E-Commerce Law Paul Todd,2017-09-25 This book includes detailed coverage of intellectual property contract encryption and liability issues including allocation of domain names use of metatags and other forms of search engine optimization digital signatures and the position of ISPs and other intermediaries There are case studies on electronic conveyancing and e taxation Though the book is written from a UK perspective comparative material is included from other jurisdictions including America and Singapore in particular Future Data and Security Engineering Tran Khanh Dang,Josef Küng,Makoto Takizawa,Tai M. Chung,2020-11-19 This book constitutes the proceedings of the 7th International Conference on Future Data and Security Engineering FDSE 2020 which was supposed to be held in Quy Nhon Vietnam in November

2020 but the conference was held virtually due to the COVID 19 pandemic The 24 full papers of 53 accepted full papers presented together with 2 invited keynotes were carefully reviewed and selected from 161 submissions The other 29 accepted full and 8 short papers are included in CCIS 1306 The selected papers are organized into the following topical headings security issues in big data big data analytics and distributed systems advances in big data query processing and optimization blockchain and applications industry 4 0 and smart city data analytics and security advanced studies in machine learning for security and emerging data management systems and applications *Global e-commerce* Kenneth L. Kraemer, Jason Dedrick, Nigel P. Melville, Kevin Zhu, 2006-08-17 Are the Internet and e commerce truly revolutionizing business practice This book explodes the transformation myth by demonstrating that the Internet and e commerce are in fact being adapted by firms to reinforce their existing relationships with customers suppliers and business partners Detailed case studies of eight countries show that rather than creating a borderless global economy e commerce strongly reflects existing local patterns of commerce business and consumer preference and its impact therefore varies greatly by country Paradoxically while e commerce is increasing the efficiency effectiveness and competitiveness of firms it is also increasing the complexity of their environments as they have to deal with more business partners and also face greater competition from other firms This incisive analysis of the diffusion and impact of e business provides academic researchers graduates and MBA students with a solid basis for understanding its likely evolution
