because she found so many curious things in them stories for instance of strange events which happened every day in the great city of London and yet never seemed to happen anywhere near where she lived Through the newspapers she found that there were actually men who lived by breaking into peoples houses and stealing all the nice things they could carry away and she read that such men were called burglars When she first began to read about burglars she was very much troubled In the first place she felt rather timid about going to bed at night and in the second place she felt rather sorry for the burglars
