

# Reason Why Education Is Important

Education is the ability to think, and to know the value of life.

The importance of education for everyone is to live independently and get freedom.

A child joins a school, he will start learning, playing and enjoying with friends.

To live a happy and prosperous life, someone needs to learn and can get a good job to be successful in life.

Education lately is important because the population is increasing, people's needs are increasing.

Toward an Ethic of Citizenship William K. Dustin, 2000-01-11 The idea for this book arose out of a little known political scandal known as phonegate that occurred in Minnesota in the early 1990s in which a number of legislators were found to have been abusing their phone privileges The hubris of the legislature in response to the discovery of this abuse not only made me rather angry but since I had been called for jury duty the year before gave me the idea that service in the legislature ought to be a duty of citizenship like jury duty Although the idea of the citizen legislature goes back to Aristotle serious consideration of it raises the question of what is meant by citizenship and representation This book addresses that question It is an attempt to develop a model of citizenship in which representation is simultaneously a fundamental right and the highest obligation After developing these ideas at a rather high level of abstraction the book concludes with a proposed constitutional amendment for the State of Minnesota to illustrate how the model will work in practice *Enduring Issues In Special Education* Barbara Bateman, John W. Lloyd, Melody Tankersley, 2015-02-20 *Enduring Issues in Special Education* is aimed at any course in the undergraduate or graduate special education curriculum that is wholly or partly devoted to a critical examination of current issues in special education The book organizes 28 chapters into seven sections using familiar structuring principles what who where how when why and whither Each section begins with an introduction that provides historical legal and theoretical background information and organizing commentary for the chapters that follow The book's objective in addition to informing readers about the issues is to develop critical thinking skills in the context of special education Key features include the following Dialectic Format Each of the 28 chapters presents compelling reasons for addressing the issue at hand and specific ways to do so Because each issue is written from different perspectives and focuses on a variety of aspects readers are encouraged to weigh the arguments seek additional information and come up with synthesized positions of their own Organizing Framework The book's seven sections have been arranged according to a scheme that is the essence of most investigative reporting and provides a coherent easy to understand framework for readers Expertise All chapters are written by leading scholars who are highly regarded experts in their fields and conclude with suggested readings and discussion questions for additional study
