Education and the Good Society F.

Inglis, 2004-03-31 The many public debates launched by governments on education such as Tony Blair's emphasis on education education education have nonetheless failed to consider the place of the good society in educational endeavour The traditional account of education is that it not only teaches pupils the skills to earn a living but also teaches a concern for the welfare of others a love of the many cultures of learning and a commitment to the best values of society Education and the Good Society seeks to examine these considerations and to restore them to the centre of the educational debate

Cherishing and the Good Life of Learning Ruth Cigman, 2018-08-09 What is a good human life A life of duty Virtue

Happiness This book weaves a path through traditional answers We live well suggests the author not primarily by pursuing goods for ourselves but by cherishing other people and guiding them towards lives of cherishing We cherish objects too the planet my grandfather's watch and practices like music making to which we are personally drawn In this work of populated philosophy copiously illustrated by literary and real life examples a cherishing life is presented as hard and irreducibly individual The idea of cherishing says the author points towards intimate unreasonable layers of the ethical life as well as the deepening of wisdom and connection It also points towards incomparable satisfactions reminding us who we are and who we want to be

Liberalism, Communitarianism and Education Patrick Keeney,2016-05-06 Communitarian thinkers have identified important deficiencies in liberal thought in particular the limits of the account of justice given in liberal theories This book makes transparent for the reader the implications that the liberal account of justice has for our ways of thinking about education Citing the work of John Rawls as the principal expression of contemporary liberal thought Keeney argues that there are certain intractable tensions between the view of the individual given in rights based theories of justice and a certain valuable conception of education which in the West has traditionally been termed a liberal or general education and concludes that ideals of a liberal education are only available to a political

ethic which is capable of articulating a public conception of virtue and the good

A Christian Education in the Virtues
James Arthur, 2021-06-24 A Christian Education in the Virtues examines the connection between human nature and human flourishing It draws on ancient and medieval sources to explore the formation of the person based on a Christian anthropology emphasising the communal nature of the virtuous life and provides a richer approach to the question of contemporary character education The book argues that the only way to understand and construct our character virtues is to have a clear picture of what is the purpose and meaning of human life It highlights the importance of engaging with moral issues and makes the case that for Christian educators human flourishing is inseparable from God's active relationship to human beings The book also explores a teleological approach to character education goals To educate the whole person in the light of an all embracing Christian worldview is challenged by secular and liberal ideology and is often seen as irrational to the modern mind Overall the text seeks to demonstrate that many aspects of a Neo Aristotelian Thomist theoretical underpinning for Christian character education holds out a viable option for Christians It therefore argues the case for the educational potential of Christian character education This important book will be essential reading for academics researchers and students in the fields of character and virtue education religious education and the philosophy of education The Open Access version of this book available at www.taylorfrancis.com/books/oa/mono/10.4324/9781003141877 has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
