*First Editions of English, French and American Authors* Parke-Bernet Galleries, 1947      Catalogues of Sales Sotheby's (Firm), 1994-05-19      Goodbye, Mr. Chips James Hilton, 2016-11-11 Full of enthusiasm young English schoolmaster Mr Chipping came to teach at Brookfield in 1870 It was a time when dignity and a generosity of spirit still existed and the dedicated new schoolmaster expressed these beliefs to his rowdy students Nicknamed Mr Chips this gentle and caring man helped shape the lives of generation after generation of boys He became a legend at Brookfield as enduring as the institution itself And sad but grateful faces told the story when the time came for the students at Brookfield to bid their final goodbye to Mr Chips There is not another book with the possible exception of Dickens's *A Christmas Carol* that has quite the same hold on readers' affections James Hilton wrote *Goodbye Mr Chips* in loving memory of his schoolmaster father and in tribute to his profession Over the years it has won an enduring place in world literature and made untold millions of people smile with a catch in the throat Warming to the heart and nourishing to the spirit The most profoundly moving story that has passed this way So said usually cynical critic Alexander Woollcott when *GOODBYE MR CHIPS* was first published in 1934 and his openhearted welcome to this delightful memorable moving novel has been echoed through the years by millions of readers as well as two generations of filmgoers The gentle lovable tough English schoolmaster is one of America's favorite people Who can forget the image of Chips on the day when he took a young and radical bride the sad April Fools Day when he lost her the little jokes his classes came to expect the boy whose father sailed on the Titanic the intrusion of World War I into the peace and seclusion of Brookfield all the pleasures and pains of a lifetime rich in teaching with love *GOODBYE MR CHIPS* is one of the most beloved books of our time      Goodbye Mr Chips Madhubun, The novel tells the story of a much beloved schoolteacher Mr Chipping and his forty three year long tenure at Brookfield school He conquers his inability to connect with his students as well as his initial shyness when he marries Katherine a young woman whom he meets on holiday Despite his own mediocre academic record he goes on to have an illustrious career as an inspiring educator and a strict      Reading as a Perceptual Process A. Kennedy, D. Heller, J. Pynte, Ralph Radach, 2000-08-04 This book is divided into five sections dealing with various fundamental issues in current research attention information processing and eye movement control the role of phonology in reading syntax and discourse processing and computational models and simulations Control and measurement of eye movements form a prominent theme in the book A full understanding of the where and when of eye movement control is a prerequisite of any complete theory of reading since it is precisely at this point that perceptual and cognitive processes interact Amongst the hot topics included are the relation between parafoveal and foveal visual processing of linguistic information the role of phonology in fluent reading and the emergence of statistical tuning approaches to sentence parsing Also discussed in the book are three attempts to develop quantitative models of reading which represent a significant departure in theory building and a quantum step in the maturation of reading research Much of the work reported in the

book was first presented at the 5th European Workshop on Language Comprehension organised in April 1998 which was held at the CNRS Luminy Campus near Marseilles All contributions summarise the state of the art in the relevant areas of reading research

**Classical Reception and Children's Literature** Owen Hodgkinson, Helen Lovatt, 2018-01-30 Reception studies have transformed the classics Many more literary and cultural texts are now regarded as valid for classical study And within this process of widening children's literature has in its turn emerged as being increasingly important Books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world with an audience that constantly changes as it grows up This innovative volume wrestles with that very characteristic of change which is so fundamental to children's literature showing how significant the classics as well as classically inspired fiction and verse have been in tackling the adolescent challenges posed by metamorphosis Chapters address such themes as the use made by C S Lewis in *The Horse and his Boy* of Apuleius *The Golden Ass* how Ovidian myth frames the Narnia stories classical nonsense in Edward Lear Pan as a powerful symbol of change in children's literature for instance in *The Wind in the Willows* the transformative power of the Orpheus myth and how works for children have handled the teaching of the classics
