*Discourses of Education in the Age of New Imperialism* Jerome Satterthwaite, Elizabeth Atkinson, 2005 This fourth volume in the Discourse Power Resistance series takes the theme into new territory setting educational thinking and practice firmly in its global political context Drawing on schools of thought as diverse as Marxism and eco feminist theology the contributors to Part 1 Global Imperialism and Terror The Theory and Practice of Othering led by Peter McLaren examine the possibilities for critical thinking and transformative practice in the aftermath of 9 11 and the new age of cultural and political imperialism In Part 2 Praxis Thinking and Doing contributors draw on a range of critical perspectives to examine both the theory and practice of education taking the reader from the self to the system and back again via dynamic systems theory flow theory and a multiplicity of diverse and often conflicting practices of subversion The book closes with two radical departures from the norm a seriously playful transgression into the fields of pop art and film and a searing poetic lament on the current state of educational policy and practice As educators we are all in William Pinar s words behind enemy lines in a field which despite our continued bids for autonomy is increasingly hijacked by globalizing political forces This book offers modes of resistance which are startling unsettling and challenging It will be of deep interest to students tutors and researchers in education policy studies and related fields and to those who are involved in training or becoming the educators of the future The contributors are Peter McLaren William Pinar Mike Cole Lisa Isherwood Elizabeth Atkinson Tamsin Haggis Sue Clegg Gill Boag Munroe Ros Ollin Victoria

**Marxism and Educational Theory** Mike Cole, 2007-10-18 Mike Cole considers the origins and developments within the evolution of Marxist theory and postmodern theory He analyses how

Marxism and postmodernism are articulated within the sociology of education since its inception up to the present

**Education, Equality and Human Rights** Mike Cole, 2006-08-21 With a new Preface by leading educationist Peter McLaren the updated second edition of this comprehensive book provides an important educational perspective on world wide equality issues for student teachers and teachers at all stages Each of the five equality issues of gender race sexuality disability and social class are covered as areas in their own right and in relation to education Written by experts in each particular field the chapters trace the history of the various issues up to the present and enable readers to assess their continuing relevance in the future

Teacher Education Ulas Kayapinar, 2021-09-22 Teacher education is an increasingly complex and challenging area of research and practice ultimately vital for generations This book imparts insight and directions for both research and practice in teacher education Chapters cover a variety of topics such as collaborative teaching experiences creativity education in curricula innovations in science and technology in education new techniques for learning and teaching subjects such as entrepreneurship history mathematics science technology heritage and early childhood education and using online social platforms in education

**Judith Butler and Education** Deborah Youdell, 2020-04-22 The work of Judith Butler has been at the forefront of both theorising the subject as a product of power and explicating possibilities for political alliances and action that are available to such subjects Mobilising a range of philosophical resources from Hegel and Foucault to Lacan Levinas Wittig and Arendt her work has held a core concern with the way that the subject is made in terms of sex gender and sexuality and has been an invaluable resource in the development of queer theory and thinking about queer practice Butler's scholarly work has been aimed primarily at a philosophical audience yet her insights into the constitution constraint and agency of subjects are profoundly political and have become invaluable resources in feminist queer anti racist and anti capitalist work Over the last two decades she has been a major influence on research concerned with social justice in education and has changed the ways that classroom practices and relationships can be understood transforming the way we think about both teacher and student This collection brings together some of the most outstanding work in education that has developed and applied Butler's work to empirical questions translating her philosophy for an education audience and providing compelling analyses of the ways that the subjects of education are made how inequalities are produced in the minutiae of practice and how education's subjectivated subjects can act politically The chapters in this book were originally published as articles in Taylor and Francis journals

**Thinking with Metaphors in Medicine** Alan Bleakley, 2017-07-06 While medical language is soaked in metaphor and thinking with metaphor is central to diagnostic work medicine that is medical culture clinical practice and medical education outwardly rejects metaphor for objective literal scientific language This thought provoking book argues that this is a misstep and critically considers what embracing the use of metaphors and similes might mean for shaping medical culture and especially the doctor patient relationship in a healthy way Thinking With Metaphors in Medicine explores how metaphors

inhabit medicine sometimes for the better and sometimes for the worse and how these metaphors can be revealed appreciated and understood how diagnostic work utilizes thinking with metaphors how patient doctor communication can be better understood and enhanced as a metaphorical exchange how the landscape of medicine is historically shaped by leading or didactic metaphors such as the body as machine and medicine as war which may conflict with other values or perspectives on healthcare for instance person centred care Outlining the kinds of metaphors and resemblances that inhabit medicine and how they shape practices and identities of doctors colleagues and patients this book demonstrates how the landscape of medicine may be reshaped through metaphor shift It is an important work for all those interested in the use of language and rhetoric in medicine whether hailing from a humanities social science or healthcare background **Self-Study and**

