Education Interest Groups In The Nations Capital:

Education Interest Groups in the Nation's Capital Stephen Kemp Bailey, 1975 *Education Interest Groups in the Nation's Capital* Stephen K. Bailey, 1975 *The Role of Special Education Interest Groups in National Policy* Tiina Itkonen, 2009 This is an important book for readers with a specific interest in special education policy and political scientists who are more generally interested in the broader questions of public policy making Itkonen investigates what types of groups participate in special education somewhere on a continuum between interest group and social movement the relationship between group types and how they frame policy interests how groups negotiate differences among themselves and with policy makers and the relationships between a group's organizational character its choice of targets and strategies how it frames its policy interest its arenas of action its effectiveness in the legislative and judicial arenas and the kinds of issue positions it takes **Interest Group Politics in the Northeastern States** Ronald J. Hrebenar, Clive S. Thomas, 2010-11-01

International Educational and Cultural Exchange, 1975 **Rethinking the History of American Education** W. Reese, J. Rury, 2007-12-25 This collection of original essays examines the history of American education as it has developed as a field since the 1970s and moves into a post revisionist era and looks forward to possible new directions for the future Contributors take a comprehensive approach beginning with colonial education and spanning to modern day while also looking at various aspects of education from higher education to curriculum to the manifestation of social inequality in education The essays speak to historians educational researchers policy makers and others seeking fresh perspectives on questions related to the historical development of schooling in the United States *Annual Report of the National Council on Educational Research* National Council on Educational Research, 1976 **Interest Group Politics in America** Ronald J. Hrebenar, Ruth K. Scott, 2015-02-12 Interest group lobbying is a controversial activity in American politics and this book provides a study of group power This edition includes expanded coverage of the changing dynamics of power politics in America new media venues and grassroots organizing and the perennial issue of reform **Mobilizing Interest Groups in America** Jack L. Walker, 1991 Describes the development of interest groups in the USA mainly from the 1960s to the 1990s Using the results of two national surveys of all membership associations operating in Washington in 1980 and 1985 examines the ways in which different types of social groups develop the organizational structures necessary to represent themselves Describes methods for financing these groups and investigates the strategies they use to influence American politics including litigation strategies Considers occupationally based groups in the profit sector and in the nonprofit sector and citizens groups which are open to all Examines the extent of influence of different groups *Comparative Higher Education Politics* Jens Jungblut, Martin Maltais, Erik C. Ness, Deanna Rexe, 2023-05-12 This volume provides an overview of the state of the art of research on the politics of higher education policy in Canada the US and Western Europe Each thematic chapter combines an extensive literature review with original empirical work that further advances our understanding of

policymaking dynamics in higher education The book covers five key aspects of policymaking namely the politics of governance as well as funding reforms the role of interest groups policy diffusion and policy framing These aspects are explored using a unique comparative design that combines comparisons within as well as between regions and among the five key aspects of policymaking The conceptual framework is anchored in approaches from institutional theory namely sociological and historical institutionalism This rare book coherently focuses on the same critical challenges that higher education faces in a changing global and national environment These include vital governance and finance issues and how these are framed and contested by different organizations and interest groups as well as state actors Within a broad institutionalist framework that reflects the tensions between historical university and national legacies on the one hand and regional and global influences on the other the authors focus on policymaking in Western Europe Canada and the US This is an engaging and creative endeavor a must read for scholars and policymakers alike Francisco O Ramirez Graduate School of Education Stanford University This is a real achievement that will contribute to the development of research in politics of higher education policy finance and economic development It is timely in an era when higher learning is increasingly salient to national policy interest groups and supranational bodies such as the EU The focus on Canada the US and Europe frames a comparative approach to a competitive higher educational policy arena that has not received systematic study Sheila Slaughter Louise McBee Institute of Higher Education University of Georgia This fills a gaping hole in research on the politics of higher education In bringing together research perspectives from governance studies with comparative public policy as well as scholars from Europe and Northern America this volume will serve as an important reference point for a rapidly growing research field The exceptionally high quality of editorship is documented by the fact that the chapters are convincingly subsumed under five sub themes In short A must read for any researcher and student interested in understanding the political foundations of higher education Marius R Busemeyer Department of Politics and Public Administration University of Konstanz
