Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles Gospel as Work of Art David Brown, 2024-03-07 A lushly illustrated magisterial exploration of the imaginative truth of the gospel In the modern academy truth and imagination are thought to be mutually exclusive But what if truth can spring from other fonts like art literature and invention The legacy of the Enlightenment favors historical and empirical inquiry above all other methods for searching for truth But this assumption constrains our theological explorations Though the historicity of Jesus s life death and resurrection is important it is not the only thing that matters For instance is John s Gospel any less true than the Synoptics just because it s less historically accurate David Brown challenges us to expand our understanding of the gospel past source criticism and historical Jesus studies to include works of imagination Reading Scripture in tandem with works of art throughout the centuries Brown reenvisions the gospel as an open text Scholars of theology and biblical studies freed from literalism will find new avenues of revelation in *Gospel as Work of Art* This volume includes over one hundred color illustrations Gospel Midrashim Ken Bazyn, 2013-06-21 Steeped in the great tradition of Christian poetry Bazyn offers a series of startling and highly personal interactions with the Four Gospels to break open Jesus teachings and symbolic acts for our everyday lives His vivid allusive poems with references to literature theology spirituality liturgy ethics history saints lives and legend are loosely arranged around episodes in Christ s exceptional life as the Nativity

Paul

and the Ancient Celebrity Circuit James R. Harrison, 2019-11-18 In this study James R Harrison compares the modern cult of celebrity to the quest for glory in late republican and early imperial society He shows how Paul's ethic of humility based upon the crucified Christ stands out in a world obsessed with mutual comparison boasting and self sufficiency Eustache Deschamps Deborah M. Sinnreich-Levi, Ian S. Laurie, 2004-03-01 Eustache Deschamps studied under the tutelage of Guillaume de Marchault traveled in Syria Palestine and Egypt where he was said to have been made a slave and eventually become recognized as one of the great French medieval poets He was the first writer to dissociate lyric poetry from its musical setting and his witty perceptions comment on nearly all aspects of daily life from women's underwear to gluttonous diners from praise of famous writers to scorn for the unscrupulous of all ranks from the delights of youth to the horrors of war This volume provides facing page dual language translations of Deschamps engaging amusing and accessible poems gleaned from the mountains of verse the poems gleaned from the mountains of verse the most edifying and historically relevant Copious notes glossaries and a full bibliography enhance this elegant translation *Religion and Literature* Robert Detweiler, David Jasper, 2000-01-01 Featuring a selection from over 80 key texts this anthology aims to help the reader to understand the common origins of religious expression and of literature The texts included cover classical literature the Bible English and European classics and contemporary works **Prayer From Alexander To Constantine** Mark Kiley, 2013-11-19 Prayer From Alexander To Constantine presents a diverse selection of prayer chosen by over 40 different historians all specialists in their respective areas of Graeco Roman literature This collaboration gives the book a range and depth that no individual author could hope to rival Each selection includes an introductory essay followed by a new English translation of the prayer accompanied by critical notes and biography In this way the reader is able to gain an insight into the variety of subjects and styles involved in people's communications with their gods in antiquity The volume will be a key text for students engaged in courses which explore the period's history and theologies There is no comparable anthology available in English The volume will also be of value to the general reader interested in the history of this period and anyone interested in the forms of prayer **Paul's World** Stanley E. Porter, 2008-01-31 This volume is concerned with Paul's world The major question to ask is what is that world of Paul In determinable ways Paul's world is everything in the world in which Paul lived and acted and hence virtually everything that Paul did In other words Paul's world can be defined macrocosmically and microcosmically As the term is defined in the various essays in this volume Paul's world includes the surrounding environment in which Paul functioned including its various religious social cultural literary rhetorical linguistic and related phenomena This volume treats some of the most important and germane factors that went into making up the world in which Paul lived and that consequently defined who he was and became *The ESV and the English Bible Legacy* Leland Ryken, 2011-11-02 Modern Bible translations are at a crossroads as multiple translation philosophies argue that Bible translations ought to be done a certain way So who's right And what has been the historic view of English Bible translators

Leland Ryken an expert on the literature of the Bible brings clarity to questions of how modern Bible translations should be viewed in their historical context He begins by tracing the history of English Bible translation from William Tyndale to the King James Bible outlining important distinctions In the view of these historic translators there is a right way and a wrong way to translate the Bible Ryken concludes that essentially literal Bible translations best adhere to the legacy of classic English Bible translation He contends that the English Standard Version is a true heir of this classical stream and concludes with an argument on why the ESV can serve as the translation of choice for Christians in all walks of life This book will be a great resource for Christians who have questions about why we have different Bible translations and how to choose between them
