Edge Of Wilderness A Settlement History Of Manatee River And Sarasota Bay 15281885:

The History of Florida Michael Gannon, 2018-06-26 Previously published as The New History of Florida **Fort Meade, 1849-1900** Canter Brown, 1995 A civilian community coalesced at Fort Meade under the pressures of the Billy Bowlegs War of 1855 58 Quickly the village developed as a cattle industry center which was important to the Confederacy until its destruction in 1864 by homegrown Union forces In the postwar era the cattle industry revived and the community prospered The railroads arrived in the 1880s bringing new settlers and the village grew into a town Among the new settlers were well to do English families who brought fox hunts cricket matches and lawn tennis to the frontier **Creeks & Seminoles** James Leitch Wright, 1986 During Andrew Jackson's time the Creeks and Seminoles Muscogulges were the largest group of Indians living on the frontier In Georgia Alabama and Florida they manifested a geographical and cultural but not a political cohesiveness Ethnically and linguistically they were highly diverse This book is the first to locate them firmly in their full historical context **Edge of Wilderness** Janet Snyder Matthews, 1983-01-01 Ringling David C. Weeks, 1993-10-01 John Nicholas Ringling's years in Sarasota spanned the final quarter century of his life On Florida's west coast as the Ringling's Circus became the greatest show on earth he collected Baroque paintings European decorative art and Italian statuary built the ostentatious mansion Ca d Zan developed and marketed most of the barrier islands around Sarasota Bay and became the focus of a confusing pastiche of acclaim misconception and suspicion Sarasota's Ringling Museum is his priceless cultural legacy to the people of Florida and the world of art an inheritance at risk for the ten years that Ringling's estate was in probate The author of this first intensive look at Ringling's presence in Sarasota sets the man against the backdrop of Florida from World War I through the land boom and the turbulent twenties into the depression years and Ringling's lapse into obscurity Illustrated with nearly fifty black and white photographs many never before published this is the chronicle of a man as the foreword claims who was not afraid to think or live on a grand scale who knew what he wanted from life and from art

Winsboro, 2007 Welcome to Florida Historical Society Press initial volume in its newly created Gold Seal series This is the first of what will eventually be a multi volume series of specialized books that deal with narrowly focused issues in Florida history Given the emotional and ongoing interest in the American Civil War it is appropriate that this inaugural issue focuses on that seminal event Just sixteen years after its admission to the Union as a state Florida under the control of a slave owning planter elite brushed aside the flimsy ties that bound it to the nation and joined its sister slave states in creating a new nation the Confederate States of America As every American knows the result was a long bloody and costly war that produced many changes in the body politic and economic climate of the United States Pitting brother against brother state against state and ideology against ideology the war swept aside the dominance of agrarian Americans and ushered in a new era controlled by industrialists and bankers Florida and her fellow southern states was left to the task of picking up the pieces of its culture bolstered by a persistent and unflagging mentality of what should have been It has taken the more than a century and a half for the open wounds of defeat to heal Dr I D S Winsboro of Florida Gulf Coast University in Fort Meyers is the editor of the first Gold Seal volume His scholarship on the role African Americans played in the Civil War is well known Once again welcome to the inaugural volume Nick Wynne Executive Director The Florida Historical Society *American Legislative Leaders, 1850-1910* Charles F. Ritter, Jon L. Wakelyn, 1989-09-26 It was a time of civil war and economic shift from an agrarian to an industrial society for the 1 390 speakers of state houses of representatives profiled in this unique biographical dictionary The political climate and characteristics of the politicians as a group are surveyed in introductory material This is followed by biographical entries which include a list of sources The cumulated bibliography arranged by state is valuable There is no other such directory Library Journal On the whole it is a useful compilation providing a starting point for research into the lives of a cross section of legislators in this period A necessary purchase for research libraries recommended to all academic libraries with strong collections in state history Choice During the years

1850 1910 the United States evolved from an agrarian to an industrial political economy By the end of the century industrialization has shifted the entire political system toward national government power beginning a trend that continues today An understanding of the importance of state government and in particular of the lower houses of the legislatures at this time is crucial to an understanding of how American politics was transformed in the second half of the nineteenth century This study compares the speakers of these influential nineteenth century American political bodies and focuses on the legislative issues of the period The largest collection of biographical data of its kind to date the book profiles the 1 390 speakers in the period from 1850 to 1910 The collective career analysis of the individuals covered provides an unprecedented exploration of the socioeconomic issues the governmental processes and the political behavior of the times to allow a more thorough understanding of the transition from an agrarian to an industrial state This comprehensive study of state political power will provide fresh insight into the American legislative system of the latter half of the nineteenth century and will be of special value to scholars of American political history and political science *Go Sound the Trumpet!* David H.
