A Double Garland Thomas P. Hodge, 2000 Thomas P Hodge has produced the first literary historical study of the art song enterprise in Russia's Golden Age A Double Garland investigates the interrelationship of poetry and music in Russia specifically the relations between poets and composers from 1800 to 1850 Hodge focuses on three major composers of art songs Alyab'ev, Verstovskii and Glinka He surveys their choices of text and after some preliminary metrical and structural analysis proceeds to a detailed consideration of the dynamics of poet-composer interaction from various points of view Hodge presents both the major and minor poets of this period in the context of Russian musical life Based on extensive archival research this study will appeal to specialists in Russian poetry and musicologists *Bloomsbury Encyclopedia of Popular Music of the World, Volume 11* David Horn, 2017-10-05 See **Soviet Music and Society under Lenin and Stalin** Neil Edmunds, 2004-06-01 This book investigates the place of music in Soviet society during the eras of Lenin and Stalin It examines the different strategies adopted by composers and musicians in their attempts to carve out careers in a rapidly evolving society discusses the role of music in Soviet society and people's lives and shows how political ideology proved an inspiration as well as an inhibition It explores how music and politics interacted in the lives of two of the twentieth century's greatest composers Shostakovich and Prokofiev and also in the lives of less well-known composers In addition it considers the specialist composers of early Soviet musical propaganda amateur music making and musical life in the non-Russian republics The book will appeal to specialists in Soviet music history those with an interest in twentieth century music in general and also to students of the history culture and politics of the Soviet Union **Women in Soviet Film** Marina Rojavin, Tim Harte, 2017-09-22 This book illuminates and explores the representation of women in Soviet cinema from the late 1950s through the 1960s and into the 1970s a period when Soviet culture shifted away to varying degrees from the well-established conventions of socialist realism Covering films about working class women rural and urban women and women from the intelligentsia it probes various cinematic genres and approaches to film aesthetics while it also highlights how Soviet cinema depicted the ambiguity of emerging gender roles pressing social issues and evolving relationships between men and women It thereby casts a penetrating light on society and culture in this crucial period of the Soviet Union's development **Soviet Films of the 1970s and Early 1980s** Marina Rojavin, Tim Harte, 2021-05-30 This book explores a new character archetype that permeated Soviet film during what became known as the era of Stagnation a stark period of loneliness disappointment and individual despair This new type of character was neither negative nor positive but nevertheless systematically undermined Soviet norms of behaviour hairstyle dress lifestyle and perspective in stark contrast to Socialist Realism's traditional positive hero who fought for Soviet values and who vanquished the enemies of socialism The book discusses a wide range of films from the period showing how the new antiheroic archetype of Stagnation resonated through a multitude of characters mostly male and vividly reflected the realities of Soviet life The book thereby provides

Outlaw Music in Russia Anastasia Gordienko, 2023-01-24 The Russian shanson can be heard across the country today on radio and television shows at mass events like political rallies and even at the Kremlin Yet despite its ubiquity it has attracted almost no scholarly attention Anastasia Gordienko provides the first full history of the shanson from its tenuous ties to early modern

criminals and robbers folk songs through its immediate generic predecessors in the Soviet Union to its current incarnation as the soundtrack for daily life in Russia. It is difficult to firmly define the shanson or its family of song genres but they all have some connection whether explicit or implicit to the criminal underworld or to groups or activities otherwise considered subversive. Traditionally produced by and popular among criminals and other marginalized groups and often marked by characters and themes valorizing illegal activities, the songs have undergone censorship since the early nineteenth century. Technically legal only since the collapse of the Soviet Union, the shanson is today not only broadly popular but also legitimized by Vladimir Putin's open endorsement of the genre. With careful research and incisive analysis, Gordienko deftly details the shanson's history, development, and social meanings. Attempts by imperial rulers and later by Soviet leaders to repress the songs and the lifestyles they romanticized not only did little to discourage their popularity but occasionally helped the genre flourish. Criminals and liberal intelligentsia mingled in the Gulag system, for instance, and this contact introduced censored songs to an educated disaffected populace that inscribed its own interpretations and became a major point of wider dissemination after the Gulag camps were closed. Gordienko also investigates the shanson as it exists in popular culture today, not divorced from its criminal undertones or overtones but celebrated for them. She argues that the shanson expresses fundamental themes of Russian culture, allowing for the articulation of anxieties, hopes, and dissatisfactions that are discouraged or explicitly forbidden otherwise.

Representing Russia's Orient Adalyat Issiyeva, 2021. Building on long forgotten archives and detailed case studies, *Representing Russia's Orient* reveals how complex representations of oriental subjects in nineteenth-century Russian art and music, which often merged elements of East and West, contributed to the formation of Russia's national identity.

A History of Russian Literature Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13. Russia possesses one of the richest and most admired literatures of Europe, reaching back to the eleventh century. *A History of Russian Literature* provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day, still rife with the creative experiments of post-Soviet literary life. The volume proceeds chronologically in five parts, extending from Kievan Rus in the 11th century to the present day. The coverage strikes a balance between extensive overview and in-depth thematic focus. Parts are organized thematically in chapters which include a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers, institutions, and texts that take the reader up close and personal. Visual material also underscores the interrelation of the word and image at a number of points, particularly significant in the medieval period and twentieth century. The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans-historical features that contribute to the notion of a national literature. The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries, space, Holy Russia, and the charismatic king that offers culturally relevant material to later writers. This

volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers. This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures, historical events and literary politics, literary theory and literary innovation.
