The Life of Edmund Kean [By B.W. Procter] Bryan Waller Procter, 2023-07-18 Edmund Kean was one of the most celebrated actors of his time known for his powerful and emotional performances In this biography Bryan Waller Procter delves into Kean's life exploring his triumphs and tragedies both on and off the stage This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

The Life of Edmund Kean Frederick William Hawkins, 1869

Stanislavsky in Focus,

Stanislavsky in Focus Sharon Marie Carnicke, 2020-12-14 Stanislavsky in Focus brilliantly examines the history and actual premises of Stanislavsky's System separating myth from fact with forensic skill The first edition of this now classic study showed conclusively how the System was gradually transformed into the Method popularised in the 1950s by Lee Strasberg and the Actor's Studio It looked at the gap between the original Russian texts and what most English speaking practitioners still imagine to be Stanislavsky's ideas This thoroughly revised new edition also delves even deeper into the mythical depiction of Stanislavsky as a tyrannical director and teacher yoga the mind body spirit continuum and its role in the System how Stanislavsky used subtexts to hide many of his ideas from Soviet censors The text has been updated to address all of the relevant scholarship particularly in Russia since the first edition was published It also features an expanded glossary on the System's terminology and its historical exercises as well as more on the political context of Stanislavsky's work its links with cognitive science and the System's relation to contemporary developments in actor training It will be a vital part of every practitioner's and historian's library
