come from us as their parents. We must have a constant sense of awareness of this problem facing our children today. Remember parents we cannot change the nature of the drug addict or his addiction but we can help.