**Diversity** Deborah L. Tidwell, Linda Fitzgerald, 2006 Educators have a responsibility to address equity and access issues inherent in teaching To that end individual chapters address such areas of diversity as race ethnicity gender disability and power as well as broader areas of social justice multiculturalism and ways of knowing Education Teaching **Learning**

**Development in Higher Education** Peter Hartley, John Hilsdon, Christine Keenan, 2010-11-17 This book shows how Learning Development enhances the student experience and promotes active engagement Written by staff from the UK's largest collaborative Centre for Excellence in Teaching and Learning CETL the book includes important insights for everyone interested in supporting student retention progression and success Picturing Mind John Danvers, 2006 In this book the

author takes an unusual multi disciplinary approach to debates about contemporary art and poetry ideas about the mind and its representations and theories of knowledge and being Arts practices are considered as enactments of mind and as transformative modes of consciousness Ideas drawn from poetics philosophy and consciousness studies are used to illuminate the conceptual and aesthetic frameworks of a diverse array of visual artists Themes explored include the interconnectedness of existence art as a way of interrogating appearances identity and otherness art and the self as open work Buddhist concepts of emptiness and suchness scepticism mysticism and the arts and mind in the landscape The book contains an important and distinctive visual dimension with photographs and drawings by the author and texts employing unorthodox syntax and layouts that exemplify the themes under discussion The author hints at a new aesthetics and philosophy of indeterminacy paradox uncertainty and discontinuity a contrarium in which we negotiate our way through the instabilities and contradictions of contemporary life Written in a lively and accessible style this volume is of interest to scholars arts practitioners teachers and to anyone with an interest in art poetry consciousness studies philosophy and nature Artists poets and philosophers discussed include Cy Twombly Helen Chadwick John Ruskin Ad Reinhardt Richard Long James Turrell Anish Kapoor Ian Hamilton Finlay Agnes Martin Land Art Arte Povera Minimalism Charles Olson Kenneth White Robin Blaser Fred Wah Gary Snyder RS Thomas Alice Oswald John Cage Jorge Luis Borges Guy Davenport Kenneth Rexroth Heidegger Marjorie Perloff Thomas McEvelley Merleau Ponty Spinoza Wittgenstein Roland Barthes Umberto Eco David Abram Thomas

Merton Pyrrho Nagarjuna      *Medical Humanities and Medical Education* Alan Bleakley, 2015-03-02 The field of the medical humanities is developing rapidly however there has also been parallel concern from sceptics that the value of medical humanities educational interventions should be open to scrutiny and evidence Just what is the impact of medical humanities provision upon the education of medical students In an era of limited resources is such provision worth the investment This innovative text addresses these pressing questions describes the contemporary territory comprising the medical humanities in medical education and explains how this field may be developed as a key medical education component for the future Bleakley a driving force of the international movement to establish the medical humanities as a core and integrated provision in the medical curriculum proposes a model that requires collaboration between patients artists humanities scholars doctors and other health professionals in developing medical students sensibility clinical acumen based on close noticing and sensitivity ethical professional and humane practice In particular this text focuses upon how medical humanities input into the curriculum can help to shape the identities of medical students as future doctors who are humane caring expressive and creative whose work will be technically sound but considerably enhanced by their abilities to communicate well with patients and colleagues to empathise to be adaptive and innovative and to act as medical citizens in shaping a future medical culture as a model democracy where social justice is a key aspect of medicine Making sense of the new wave of medical humanities in medical education scholarship that calls for a critical medical humanities *Medical Humanities and Medical Education* incorporates a range of case studies and illustrative and practical examples to aid integrating medical humanities into the medical curriculum It will be important reading for medical educators and others working with the medical education community and all those interested in the medical humanities      **Islam in the School Curriculum** Shiraz

education critical theory Marxism globalization and struggles for social justice via the work and theorizing of McLaren

