Gospel According To The Harvard Business School:

The Gospel According to the Harvard Business School P. Cohen,1975 The Gospel According to the Harvard Business School Peter Cohen,1974 *Voltaire's Bastards* John Ralston Saul,2013-07-02 Argues that blind faith in reason has resulted in problems in every phase of social life suggests reason is an administrative method rather than a moral force and proposes some solutions **Manufacturing Morals** Michel Anteby,2024-05-31 Corporate accountability is never far from the front page and as one of the world s most elite business schools Harvard Business School trains many of the future leaders of Fortune 500 companies But how does HBS formally and informally ensure faculty and students embrace proper business standards Relying on his first hand experience as a Harvard Business School faculty member Michel Anteby takes readers inside HBS in order to draw vivid parallels between the socialization of faculty and of students In an era when many organizations are focused on principles of responsibility Harvard Business School has long tried to promote better business standards Anteby s rich account reveals the surprising role of silence and ambiguity in HBS s process of codifying morals and business values As Anteby describes at HBS specifics are often left unspoken for example teaching notes given to faculty provide much guidance on how to teach but are largely silent on what to teach *Manufacturing Morals* demonstrates how faculty and students are exposed to a system that operates on open ended directives that require significant decision making on the part of those involved with little overt guidance from the hierarchy Anteby suggests that this model which tolerates moral complexity is perhaps one of the few that can adapt and endure over time *Manufacturing Morals* is a perceptive must read for anyone looking for insight into the moral decision making of today s business leaders and those influenced by and working for them *Managing Elites* Debra J. Schleef,2006 How does one become a member of an elite profession *Managing Elites* examines how elites in training contest rationalize and ultimately enthusiastically embrace their dominant positions in society Using interviews with 79 law and MBA students the author argues that elite socialization requires both accommodation and resistance to professional ideologies Students develop a collective cynicism about elements of their education learning that their discipline imparts esoteric knowledge but also claiming that they didn t learn anything They struggle with the idea that fellow students are all equally intelligent and therefore deserving of elite status and the continuing emphasis on activities that sort students Students resist that paths to success promoted by school cultures investment banking consulting or becoming partner in a large law firm Such cynicism is indeed ultimately revealed to be temporary as most students end up in full support of these jobs of least resistance Their critiques do however create tensions between competition and cooperation between the individual and the collective and between egalitarianism and elitism Part of elite socialization is learning to deal with these tensions or more specifically to hold contradictory ideals at the same time *Harvard Business School Bulletin* ,2003 **The Bloomsbury Reader in the Study of Religion and Popular Culture** Lisle W. Dalton,Eric Michael Mazur,Richard J. Callahan, Jr.,2021-12-16 This is the first anthology to trace broader themes of

religion and popular culture across time and theoretical methods It provides key readings encouraging a broader methodological and historical understanding With a combined experience of over 30 years dedicated to teaching undergraduates Lisle W Dalton Eric Michael Mazur and Richard J Callahan Jr have ensured that the pedagogical features and structure of the volume are valuable to both students and their professors Features include A number of units based on common semester syllabi A blend of materials focused on method with materials focused on subject An introduction to the texts for each unit Questions designed to encourage and enhance post reading reflection and classroom discussion A glossary of terms from the unit s readings as well as suggestions for further reading and investigation The Reader is suitable as the foundational textbook for any undergraduate course on religion and popular culture as well as theory in the study of religion

