Baldwin,2014-04 In *Great and Noble Jar* Cinda K Baldwin offers the first authoritative study of South Carolina stoneware and traces the ways in which a rich regional tradition emerged from a unique cultural source As Baldwin notes South Carolina's old legislative district of Edgefield an area now comprising Edgefield Aiken and Greenwood counties has long been recognized as the place of origin for an alkaline glazing process that came to characterize pottery produced throughout the lower South The process developed during the early nineteenth century after the poisonous properties of lead glazed stoneware became known Abner Landrum a newspaper editor and scientific farmer was probably the first to combine locally available materials with Chinese glaze formulas to produce this new and safer alkaline glazed stoneware The plantation operations of the Edgefield District Baldwin shows created a demand for large scale food storage and preservation often in containers of huge capacity In response to this need an extensive system of family owned stoneware factories emerged Reflecting the contributions of the many slaves and freed blacks who worked in the industry the objects produced in these

factories often incorporated African designs and techniques. Particularly notable were the grotesques or voodoo jugs wheel thrown vessels onto which the slave potters applied facial features in molded clay. Baldwin pays special attention to the remarkable work of a slave potter named Dave who marked his wares with brief verse inscriptions including this one found on a large food storage container Great Noble Jar hold sheep goat and bear. Tracing the tradition's history through the post Civil War period and the first half of the twentieth century, Baldwin also examines South Carolina pottery outside the Edgefield District and analyzes a variety of decorative treatments and forms. She concludes with a consideration of the decline and renewal of the southern folk pottery tradition. The book is illustrated with nearly two hundred photographs including fifteen color plates, maps and drawings. Complementing earlier studies that focused on Georgia and North Carolina pottery, Great and Noble Jar is a significant contribution to the understanding of this heritage. **The Southern**

The rugged character and indomitable spirit of the early pioneers of Stephen F. Austin's Texas colony had their roots in a turbulent distant past. They fled religious and political oppression in search of a better life in which freedom was of supreme importance. Many came with tales of their former struggles in Londonderry, Ireland during the great siege of terrible massacres and clan rivalries in the times of William Wallace and Robert the Bruce, King of Scotland. They vividly remembered the tribulations of Martin Luther and the deadly religious split with the Catholic Church. More recently, memories of their parents' participation in the American Revolution of dramatic true life scenes such as

depicted in the movie *The Patriot* filled their minds their fathers having ridden along side of the wily Swamp Fox Francis Marion These pioneers associated themselves with men like Travis Crockett Houston and Andrew Jackson Many of these early trailblazers were Scots Irish and German immigrants They were on a westward trek to grasp a special prize to seal Americas Manifest Destiny And that prize they sought was Texas From Jamestown to Texas is the story of these intrepid pioneers and their ancestors who cleared and farmed the land who fought the Indians battled the elements and carved out this wonderful country that we have today