**Curriculum Studies Handbook - The Next Moment** Erik Malewski, 2009-09-10 What comes after the reconceptualization of curriculum studies What is the contribution of the next wave of curriculum scholars Comprehensive and on the cutting edge this Handbook speaks to these questions and extends the conversation on present and future directions in curriculum studies through the work of twenty four newer scholars who explore each in their own unique ways the present moment in curriculum studies To contextualize the work of this up and coming generation each chapter is paired with a shorter response by a well known scholar in the field provoking an intra inter generational exchange that illuminates both historical trajectories and upcoming moments From theorizing at the crossroads of feminist thought and post colonialism to new perspectives that include critical race currere queer southern studies Black feminist cultural analysis post structural policy studies spiritual ecology and East West international philosophies present and future directions in the U S American field are revealed

**Child Labour in Global Society** Paul Close, 2014-05-30 This book presents a novel study of children s compulsory productive educational labour in modern and modernizing societies under globalization and the implications for such matters as children s everyday lives relationships and rights international legal instruments relevant analytical notions including slavery and sociological analysis

**From Technicians to Teachers** Leon Benade, 2012-12-06 From Technicians to Teachers provides theoretical and practical reasons for suggesting that widespread international curriculum reform of the post 1990 period need not deprofessionalise teaching The widely held deprofessionalisation thesis is both compelling and fatalistic leading to a despairing sense that teachers are either no more than technicians or that they can be reprofessionalised through definitions of effective teachers promoted by the reforms However there are many teachers who do not see their work in either of these ways The book is structured around an in depth case study detailing the implementation of The New Zealand Curriculum in that nation one of the best international examples of neoliberal reform Benade argues that curriculum policy can and should be analysed critically while pointing out the dangers for ethical teachers that can exist in national or state curricula Energising and inspiring this book reminds teachers and teacher educators that although they work in a globalised context their own role is fundamental and has a profoundly ethical basis despite the negative impacts of three decades of education reform

**Working with Academic Literacies** Theresa Lillis, Kathy Harrington, 2015-11-04 The editors and contributors to this collection explore what it means to adopt an academic literacies approach in policy and pedagogy Transformative practice is illustrated through case studies and critical commentaries from teacher researchers working in a range of higher education contexts from undergraduate to postgraduate levels across disciplines and spanning geopolitical regions including Australia Brazil Canada Catalu a Finland France Ireland Portugal South Africa the United Kingdom and the United States

**Medical Education for the Future** Alan Bleakley, John Bligh, Julie Browne, 2011-02-21 The purpose of medical education is to benefit patients by improving the work of doctors Patient centeredness is a centuries

old concept in medicine but there is still a long way to go before medical education can truly be said to be patient centered Ensuring the centrality of the patient is a particular challenge during medical education when students are still forming an identity as trainee doctors and conservative attitudes towards medicine and education are common amongst medical teachers making it hard to bring about improvements How can teachers policy makers researchers and doctors bring about lasting change that will restore the patient to the heart of medical education The authors experienced medical educators explore the role of the patient in medical education in terms of identity power and location Using innovative political philosophical cultural and literary critical frameworks that have previously never been applied so consistently to the field the authors provide a fundamental reconceptualisation of medical teaching and learning with an emphasis upon learning at the bedside and in the clinic They offer a wealth of practical and conceptual insights into the three way relationship between patients students and teachers setting out a radical and exciting approach to a medical education for the future The authors provide us with a masterful reconceptualization of medical education that challenges traditional notions about teaching and learning The book critiques current practices and offers new approaches to medical education based upon sociocultural research and theory This thought provoking narrative advances the case for reform and is a must read for anyone involved in medical education David M Irby PhD Vice Dean for Education University of California San Francisco School of Medicine and co author of Educating Physicians A Call for Reform of Medical School and Residency This book is a truly visionary contribution to the Flexner centenary It is compulsory reading for the medical educationalist with a serious concern for the future and for the welfare of patients and learners in the here and now Professor Tim Dornan University of Manchester Medical School and Maastricht University Graduate School of Health Professions Education

**Education, Globalization, and Social Change** Hugh Lauder, 2006 Education is seen as central to economic competitiveness the reduction of poverty and inequality and environmental sustainability The editors have selected key writings that examine the social and economic limits and possibilities of education in addressing these fundamental problems This new reader establishes the field of sociology of education with a particular focus on papers that analyse the nature and extent of globalization in education A general introduction presents the key concepts in the sociology of education and outlines the major theories and debates especially in relation to globalization Each section is accompanied by a part opener explaining and contextualizing the readings within a larger educational and sociological context

The Top Books of the Year Educational Countercultures Confrontations Images Vision The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Paffen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