Managers Not MBAs (Volume 2 of 2) (Easyread Large Bold Edition) , *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1975 *The College Textbook Publishing Industry in the U.S. 2000-2022* Albert N. Greco,2023-05-17 This book explores the college textbook publishing industry from its inception in medieval universities through the late 20th century to the present day which has led to an existential crisis for some publishers The various sections in this book offers a comprehensive analysis of the substantive developments problems and concerns about a myriad of major issues that confronted the higher education textbook sector after 2000 Chapters incorporate highly reliable textbook statistical sources as well as a review of some marketing theories utilized by these publishers e g understanding the threat of substitute products the sale of used and rental texts the sale of new digital textbooks Godly Heretics Marc DiPaolo,2013-03-21 When computers freeze they are rebooted and soon working properly again Similarly legendary thinkers throughout history have argued that Christianity should start fresh by recapturing the humanitarian spirit of Jesus original message These include such disparate individuals as Thomas Jefferson Oscar Wilde Charles Dickens Walt Whitman Friedrich Nietzsche Leo Tolstoy George Bernard Shaw and the religious leaders of the Occupy Wall Street movement Surprisingly enough even classic television shows and films meant to be entertaining *Lost* *Battlestar Galactica* *It s a Wonderful Life* *Groundhog Day* *Decalogue* and *A Charlie Brown Christmas* are attempts to apply the basic principles of Christianity to modern times This book offers new essays by scholars of literature film history theology and philosophy examining how various thinkers and storytellers over time have conceived of a reinvented Christianity In confronting this controversial idea this book examines how unorthodox interpretations of the Bible can be some of the most valid how visions of Jesus as a revolutionary may be the most historically sound and how compassionate Christians such as Origen have wrestled with the eternal questions of the existence of evil the gift of free will and the promise of universal salvation **The Age of Heretics** Art Kleiner,2008-10-03 In this second edition of his bestselling book author Art Kleiner explores the nature of effective leadership in times of change and defines its importance to the corporation of the future He describes a heretic as a visionary who creates change in large scale companies balancing the contrary truths they can t deny against their loyalty to their

organizations The Age of Heretics reveals how managers can get stuck in counterproductive ways of doing things and shows why it takes a heretical point of view to get past the deadlock and move forward At America's Service Karl Albrecht,1988 Expands concepts introduced in Service America book outlines strategy for achieving customer focus **Managers Not MBAs** Henry Mintzberg,2005-06-02 In this sweeping critique of how managers are educated and how as a consequence management is practiced Henry Mintzberg offers thoughtful and controversial ideas for reforming both The MBA trains the wrong people in the wrong ways with the wrong consequences Mintzberg writes Using the classroom to help develop people already practicing management is a fine idea but pretending to create managers out of people who have never managed is a sham Leaders cannot be created in a classroom They arise in context But people who already practice management can significantly improve their effectiveness given the opportunity to learn thoughtfully from their own experience Mintzberg calls for a more engaging approach to managing and a more reflective approach to management education He also outlines how business schools can become true schools of management *Personnel Literature* ,1974 **Elite Business Schools** Mikael Holmqvist,2021-12-20 Social scientists are paying increasing attention to the business and financial elites There s a great need to understand who these elites are what they do and what makes them tick as individuals but also as a class By examining elite business schools the institutions that train and prepare people to assume important leadership and decision making positions in business finance and related sectors we may also learn how the economic elites are made A key argument in this book is that elite schools are known to create powerful groups in society offering them the intellectual and analytical means to act as leaders but most importantly the social moral and aesthetic skills that are deemed necessary to exercise power in all essential respects elite schools consecrate people By dominating much of higher education today and by doing so in a way that creates and reproduces a market based organization and control of society elite business schools represent certain interests and ideologies that affect the lives of most people In understanding how the modern economy is run elite business schools therefore represent critical study objects This book based on an in depth study of the Stockholm School of Economics SSE offers a sociological analysis of the world of elite business schools Specifically this book examines the consecration of SSE s students from a number of perspectives and in a number of situations focusing on student union activities school culture faculty behavior teaching courses and alumni events noting the symbolic importance of economics and particularly the school s unique relation among the world s business schools to the Nobel Prize The book addresses the topics with regards to the sociology of elites management education and organizational studies and will be of interest to researchers academics and students also interested in business history higher education studies and sociology of education

The Roots, Rituals, and Rhetorics of Change Mie Augier,James March,2011-08-10 The book is a historical study of the changes that took place in North American business schools in the 25 years after the Second World their roots in earlier history and their impact on the rhetoric of debate over key issues in management education The Business School of the

Future Peter Lorange,2019-11-21 Reveals how the era of virtual technology and a more liberal attitude in classical academic institutions heralds the arrival of a better kind of business school **Administration of Training** United States Civil Service Commission. Library,1975 Managers Not MBAs (Volume 1 of 2) (Easyread Edition) Henry Mintzberg,2008
