Educational Psychology Nathaniel Lees Gage, Margaret M. Bierly, David Charles Berliner, 1975 Principles of Modern Educational Psychology Marwan Abuhewaij, 2010-11-29 In Principles of Modern Educational Psychology author Dr Marwan Abuhewaij presents a compilation of research by many of the best scientists in the field of modern educational psychology. Intended for use as a guide in the subject area for teachers and educational psychologists, this text examines many of the most critical topics of the field today, including the following: A comprehensive view of the educational psychology, its definition, aims, and principles; Methods for preparing behavioral objectives effectively; The stages of a student's development and how to insure their effective educational development; The subject and applications of humanitarian intelligence; Motivation, its importance in educational achievement, and the methods of improving motivation in learners; Principles of Modern Educational Psychology offers an in-depth and effective exploration of how to employ educational psychology effectively in classrooms today. Resources in Education, 1970 Handbook of Psychology, Educational Psychology Irving B. Weiner, William M. Reynolds, Gloria E. Miller, 2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do. This award-winning twelve-volume reference covers every aspect of the ever-fascinating discipline of psychology and represents the most current knowledge in the field. This ten-year revision now covers discoveries based in neuroscience, clinical psychology's new interest in evidence-based practice and mindfulness, and new findings in social, developmental, and forensic psychology. Handbook of Educational Psychology David C. Berliner, Robert C. Calfee, 2004 Sponsored by Division 15 of APA, the second edition of this groundbreaking book has been expanded to 41 chapters that provide unparalleled coverage of this far-ranging field. Internationally recognized scholars contribute up-to-date reviews and critical syntheses of the following areas: foundations and the future of educational psychology; learners' development; individual differences; cognition; motivation; content area teaching; socio-cultural perspectives on teaching and learning; teachers and teaching; instructional design; teacher assessment; and modern perspectives on research methodologies, data, and data analysis. New chapters cover topics such as adult development, self-regulation, changes in knowledge and beliefs, and writing. Expanded treatment has been given to cognition, motivation, and new methodologies for gathering and analyzing data. The Handbook of Educational Psychology, Second Edition, provides an indispensable reference volume for scholars, teacher educators, in-service practitioners, policy makers, and the academic libraries serving these audiences.
